[SB 8]

AN ACT ELIMINATING THE REQUIREMENT THAT A RACIAL PROFILING REPORT BE PROVIDED TO THE LEGISLATURE; AND AMENDING SECTION 44-2-117, MCA.

WHEREAS, House Bill No. 142 required interim committees to "review statutorily established advisory councils and required reports of assigned agencies to make recommendations to the next legislature"; and

WHEREAS, following the required review, the Law and Justice Interim Committee voted to make the recommendation contained in this bill.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 44-2-117, MCA, is amended to read:

**"44-2-117. Racial profiling prohibited — definitions — policies — complaints — training.** (1) A peace officer may not engage in racial profiling.

(2) The race or ethnicity of an individual may not be the sole factor in:

(a) determining the existence of probable cause to take into custody or arrest an individual; or

(b) constituting a particularized suspicion that an offense has been or is being committed in order to justify the detention of an individual or the investigatory stop of a motor vehicle.

(3) Each law enforcement agency shall adopt a policy on race-based traffic stops that:

(a) prohibits the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law;

(b) provides for periodic reviews by the law enforcement agency and collection of data that determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency;

(c) if the review under subsection (3)(b) reveals a pattern, requires an investigation to determine whether any peace officers of the law enforcement agency routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law.

(4) (a) Each municipal, county, consolidated local government, and state law enforcement agency shall adopt a detailed written policy that clearly defines the elements constituting racial profiling. Each agency's policy must prohibit racial profiling, require that all stops are lawful under 46-5-401, and require that all stops are documented according to subsection (3) of this section.

(b) The policy must include a procedure that the law enforcement agency will use to address written complaints concerning racial profiling. The complaint procedure must require that:

(i) all written complaints concerning racial profiling be promptly reviewed;

(ii) a person is designated who shall review all written complaints of racial profiling;

(iii) the designated person shall, within 10 days of receipt of a written complaint, acknowledge receipt of the complaint in writing; and

(iv) after a review is completed, the designated person shall, in writing, inform the person who submitted the written complaint and the head of the agency of the results of the review.

(c) The policy must be available for public inspection during normal business hours.

(5) Each municipal, county, consolidated local government, and state law enforcement agency shall require for all of its peace officers cultural awareness training and training in racial profiling. The training program must be certified by the Montana public safety officer standards and training council established in 2-15-2029.

(6) Each law enforcement agency may provide for appropriate counseling and training of any peace officer found to have engaged in race-based traffic stops within 90 days of the review. The course or courses of instruction and the guidelines must stress understanding and respect for racial and cultural differences and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(7) If an investigation of a complaint of racial profiling reveals that a peace officer was in direct violation of the law enforcement agency's written policy prohibiting racial profiling, the law enforcement agency shall take appropriate action against the peace officer consistent with applicable laws, rules, ordinances, or policies.

(8) For the purposes of this section, the following definitions apply:

(a) "Minority group" means individuals of African American, Hispanic, Native American, Asian, or Middle Eastern descent.

(b) "Peace officer" has the meaning provided in 46-1-202.

(c) "Racial profiling" means the detention, official restraint, or other disparate treatment of an individual solely on the basis of the racial or ethnic status of the individual.

~~(9) The department of justice shall make periodic reports to the law and justice interim committee regarding the degree of compliance by municipal, county, consolidated local government, and state law enforcement agencies with the requirements of this section.~~

*(9) The department of justice shall make available to the public information regarding the degree of compliance by municipal, county, consolidated local government, and state law enforcement agencies with the requirements of this section.*

~~(10)~~*(10)* Each law enforcement agency in this state may use federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone."

**Section 1.** Section 15-1-121, MCA, is amended to read:

**"15-1-121. Entitlement share payment — purpose — appropriation.** (1) As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

(b) vehicle, boat, and aircraft taxes and fees pursuant to:

(i) Title 23, chapter 2, part 5;

(ii) Title 23, chapter 2, part 6;

(iii) Title 23, chapter 2, part 8;

(iv) 61-3-317;

(v) 61-3-321;

(vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;

(vii) Title 61, chapter 3, part 7;

(viii) 5% of the fees collected under 61-10-122;

(ix) 61-10-130;

(x) 61-10-148; and

(xi) 67-3-205;

(c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);

(d) district court fees pursuant to:

(i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);

(ii) 25-1-202;

(iii) 25-9-506; and

(iv) 27-9-103;

(e) certificate of title fees for manufactured homes pursuant to 15-1-116;

(f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;

(g) all beer, liquor, and wine taxes pursuant to:

(i) 16-1-404;

(ii) 16-1-406; and

(iii) 16-1-411;

(h) late filing fees pursuant to 61-3-220;

(i) title and registration fees pursuant to 61-3-203;

(j) veterans' cemetery license plate fees pursuant to 61-3-459;

(k) county personalized license plate fees pursuant to 61-3-406;

(l) special mobile equipment fees pursuant to 61-3-431;

(m) single movement permit fees pursuant to 61-4-310;

(n) state aeronautics fees pursuant to 67-3-101; and

(o) department of natural resources and conservation payments in lieu of taxes pursuant to Title 77, chapter 1, part 5.

(3) (a) Except as provided in subsection (3)(b), the total amount received by each local government in fiscal year 2010 as an entitlement share payment under this section is the base component for the fiscal year 2011 distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is

each local government's base component. The sum of all local governments' base components is the fiscal year entitlement share pool.

(b) The total amount received by each local government in fiscal year 2011 as an entitlement share payment under this section is the base component for fiscal year 2012 and 2013 distributions, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is each local government's base component. The sum of all local governments' base components is the fiscal year entitlement share pool.

(4) (a) With the exception of fiscal years 2012 and 2013, the base entitlement share pool must be increased annually by an entitlement share growth rate as provided for in this subsection (4). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year, with the exception of fiscal years 2012 and 2013.

(b) By October 1 of each year, the department shall calculate the growth rate of the entitlement share pool for the current year in the following manner:

(i) The department shall calculate the entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide budgeting and accounting system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsection (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporation income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.

(ii) Except as provided in subsection (4)(b)(iii), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. The entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

(5) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (8). The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources for which reimbursement is provided in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts determined under 15-1-123(2) for local governments, the funding provided for in subsection (8) of this section, and the amounts determined under 15-1-123(4) for tax increment financing districts are statutorily appropriated, as provided in

17-7-502, from the general fund to the department for distribution to local governments. Except for the distribution made under 15-1-123(2)(b), the distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share

pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(4), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) Except for the reimbursement made under 15-1-123(4)(b), one-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

| | | |
|---|---|---|
| Deer Lodge | TIF District 1 | $2,833 |
| Deer Lodge | TIF District 2 | 2,813 |
| Flathead | Kalispell - District 2 | 4,638 |
| Flathead | Kalispell - District 3 | 37,231 |
| Flathead | Whitefish District | 148,194 |
| Gallatin | Bozeman - downtown | 31,158 |
| Missoula | Missoula - 1-1C | ~~250,279~~ *225,251* |
| Missoula | Missoula - 4-1C | 30,009 |
| Silver Bow | Butte - uptown | 255,421 |

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts, from countywide transportation block grants, or from countywide retirement block grants.

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base component, the entitlement share growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

**Section 3.** Section 50-65-102, MCA, is amended to read:

**"50-65-102. Cigarette test method and performance standard — conditions on sale — alternative test method and performance standard.** (1) Except as provided in subsection ~~(8)~~ *(7)*, cigarettes may not be sold or offered for sale in this state or sold or offered for sale to persons located in this state unless:

(a) the cigarettes have been tested in accordance with the test method provided in this section;

(b) the cigarettes meet the performance standard specified in this section;

(c) the manufacturer has filed a written certification with the state fire marshal in accordance with 50-65-103; and

(d) the cigarettes have been marked in accordance with 50-65-104.

(2) (a) Testing of cigarettes must be conducted in accordance with the American society for testing and materials standard E2187-04, the standard test method for measuring the ignition strength of cigarettes.

(b) Testing must be conducted on 10 layers of filter paper.

(c) No more than 25% of the cigarettes tested in a test trial in accordance with this section may exhibit full-length burns. Forty replicate tests compose a complete test trial for each cigarette used.

(d) The performance standards required in subsection (2)(c) may be applied only to a complete test trial.

(e) Written certifications must be based upon testing conducted by a laboratory that has been accredited pursuant to standard ISO/IEC 17025 of the international organization for standardization or another comparable accreditation standard required by the state fire marshal.

(f) Laboratories conducting testing in accordance with this section shall implement a quality control and quality assurance program that includes a procedure for determining the repeatability of the testing results. The repeatability value may not be greater than 0.19.

(g) This section does not require additional testing if cigarettes are tested for any other purpose in a manner that is consistent with this chapter.

(h) Testing performed or sponsored by the state fire marshal to determine a cigarette's compliance with the required performance standard must be conducted in accordance with this section.

(3) Each cigarette listed in a certification submitted pursuant to 50-65-103 that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard provided in this section must have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band must be located at least 15 millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there must be at least two bands fully located at least 15 millimeters from the lighting end and 10 millimeters from the filter end of the tobacco column or, for nonfiltered cigarettes, 10 millimeters from the labeled end of the tobacco column.

(4) (a) A manufacturer of a cigarette that the state fire marshal determines cannot be tested in accordance with the test method prescribed in subsection (2)(a) shall propose a test method and performance standard for the cigarette to the state fire marshal.

(b) Upon approval of the proposed test method and a determination by the state fire marshal that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in subsection (2)(c), the manufacturer may employ that test method and performance standard to certify a cigarette pursuant to 50-65-103.

(c) If the state fire marshal determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in 50-65-102 and the state fire marshal determines that the officials responsible for implementing those requirements have approved the proposed alternative test method and

performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under provisions comparable to this section, the state fire marshal shall authorize the manufacturer to employ the alternative test method and performance standard to certify the cigarette for sale in this state unless the state fire marshal demonstrates a reasonable basis why the alternative test is unacceptable. All other applicable provisions of this section apply to the manufacturer even if the alternative test method and performance standard are authorized.

(5) Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of 3 years and shall make copies of these reports available to the state fire marshal and the attorney general upon written request. A manufacturer who fails to make copies of the reports available within 60 days of receipt of a written request is subject to a civil penalty not to exceed $10,000 for each day after the 60th day that the manufacturer does not make the copies available.

(6) The state fire marshal may adopt a subsequent American society for testing and materials standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns that the same cigarette would exhibit when tested in accordance with the standard provided in subsection (2)(a) and the performance standard in subsection (2)(c).

~~(7) The department of justice shall review the effectiveness of this section and report every 4 years to the legislature the state fire marshal's findings and, if appropriate, submit recommendations for legislation to improve the effectiveness of this section. The report and legislative recommendations may be submitted no later than January 1 of each 4-year period.~~

~~(8)~~*(7)* The requirements of subsection (1) do not prohibit a wholesale dealer or retail dealer from selling the wholesale dealer's or retail dealer's existing inventory of cigarettes on or after May 1, 2008, if the wholesale dealer or retail dealer can establish that state tax stamps were affixed to the cigarettes prior to May 1, 2008, and if the wholesale dealer or retail dealer establishes that the inventory was purchased prior to May 1, 2008, in comparable quantity to the inventory purchased during the same period of the prior year.

~~(9)~~*(8)* Because this chapter is based on New York law, it is the intent of the legislature that this chapter be implemented in accordance with the implementation and substance of the New York executive law section 156-c, fire safety standards for cigarettes."

(a) is not under sentence of death or sentence of life imprisonment without possibility of release;

(b) is unlikely to pose a detriment to the person, victim, or community; and

(c) (i) has a medical condition requiring extensive medical attention; or

(ii) has been determined by a physician to have a medical condition that will likely cause death within 6 months or less.

(2) A person designated ineligible for parole under 46-18-202(2) must have approval of the sentencing judge before being eligible for medical parole. The provisions of this subsection do not apply to a person who is ineligible for medical parole under subsection (1)(a).

(3) Medical parole may be requested by the board, the department, an incarcerated person, or an incarcerated person's spouse, parent, child, grandparent, or sibling by submitting a completed application to the administrator of the correctional institution in which the person is incarcerated. (6) The hearing panel shall require as a condition of medical parole that the person agree to placement in an environment approved by the department during the parole period, including but not limited to a hospital, nursing home, hospice facility, or prerelease center, to intensive supervision, to some other appropriate community corrections facility or program, or to a family home. The hearing panel may require as a condition of parole that the person agree to periodic examinations and diagnoses at the person's expense. Reports of each examination and diagnosis must be submitted to the board and department by the examining physician. If either the board or department determines that the person's medical condition has improved to the extent that the person no longer requires extensive medical attention or is likely to pose a detriment to the person, victim, or community, a hearing panel may revoke the parole and return the person to the custody of the department.

(7) A grant or denial of medical parole does not affect the person's eligibility for nonmedical parole.

The business of purchasing or of purchasing and selling crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide*, using in connection with that business a pipeline of the class subject to this chapter to transport the crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* ~~bought or sold~~, may not be conducted unless the pipeline used in connection with that business is a common carrier within the purview of this chapter and subject to the jurisdiction conferred upon the commission.

(2) It is the duty of the attorney general to enforce this provision by injunction or other adequate remedy."

**Section 3.** Section 69-13-201, MCA, is amended to read:

**"69-13-201. Establishment of rates and operating rules.** (1) The commission may establish and enforce rates of charges and regulations for gathering, transporting, loading, and delivering crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* by common carrier in this state and for the use of storage facilities necessarily incident to the transportation and may prescribe and enforce rules for the government and control of common carriers in respect to their pipelines and receiving, transferring, and loading facilities. The commission shall exercise the power upon petition by any person showing a substantial interest in the subject.

(2) An order establishing or prescribing rates and rules may not be made except after hearing and at least 10 days' and not more than 30 days' notice to the person, firm, corporation, partnership, joint-stock association, or association owning or controlling and operating the pipeline or pipelines affected.

(3) If a rate is filed by any pipeline and a complaint against the rate or a petition to reduce the rate is filed by any shipper and is sustained, in whole or in part, all shippers who have paid the rates filed by the pipeline have the right to reparation or reimbursement of all excess in transportation charges paid, over and above the proper rate as finally determined, on all shipments made after the date of the filing of the complaint."

**Section 4.** Section 69-13-301, MCA, is amended to read:

**"69-13-301. Records and reports.** (1) Common carriers of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* shall make and publish their tariffs under rules that may be prescribed by the commission. The commission shall require the common carriers to make reports and may investigate their books and records kept in connection with the business.

(2) The commission shall require common carrier pipelines to make monthly reports, duly verified under oath, of the total quantities of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* owned by the pipelines, of ~~that~~ *the quantities* held by them in storage for others, and of their unfilled storage capacity. Publicity may not be given by the commission to the reports as to stock of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* on hand of any particular pipeline, but the commission in its discretion may make public the aggregate amounts held by all the pipelines making the reports and of their aggregate storage capacity."

**Section 5.** Section 69-13-302, MCA, is amended to read:

**"69-13-302. Connection and interchange facilities.** (1) Each common carrier shall exchange crude petroleum tonnage, coal tonnage, petroleum or coal products tonnage, or carbon dioxide volume with each similar common carrier. The commission may require connections and facilities for the interchange of the tonnage and volume to be made at every locality reached by both pipelines whenever a necessity for the connections and facilities exists, subject to rates and regulations that may be made by the commission. Any common carrier under similar rules must be required to install and maintain facilities for the receipt and delivery *at all points on the pipeline* of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* ~~of patrons at all points on the pipeline~~.

(2) A carrier may not be required to receive or transport any crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *any* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* except as may be marketable under rules prescribed by the commission. The commission shall make rules for the ascertainment of the amount of water and other foreign matter in crude oil, coal, *or* the products of crude petroleum or coal~~,~~ or *in* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or*

*captures carbon dioxide* tendered for transportation, for deduction for water and foreign matter, and for the amount of deduction to be made for temperature, leakage, and evaporation.

(3) The particular powers delegated to the commission in this section may not be construed to limit the general powers conferred by this chapter."

**Section 6.** Section 69-13-303, MCA, is amended to read:

**"69-13-303. Prohibition of discrimination in rates or service.** (1) Except as provided in subsection (2), a common carrier in its operations may not discriminate between or against shippers in regard to facilities furnished, service rendered, or rates charged under the same or similar circumstances in the transportation of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide*. There may not be any discrimination in the transportation of crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide when any of those products were* produced or purchased by the common carrier directly or indirectly. In this connection the pipeline must be considered as a shipper of the crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or *of* carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide when any of those products were* produced or purchased by the pipeline directly or indirectly and handled through its facilities. A carrier in the operation may not directly or indirectly charge, demand, collect, or receive from any one a greater or lesser compensation for any service rendered than from another for a like and contemporaneous service. Subject to the provisions of this chapter and the rules that may be prescribed by the commission, every common carrier shall receive and transport crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* delivered to it for transportation and shall receive and transport ~~the~~ *any of those* products and perform its other duties with respect to ~~the~~ *any of those* products without discrimination.

(2) The provisions of subsection (1) do not limit the right of the commission to prescribe rates and regulations different from or to some places from other rates or regulations for transportation from or to other places, as it may determine. A carrier is not guilty of discrimination when obeying any order of the commission. When there is offered for transportation more crude petroleum, coal, *or* the products of crude petroleum or coal~~,~~ or carbon dioxide ~~produced in the combustion or gasification of fossil fuels~~ *from a plant or facility that produces or captures carbon dioxide* than can be immediately transported, the products must be equitably apportioned. The commission may make and enforce general or specific regulations in this regard. A common carrier may not at any time be required to receive petroleum or petroleum products for shipments exceeding 3,000 barrels in any 1 day from any person, firm, corporation, or association of persons."

(2) The taxpayer shall prove that a refund is due under subsection (1)(a) or (1)(b).

(3) (a) A refund may not be granted under subsection (1)(a) or (1)(b) unless the taxpayer or a representative of the taxpayer files a written claim with the board of county commissioners within 10 years after the date when the second half of the taxes would have become delinquent if the taxes had not been paid.

(c) A refund may not be made under subsection (1)(c) unless the taxpayer allowed the department of revenue access to the taxpayer's property for the purposes of appraising the property."

**Section 2.** Section 15-36-315, MCA, is amended to read:

**"15-36-315. Credit or refund for overpayment — refund from county — interest on overpayment.** (1) If the department determines that the amount of tax, penalty, or interest due for any taxable period is less than the amount paid, the amount of the overpayment must be credited against any tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) (a) The amount of an overpayment credited against any tax, penalty, or interest due for any tax period or any refund or portion of a refund, which has not been distributed pursuant to 15-36-332, must be withheld from the current distribution made pursuant to 15-36-332.

The county treasurer shall remit the amount demanded within 30 days of the receipt of notice from the department.

~~(4)~~*(3)* Except as provided in subsection ~~(5)~~ *(4)*, interest must be allowed on overpayments at the same rate as is charged on unpaid taxes provided in 15-1-216 beginning from the due date of the return or from the date of overpayment, whichever date is later, to the date on which the department approves refunding or crediting of the overpayment.

~~(5)~~*(4)* (a) Interest may not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

The money may be a reimbursement of miscellaneous program fund expenditures already realized by the district, indirect cost recoveries, or a grant of money for the financing of expenditures to be realized by the district for a special, approved program to be operated by the district. ~~When the money is a reimbursement or a local government severance tax payment, the money may be expended at the discretion of the trustees for school purposes.~~ *When the money is a reimbursement, the money may be expended at the discretion of the trustees for school purposes.* When the money is a grant, the money must be expended according to the conditions of the program approval by the superintendent of public instruction or any other approval agent. **Section 4.** Section 20-10-144, MCA, is amended to read:

**"20-10-144. Computation of revenue and net tax levy requirements for district transportation fund budget.** Before the second Monday of August, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted in the budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency

amount on the budget must be reduced to the limitation amount and used in this determination of the schedule amount; plus

(e) any estimated costs for transporting a child out of district when the child has mandatory approval to attend school in a district outside the district of residence.

(2) (a) The schedule amount determined in subsection (1) or the total transportation fund budget, whichever is smaller, is divided by 2 and is used to determine the available state and county revenue to be budgeted on the following basis:

(i) one-half is the budgeted state transportation reimbursement; and

(ii) one-half is the budgeted county transportation fund reimbursement and must be financed in the manner provided in 20-10-146.

(b) When the district has a sufficient amount of fund balance for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and fund balance reappropriated must be used to reduce the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of 20 U.S.C. 7701, et seq., or other anticipated federal money received in lieu of that federal act;

(b) anticipated payments from other districts for providing school bus transportation services for the district;

(c) anticipated payments from a parent or guardian for providing school bus transportation services for a child;

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4);

(f) anticipated oil and natural gas production taxes;

~~(g) anticipated local government severance tax payments for calendar year 1995 production;~~

~~(h)~~*(g)* anticipated transportation payments for out-of-district pupils under the provisions of 20-5-320 through 20-5-324;

~~(i)~~*(h)* school district block grants distributed under 20-9-630;

~~(j)~~*(i)* any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

~~(k)~~*(j)* any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying

transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The transportation fund levy requirements determined in subsection (4) for each district must be reported to the county commissioners on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values by the county superintendent as the transportation fund levy requirements for the district, and the levy must be made by the county commissioners in accordance with 20-9-142."

**Section 5.** Section 20-10-146, MCA, is amended to read:

**"20-10-146. County transportation reimbursement.** (1) The apportionment of the county transportation reimbursement by the county superintendent for school bus transportation or individual transportation that is actually rendered by a district in accordance with this title, board of public education transportation policy, and the transportation rules of the superintendent of public instruction must be the same as the state transportation reimbursement payment, except that:

(a) if any cash was used to reduce the budgeted county transportation reimbursement under the provisions of 20-10-144(2)(b), the annual apportionment is limited to the budget amount;

(b) when the county transportation reimbursement for a school bus has been prorated between two or more counties because the school bus is conveying pupils of more than one district located in the counties, the apportionment of the county transportation reimbursement must be adjusted to pay the amount computed under the proration; and

(c) when county transportation reimbursement is required under the mandatory attendance agreement provisions of 20-5-321.

(2) The county transportation net levy requirement for the financing of the county transportation fund reimbursements to districts is computed by:

(a) totaling the net requirement for all districts of the county, including reimbursements to a special education cooperative or prorated reimbursements to joint districts or reimbursements under the mandatory attendance agreement provisions of 20-5-321;

(b) determining the sum of the money available to reduce the county transportation net levy requirement by adding:

(i) anticipated money that may be realized in the county transportation fund during the ensuing school fiscal year;

(ii) oil and natural gas production taxes;

~~(iii) anticipated local government severance tax payments for calendar year 1995 production;~~

(c) subtracting the money available, as determined in subsection (2)(b), to reduce the levy requirement from the county transportation net levy requirement.

(3) The net levy requirement determined in subsection (2)(c) must be reported to the county commissioners on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values by the county superintendent, and a levy must be set by the county commissioners in accordance with 20-9-142.

(4) The county superintendent of each county shall submit a report of the revenue amounts used to establish the levy requirements to the superintendent of public instruction on or before September 15. The report must be completed on forms supplied by the superintendent of public instruction.

(5) The county superintendent shall apportion the county transportation reimbursement from the proceeds of the county transportation fund. The county superintendent shall order the county treasurer to make the apportionments in accordance with 20-9-212(2) and after the receipt of the semiannual state transportation reimbursement payments."

**Section 7.** Section 32-1-383, MCA, is amended to read:

**"32-1-383. Acquisition of ~~financial institution~~ *bank or bank holding company* by bank holding company not located in this state — limitations.** (1) A bank holding company with headquarters in another state may acquire control of a bank located in this state through acquisition of a ~~financial institution~~ *bank or bank holding company* if the *acquiring* bank holding company complies with 32-1-381*,* ~~through~~ 32-1-384*, and this section*. The bank to be acquired must:

(a) have been conducting business for a continuous period of at least 5 years prior to the effective date of the acquisition; or

(b) be a shell bank organized solely for the purpose of purchasing the assets of a bank that has conducted business for a continuous period of at least 5 years prior to the acquisition.

(2) A bank holding company may acquire control of a bank located in this state by purchase of stock in or by merger with a bank holding company.

(3) A bank, a bank holding company, or a subsidiary of the bank or bank holding company may not acquire control of a bank located in this state if the bank, bank holding company, or subsidiary together with its affiliates would directly or indirectly control more than 22% of the total amount of deposits of insured depository institutions and credit unions located in this state.

(4) The determination of the limit contained in subsection (3) must be based upon public reports filed with the appropriate regulatory agency as of the December 31 preceding the submission to the appropriate federal banking regulatory agency of the application seeking prior approval of the acquisition of control of the bank."

**Section 8.** Section 32-1-384, MCA, is amended to read:

**"32-1-384. Federal applications — comments.** (1) A bank holding company shall file with the department a copy of applications submitted to a federal banking regulatory agency seeking prior approval of the proposed acquisition of a ~~financial institution~~ *bank or bank holding company* located in this state. The *acquiring* bank holding company shall also file a statement verifying that the acquisition will not result in a violation of the limit in 32-1-383(3).

(2) The applications and statement are public records, and the department shall allow public inspection of all nonconfidential portions of the applications and statements. The department shall solicit public comment on the applications by promptly publishing notice of the applications in a newspaper of general circulation in the county in which the ~~financial institution~~ *bank or bank holding company* to be acquired is located. The department shall send the comments to the appropriate federal banking regulatory agency. The department may intervene in or take other action in a federal banking regulatory authority proceeding."

**Section 9.** Section 32-1-506, MCA, is amended to read:

**"32-1-506. Assessment on capital stock to make good impairment.** (1) When the department determines that an impairment of capital exists in a bank, it may notify the board of directors of the bank by written notice that the impairment exists, stating the amount of the impairment in dollars and percentage of the capital stock, and it may order the board to make good the impairment within 90 days from date of the notice.

(2) The board of directors shall, upon receipt of notice, convene and pass a resolution reciting the receipt of the notice of impairment and calling a special meeting of the stockholders of the bank in the manner provided in their bylaws.

(3) The stockholders at the meeting shall pass a resolution reciting the facts of receipt of notice from the department, notice of impairment, and notice of meeting and assessing themselves by assessing the stock of record. Payment of the assessment must be made within the time limit specified by the department in *the* notice of impairment.

(4) If there is any stock remaining on which the assessment is not paid as provided in this section, the stock or a part of the stock that is necessary to pay the assessment must be sold by the board of directors, acting through the cashier or secretary of the bank, at public or private sale, as appears best for all concerned, not less than 30 days after the day fixed for payment of assessment. Notice of the time and place of the sale must be given by certified mail to the stockholders by the board through its cashier or secretary at least ~~10~~ *14* days prior to the sale. A sale of stock as provided in this section causes an absolute cancellation of the outstanding certificate or certificates evidencing the stock sold and makes them void in the hands of the stockholder or the stockholder's assigns or pledgees. A new certificate must be issued by the bank to the purchaser for the number of shares purchased, and a new certificate must be issued to the stockholder of record and delivered to the stockholder or any pledgee or assignee of the stock for the remaining shares, if any. The record of the original certificate sold must be marked canceled on the books of the bank, and that record is prima facie evidence of the regularity of the proceedings for the sale of the stock.

(5) If a bank fails to make good its capital impairment upon demand of the department, as provided in this section, the department may immediately take charge of that bank and proceed to liquidate it as in the case of insolvency.

(6) If the stock does not sell for enough to pay the assessment on it, the board of directors may sue in the name of the corporation to collect the deficiency from the stockholder of record whose stock has been sold for the assessment."

**Section 10.** Section 32-1-516, MCA, is amended to read:

**"32-1-516. Recourse of aggrieved bank — injunction.** (1) A bank aggrieved by the action of the department in taking possession of its assets or closing its doors may, within ~~10~~ *14* days after possession has been taken, apply to the district court of the county in which its principal place of business is located, or to the judge of that court in chambers, to enjoin further proceedings by the department.

(2) The court or the judge in chambers, after notifying the department to appear at a specified time and place to show cause why further proceedings should not be enjoined and after hearing the allegations and proofs of the parties and determining facts, may on the merits dismiss the application or enjoin the department from further proceeding and direct it to surrender the business and assets of the bank.

(3) The application for injunction may be heard at any time after 5 days' notice from the time of service on the department, in the discretion of the court, or at any time prior to then by the consent of the department.

(4) Application shall be made on the verified complaint of the bank, in the form used in civil actions, and a copy of the complaint shall be served on the department with the order to show cause.

(5) The department shall, at least 2 days before the time set for hearing, file with the court and serve upon counsel for plaintiff an answer to the complaint, also in the form used in civil actions. Any questions raised by motion in other actions may be raised in the answer.

(6) On the issues raised by the complaint and answer, the court or the judge at chambers, at the time fixed for showing cause, shall try the matter on the merits by hearing the allegations and proofs of the parties and shall enter judgment, as in the trial of other civil actions.

(7) If the department makes no appearance in the time allowed, the court shall enter its default and proceed to hear the proofs of the plaintiff as in civil actions under similar circumstances and enter judgment accordingly. The judgment entered either after hearing on the merits or by default is a final judgment.

(8) During the pendency of litigation the department shall take that action in relation to the assets of the bank which is necessary to conserve them."

**Section 11.** Section 32-1-904, MCA, is amended to read:

**"32-1-904. Temporary cease and desist order — grounds for issuance — effective date — injunctive relief.** (1) Whenever the director determines that any violation or threatened violation or any unsafe or unsound practice specified in the notice of charges served upon the institution pursuant to 32-1-902(1) or the continuation thereof is likely to cause insolvency or substantial dissipation of assets or earnings of the institution or is likely to otherwise seriously prejudice the interests of its depositors, the director may issue a temporary order requiring the institution to cease and desist from ~~such~~ *the* violation or practice. ~~Such~~ *The* order ~~shall~~ *must* contain a statement of the facts constituting the alleged violation or unsafe or unsound practice. The order is effective upon service *of the order* upon the institution and unless set aside, limited, or suspended by a court in proceedings authorized by subsection (2) ~~of this section~~ remains effective and enforceable until the completion of the

administrative proceedings pursuant to ~~such~~ *the* notice of charges, until the director dismisses the charges specified in the notice, or until a cease and desist order ~~which~~ *that* is issued against the institution after the hearing becomes effective.

(2) Within ~~10~~ *14* days after the institution has been served with a temporary cease and desist order, the institution may apply to the district court for the county in which the home office of the institution is located for an injunction setting aside, limiting, or suspending the enforcement, operation, or effectiveness of the order pending the completion of the administrative proceedings held pursuant to the notice of charges served upon the institution under 32-1-902(1). The court has jurisdiction to issue the injunction."

**Section 12.** Section 32-1-907, MCA, is amended to read:

**"32-1-907. Suspension or prohibition effective upon service — stay.** (1) With respect to any board member or officer of an institution or any other person to whom notice is sent pursuant to 32-1-905, if the director considers it necessary for the protection of the institution or the interests of its depositors that the board member, officer, or other person be suspended from office or prohibited from further participation in any manner in the conduct of the affairs of the institution, the director may serve upon the board member, officer, or other person a written notice suspending the member, officer, or person from office or prohibiting the member, officer, or person from further participation in any manner in the conduct of the affairs of the institution. The notice must contain a statement of the facts constituting grounds for the order and must fix a time, not later than ~~10~~ *14* days from the date of the service of the notice, at which a hearing will be held to afford the board member, officer, or other person the opportunity to respond. The suspension or prohibition is effective upon service of the notice and unless stayed by a court in proceedings authorized by subsection (2) remains in effect until the completion of the administrative proceedings pursuant to the notice served under 32-1-904, until the time that the director dismisses the charges specified in the notice, or until the order of removal or prohibition that is issued against the board member, officer, or other person becomes effective. Copies of the notice must also be served upon the institution of which the person is a director or officer or in the conduct of whose affairs the person has participated.

(2) Within ~~10~~ *14* days after the hearing provided for in subsection (1), the board member, officer, or other person may apply to the district court for the county in which the home office of the institution is located for a stay of the suspension or prohibition pending the completion of the administrative proceedings pursuant to the notice served upon the board member, officer, or other person under 32-1-904. The court has jurisdiction to stay the suspension or prohibition."

**Section 13.** Section 32-1-908, MCA, is amended to read:

**"32-1-908. Felony charges — suspension or prohibition.** (1) Whenever any board member or officer of an institution or other person participating in the conduct of the affairs of an institution is charged in any information, indictment, warrant, or complaint authorized by a county, state, or federal authority with the commission of or participation in a felony involving dishonesty or breach of trust, the director by written notice served upon the board member, officer, or other person may suspend that individual from office or prohibit that individual from further participation in any manner in the conduct of the affairs of the institution. Suspension is effective upon service upon the individual. The notice must contain a statement of the facts constituting grounds for the order and

must fix a place and time, not later than ~~10~~ *14* days from the date of the notice, at which a hearing will be held to afford the board member, officer, or other person the opportunity to respond. A copy of the notice must also be served upon the institution. The suspension or prohibition remains in effect until the information, indictment, warrant, or complaint is finally disposed of or until terminated by the director.

(2) Within ~~10~~ *14* days after the hearing provided for in subsection (1), the board member, officer, or other person may apply to the district court for the county in which the home office of the institution is located for a stay of the suspension or prohibition pending the completion of the criminal proceedings initiated by the information, indictment, warrant, or complaint. The court has jurisdiction to stay the suspension or prohibition.

(3) If a judgment of conviction with respect to the offense is entered against the board member, officer, or other person and at the time that the judgment is not subject to further appellate review, the director may issue and serve upon the board member, officer, or other person an order removing that individual from office or prohibiting that individual from further participation in any manner in the conduct of the affairs of the institution except with the consent of the director. A copy of the order must also be served upon the institution, and upon receipt the board member or officer ceases to be a board member or officer of the institution. A finding of not guilty or other disposition of the charge does not preclude the director from instituting proceedings to suspend or remove the board member, officer, or other person from office or to prohibit further participation in the affairs of the institution pursuant to 32-1-905 or 32-1-906."

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 61-8-351, MCA, is amended to read:

**"61-8-351. Meeting or passing school bus — vehicle operator liability for violation — penalty.** (1) Upon overtaking from either direction a school bus that has stopped on the highway or street to receive or discharge school children, a driver of a motor vehicle:

(a) shall stop the motor vehicle not less than approximately ~~15~~ *30* feet before reaching the school bus when there is in operation on the bus a visual flashing red signal as specified in 61-9-402; and

(b) may not proceed until the children have entered the school bus or have alighted and reached the side of the highway or street and until the school bus ceases operation of its visual flashing red signal.

(2) The driver of a motor vehicle shall slow to a rate of speed that is reasonable under the conditions existing at the point of operation and must be prepared to stop when meeting or overtaking from either direction a school bus that is preparing to stop on the highway or street to receive or discharge school children as indicated by flashing amber lights as specified in 61-9-402.

(3) Each bus used for the transportation of school children must bear upon the front and rear plainly visible signs containing the words "SCHOOL BUS" in letters not less than 8 inches in height and, in addition, must be equipped with visual signals meeting the requirements of 61-9-402. Amber flashing lights

must be actuated by the driver approximately 150 feet in cities and approximately 500 feet in other areas before the bus is stopped to receive or discharge school children on the highway or street. Red lights must be actuated by the driver of the school bus whenever but only whenever the school bus is stopped on the highway or street whether inside or outside the corporate limits of any city or town to receive or discharge school children. However, a school district board of trustees may, in its discretion, adopt a policy prohibiting the operation of amber or red lights when a school bus is stopped at the school site to receive or discharge school children and the receipt or discharge does not involve street crossing by the children. The lights may not be operated in violation of that policy.

(4) The requirements that a driver of a motor vehicle shall stop when a school bus receives or discharges school children under subsection (1) and the requirements that amber and red lights must be actuated by a school bus driver under subsection (3) do not apply when a school bus receives or discharges school children in a designated school bus pullout on a state highway. A designated school bus pullout must meet the following requirements:

(a) The pullout must be located on a roadway separated by a physical barrier, such as a guardrail, raised median, drainage ditch, or irrigation ditch.

(b) The separate roadway must be designed, constructed, and signed specifically for use by school buses, with sufficient space for safe ingress and egress from the main traveled way.

(c) The pullout must be approved by the local affected school district, by a resolution of the district trustees, and by the district superintendent as a mandatory school bus stop for receiving and discharging school children.

(5) When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school or for school functions, all markings on the bus indicating "SCHOOL BUS" must be covered or concealed.

(6) The driver of a motor vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus that is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone that is a part of or adjacent to the highway and where pedestrians are not permitted to cross the roadway.

(7) (a) A person who observes a violation of this section may prepare a written, in addition to an oral, report indicating that a violation has occurred. The report may contain information concerning the violation, including:

(i) the time and approximate location at which the violation occurred;

(ii) the license plate number and color of the motor vehicle involved in the violation;

(iii) identification of the motor vehicle as a passenger car, truck, bus, motorcycle, or other type of motor vehicle; and

(iv) a description of the person operating the motor vehicle when the violation occurred.

(b) A report under subsection (7)(a) constitutes particularized suspicion under 46-5-401(1) that an operator of the vehicle committed a violation of this section.

(8) Violation of subsection (1) is punishable upon conviction by a fine of not more than $500."

Prior to and during the development of an agreement, the department shall ensure the participation of the tribal government in the development of a plan for any county that serves an Indian reservation.~~

~~(2) All objections made by the board of county commissioners pursuant to subsection (1) must be presented to the department in writing. AN ACT BROADENING THE LIST OF PERSONS TO WHOM THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES MAY RELEASE CHILD ABUSE OR NEGLECT CASE RECORDS; REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO PROVIDE SPECIFIED INFORMATION UPON REQUEST FROM ANY REPORTER OF ALLEGED CHILD ABUSE OR NEGLECT; AND AMENDING SECTIONS 41-3-202 AND 41-3-205, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 41-3-202, MCA, is amended to read:

**"41-3-202. Action on reporting.** (1) Upon receipt of a report that a child is or has been abused or neglected, the department shall promptly assess the information contained in the report and make a determination regarding the level of response required and the timeframe within which action must be initiated. If the department determines that an investigation is required, a social worker, the county attorney, or a peace officer shall promptly conduct a thorough investigation into the circumstances surrounding the allegations of

abuse or neglect of the child. The investigation may include an investigation at the home of the child involved, the child's school or day-care facility, or any other place where the child is present and into all other nonfinancial matters that in the discretion of the investigator are relevant to the investigation. In conducting an investigation under this section, a social worker may not inquire into the financial status of the child's family or of any other person responsible for the child's care, except as necessary to ascertain eligibility for state or federal assistance programs or to comply with the provisions of 41-3-446.

(2) An initial investigation of alleged abuse or neglect may be conducted when an anonymous report is received. However, the investigation must within 48 hours result in the development of independent, corroborative, and attributable information in order for the investigation to continue. Without the development of independent, corroborative, and attributable information, a child may not be removed from the home.

(3) The social worker is responsible for assessing the family and planning for the child. If the child is treated at a medical facility, the social worker, county attorney, or peace officer, consistent with reasonable medical practice, has the right of access to the child for interviews, photographs, and securing physical evidence and has the right of access to relevant hospital and medical records pertaining to the child. If an interview of the child is considered necessary, the social worker, county attorney, or peace officer may conduct an interview of the child. The interview may be conducted in the presence of the parent or guardian or an employee of the school or day-care facility attended by the child.

(4) Subject to 41-3-205(3), if the child's interview is audiotaped or videotaped, an unedited audiotape or videotape with audio track must be made available, upon request, for unencumbered review by the family.

(5) (a) If from the investigation the department has reasonable cause to suspect that the child suffered abuse or neglect, the department may provide emergency protective services to the child, pursuant to 41-3-301, or voluntary protective services pursuant to 41-3-302, and may provide protective services to any other child under the same care. The department shall:

(i) after interviewing the parent or guardian, if reasonably available, document its determination regarding abuse or neglect of a child; and

(ii) notify the child's family of its investigation and determination, unless the notification can reasonably be expected to result in harm to the child or other person.

(b) If from the investigation it is determined that the child has not suffered abuse or neglect and the initial report is determined to be unfounded, the department and the social worker, county attorney, or peace officer who conducted the investigation into the circumstances surrounding the allegations of abuse or neglect shall destroy all of their records concerning the report and the investigation. The destruction must be completed within 30 days of the determination that the child has not suffered abuse or neglect.

(c) (i) If the report is unsubstantiated, the department and the social worker who conducted the investigation into the circumstances surrounding the initial allegations of abuse or neglect shall destroy all of the records, except for medical records, concerning the unsubstantiated report and the investigation within 30 days after the end of the 3-year period starting from the date the report was determined to be unsubstantiated, unless:

(A) there had been a previous or there is a subsequent substantiated report concerning the same person; or

(B) an order has been issued under this chapter based on the circumstances surrounding the initial allegations.

(ii) A person who is the subject of an unsubstantiated report that was made prior to October 1, 2003, and after which a period of 3 years has elapsed without there being submitted a subsequent substantiated report or an order issued under this chapter based on the circumstances surrounding the initial allegations may request that the department destroy all of the records concerning the unsubstantiated report as provided in subsection (5)(c)(i).

(6) The investigating social worker, within 60 days of commencing an investigation, shall also furnish a written report to the department and, upon request, to the family. Subject to subsections (5)(b) and (5)(c), the department shall maintain a record system documenting investigations and determinations of child abuse and neglect cases.

(7) Any person reporting abuse or neglect that involves acts or omissions on the part of a public or private residential institution, home, facility, or agency is responsible for ensuring that the report is made to the department.

*(8) The department shall, upon request from any reporter of alleged child abuse or neglect, verify whether the report has been received, describe the level of response and timeframe for action that the department has assigned to the report, and confirm that it is being acted upon.*"

The buyer's written acknowledgment, conforming to the requirements of 31-1-232, of delivery of a copy of a contract, in any action or proceeding by or against a holder of the contract without knowledge to the contrary when the holder purchases the contract, must be conclusive proof:*

*(a) of the delivery;*

*(b) that the contract when signed did not contain any blank spaces except as provided in this subsection (7); and*

*(c) of compliance with 31-1-231 through 31-1-236.* ~~The buyer's written acknowledgment, conforming to the requirements of 31-1-232, of delivery of a copy of a contract must, in any action or proceeding by or against a holder of the contract without knowledge to the contrary when the holder purchases the contract, be conclusive proof:~~

**Section 7.** Section 31-1-232, MCA, is amended to read:

**"31-1-232. Buyer's right of rescission.** The seller shall deliver to the buyer *in person* or mail to the buyer at the address shown in the contract a copy of the contract, signed by the seller. *If the contract is mailed, the seller shall retain proof of delivery.* Until the seller delivers or mails the contract, a buyer who has not received delivery of the goods or been furnished the services has the right to rescind the agreement and to receive a refund of all payments made and return of all goods traded in to the seller on account of or in contemplation of the contract or, if the goods cannot be returned, the value of the goods. Any acknowledgment by the buyer of *personal* delivery of a copy of the contract *signed by the seller* must be *conspicuous* ~~in a size equal to at least 10-point bold type~~ and, if contained in the contract, must appear directly above the buyer's signature."

The delinquency charge expressed in this subsection (1) as a simple interest rate represents a method of calculating a fixed delinquency charge and is not interest.*

*(2) This section does not preclude a holder of a retail installment contract or retail charge account agreement from collecting, in addition to the delinquency charge, regularly accruing interest at the current contract rate applicable under the terms of the buyer's and seller's contract, provided the contract was made on simple interest and is not a precomputed contract.*

*(3)* ~~In addition to a delinquency charge, the~~ *A retail installment* contract may provide for the payment of *both a delinquency charge as permitted in subsection (1) and* attorney fees not exceeding 15% of the amount due and payable under the contract when the contract is referred for collection to an attorney not a salaried employee of the holder of the contract and for court costs and actual and reasonable out-of-pocket expenses incurred in connection with the delinquency."

**Section 9.** Section 31-1-236, MCA, is amended to read:

**"31-1-236. Notice and receipt of payment.** (1) Upon written request from the buyer, the holder of a retail installment contract shall give or forward to the buyer a written statement of the dates and amounts of payments and the total amount unpaid under the contract. A buyer must be given a written receipt for any payment when made in cash.

(2) After payment of all sums for which the buyer is obligated under a contract ~~and upon written demand made by the buyer~~, the holder shall deliver or mail to the buyer, at the buyer's last-known address, one or more good and sufficient instruments to acknowledge payment in full and shall release all security in the goods or in any collateral security."

(3) The finance charge must be computed from month to month (which need not be a calendar month) or over another regular billing cycle period by using either:

(a) the average daily balance in the account in the billing cycle period; or

(b) the ending balance of the account as of the last day of the billing cycle period less the amount of total purchases charged to the account during that billing cycle.

(4) A seller may change the terms of a revolving charge account whether or not the change is authorized by prior agreement. The seller shall give the buyer written notice of any change ~~in the billing cycle~~ *at least 45 days before* ~~prior to~~ the effective date of the change.

(5) If the retail seller increases the finance charge on a retail charge account agreement, then the increased rate may only be applied to the balance consisting of purchases on other charges incurred on or after the effective date of the increase.

(6) For purposes of determining the balance to which the increased rate applies, all payments may be considered to be applied to the balance existing prior to the change in rate until that balance is paid in full.

The refund amount is the portion of the original finance charge that is applicable to all fully unexpired months in the contract as originally scheduled or, if deferred, as deferred, following the date of prepayment.*

~~(2) In a contract where the period of the contract does not exceed 61 months, the amount of such refund shall represent at least as great a proportion of the finance charge as the sum of the monthly time balances beginning 1 month after prepayment is made bears to the sum of all the monthly time balances under the schedule of payment in the contract. Where the amount of credit is less than $1, no refund need be made.~~

~~(3) In any contract where the period of the contract exceeds 61 months, the amount of such refund is the portion of the original finance charge that is applicable to all fully unexpired months in the contract as originally scheduled or, if deferred, as deferred, following the date of prepayment. **"53-6-402. Medicaid-funded home and community-based services — waivers — funding limitations — populations — services — providers — long-term care preadmission screening — powers and duties of department — rulemaking authority.** (1) The department may obtain waivers of federal medicaid law in accordance with section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, and administer programs of home and community-based services funded with medicaid money for categories of persons with disabilities or persons who are elderly.

(5) The department may initiate and operate a home and community-based services program to more efficiently apply available state general fund money, other available state and local public and private money, and federal money to the development and maintenance of medicaid-funded programs of health care and related services and to structure those programs for more efficient and effective delivery to specific populations.

(6) The department, in establishing programs of home and community-based services, shall administer the expenditures for each program

(7) The department may consider the following populations or subsets of populations for home and community-based services programs:

(8) For each authorized program of home and community-based services, the department shall set limits on overall expenditures and enrollment and limit expenditures as necessary to conform with the requirements of section 1915 of Title XIX of the Social Security Act, 42 U.S.C. 1396n, and the conditions placed upon approval of a program authorized through a waiver of federal law by the U.S. department of health and human services.

(d) The long-term care preadmission screenings must include a determination of whether the person needs specialized ~~mental retardation~~ *intellectual disability* or mental health treatment while residing in the facility.

(12) The department may adopt rules necessary to implement the long-term care preadmission screening process as required by section 1919 of Title XIX of the Social Security Act, 42 U.S.C. 1396r. The rules must provide criteria, procedures, schedules, delegations of responsibilities, and other requirements necessary to implement long-term care preadmission screenings.

(5) Residents have a right to receive suitable educational and habilitation services regardless of chronological age, degree of ~~retardation~~ *intellectual disability*, or accompanying disabilities.

(6) Each resident must have an adequate allowance of neat, clean, suitably fitting, and seasonable clothing. Except when a particular kind of clothing is required because of a particular condition, residents must have the opportunity

to select from various types of neat, clean, and seasonable clothing. The clothing must be considered the resident's throughout the resident's stay in the facility. Clothing, both in amount and type, must make it possible for residents to go out of doors in inclement weather, to go for trips or visits appropriately dressed, and to make a normal appearance in the community. The facility shall make provision for the adequate and regular laundering of the residents' clothing.

(7) Each resident has the right to keep and use the resident's own personal possessions except insofar as the clothes or personal possessions may be determined by the individual treatment planning team or the qualified ~~mental retardation~~ *intellectual disability* professional to be dangerous either to the resident or to others.

(8) Each resident has a right to a humane physical environment within the residential facility. The facility must be designed to make a positive contribution to the efficient attainment of the habilitation goals of the resident. To accomplish this purpose:

(a) regular housekeeping and maintenance procedures that will ensure that the facility is maintained in a safe, clean, and attractive condition must be developed and implemented;

(b) pursuant to an established routine maintenance and repair program, the physical plant must be kept in a continuous state of good repair and operation so as to ensure the health, comfort, safety, and well-being of the residents and so as not to impede in any manner the habilitation programs of the residents;

(c) the physical facilities ~~shall~~ *must* meet all fire and safety standards established by the state and locality. In addition, the facility ~~shall~~ *must* meet the provisions of the life safety code of the national fire protection association that are applicable to it.

(d) there must be special facilities for nonambulatory residents to ensure their safety and comfort, including special fittings on toilets and wheelchairs. Appropriate provision must be made to permit nonambulatory residents to communicate their needs to staff.

(9) Residents have a right to receive prompt and adequate medical treatment for any physical or mental ailments or injuries or physical disabilities and for the prevention of any illness or disability. The medical treatment must meet standards of medical practice in the community. However, nothing in this subsection may be interpreted to impair other rights of a resident in regard to involuntary commitment for mental illness, use of psychotropic medication, use of hazardous, aversive, or experimental procedures, or the refusal of treatment.

(10) Corporal punishment is not permitted.

(11) The opportunity for religious worship must be accorded to each resident who desires worship. Provisions for religious worship must be made available to all residents on a nondiscriminatory basis. An individual may not be compelled to engage in any religious activities.

(12) Residents have a right to a nourishing, well-balanced diet. The diet for residents must provide at a minimum the recommended daily dietary allowance as developed by the national academy of sciences. Provisions must be made for special therapeutic diets and for substitutes at the request of the resident, the resident's parents, guardian, or next of kin, or the responsible person appointed by the court in accordance with the religious requirements of any resident's faith. Denial of a nutritionally adequate diet may not be used as punishment.

(13) Residents have a right to regular physical exercise several times a week. It is the duty of the facility to provide both indoor and outdoor facilities and

equipment for exercise. Residents have a right to be outdoors daily in the absence of contrary medical considerations.

(14) Residents have a right, under appropriate supervision, to suitable opportunities for the interaction with members of the opposite sex except when the individual treatment planning team or the qualified ~~mental retardation~~ *intellectual disability* professional responsible for the formulation of a particular resident's habilitation plan writes an order to the contrary and explains the reasons for the order. The order must be renewed monthly if the restriction is to be continued."

**Section 15.** Section 53-20-146, MCA, is amended to read:

**"53-20-146. Right not to be subjected to certain treatment procedures.** (1) Residents of a residential facility have a right not to be subjected to unusual or hazardous treatment procedures without the express and informed consent of the resident, if the resident is able to give consent, and of the resident's parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and legal counsel. Proposed procedures must first have been reviewed and approved by the mental disabilities board of visitors before consent is sought.

(2) Physical restraint may be employed only when absolutely necessary to protect the resident from injury or to prevent injury to others. Mechanical supports used to achieve proper body position and balance that are ordered by a physician are not considered a physical restraint. Restraint may not be employed as punishment, for the convenience of staff, or as a substitute for a habilitation program. Restraint may be applied only if alternative techniques have failed and only if the restraint imposes the least possible restriction consistent with its purpose. Use of restraints may be authorized by a physician, a developmental disabilities professional, or a qualified ~~mental retardation~~ *intellectual disability* professional. Orders for restraints must be in writing and may not be in force for longer than 12 hours. Whenever physical restraint is ordered, suitable provision must be made for the comfort and physical needs of the resident restrained.

(3) Seclusion, defined as the placement of a resident alone in a locked room for nontherapeutic purposes, may not be employed. Legitimate "time out" procedures may be used under close and direct professional supervision as a technique in behavior-shaping programs.

(4) Behavior modification programs involving the use of noxious or aversive stimuli must be reviewed and approved by the mental disabilities board of visitors and may be conducted only with the express and informed consent of the affected resident, if the resident is able to give consent, and of the resident's parents or guardian or the responsible person appointed by the court after opportunities for consultation with independent specialists and with legal counsel. These behavior modification programs may be conducted only under the supervision of and in the presence of a qualified ~~mental retardation~~ *intellectual disability* professional who has had proper training.

(5) A resident may not be subjected to a behavior modification program that attempts to extinguish socially appropriate behavior or to develop new behavior patterns when the behavior modifications serve only institutional convenience.

(6) Electric shock devices are considered a research technique for the purpose of this part. Electric shock devices may be used only in extraordinary circumstances to prevent self-mutilation leading to repeated and possibly permanent physical damage to the resident and only after alternative techniques have failed. The use of electric shock devices is subject to the

conditions prescribed by this part for experimental research generally and may be used only under the direct and specific order of a physician and the superintendent of the residential facility."

**Section 16.** Section 53-20-148, MCA, is amended to read:

**"53-20-148. Right to habilitation.** (1) Persons admitted to residential facilities have a right to habilitation, including medical treatment, education, and care suited to their needs, regardless of age, degree of ~~retardation~~ *intellectual disability*, or disabling condition. Each resident has a right to a habilitation program that will maximize the resident's human abilities and enhance the resident's ability to cope with the environment. Every residential facility shall recognize that each resident, regardless of ability or status, is entitled to develop and realize the resident's fullest potential. The facility shall implement the principle of normalization so that each resident may live as normally as possible.

(2) Residents have a right to the least restrictive conditions necessary to achieve the purposes of habilitation. To this end, the facility shall make every attempt to move residents from:

(a) more to less structured living;

(b) larger to smaller facilities;

(c) larger to smaller living units;

(d) group to individual residences;

(e) segregated from the community to integrated into the community living;

(f) dependent to independent living.

(3) Within 30 days of admission to a residential facility, each resident must have an evaluation by appropriate specialists for programming purposes.

(4) Each resident must have an individualized habilitation plan formulated by an individual treatment planning team. This plan must be implemented as soon as possible, but no later than 30 days after the resident's admission to the facility. An interim program of habilitation, based on the preadmission evaluation conducted pursuant to this part, must commence promptly upon the resident's admission. Each individualized habilitation plan must contain:

(a) a statement of the nature of the specific limitations and the needs of the resident;

(b) a description of intermediate and long-range habilitation goals, with a projected timetable for their attainment;

(c) a statement of and an explanation for the plan of habilitation for achieving these intermediate and long-range goals;

(d) a statement of the least restrictive setting for habilitation necessary to achieve the habilitation goals of the resident;

(e) a specification of the professionals and other staff members who are responsible for the particular resident's attaining these habilitation goals;

(f) criteria for release to less restrictive settings for habilitation, based on the resident's needs, including criteria for discharge and a projected date for discharge.

(5) As part of the habilitation plan, each resident must have an individualized postinstitutionalization plan that includes an identification of services needed to make a satisfactory community placement possible. This plan must be developed by the individual treatment planning team that shall begin preparation of the plan upon the resident's admission to the facility and shall complete the plan as soon as practicable. The parents or guardian or next of kin

of the resident, the responsible person appointed by the court, if any, and the resident, if able to give informed consent, must be consulted in the development of the plan and must be informed of the content of the plan.

(6) In the interests of continuity of care, one qualified ~~mental retardation~~ *intellectual disability* professional shall whenever possible be responsible for supervising the implementation of the habilitation plan, integrating the various aspects of the habilitation program, and recording the resident's progress as measured by objective indicators. The qualified ~~mental retardation~~ *intellectual disability* professional is also responsible for ensuring that the resident is released when appropriate to a less restrictive habilitation setting.

(7) The habilitation plan must be reviewed monthly by the qualified ~~mental retardation~~ *intellectual disability* professional responsible for supervising the implementation of the plan and must be modified if necessary. In addition, 6 months after admission and at least annually thereafter, each resident must receive a comprehensive psychological, social, habilitative, and medical diagnosis and evaluation and the resident's habilitation plan must be reviewed and revised accordingly by the individual treatment planning team. A habilitation plan must be reviewed monthly.

(8) Each resident placed in the community must receive transitional habilitation assistance.

(9) The superintendent of the residential facility, or the superintendent's designee, shall report in writing to the parents or guardian of the resident or the responsible person at least every 6 months on the resident's habilitation and medical condition. The report must also state any appropriate habilitation program that has not been afforded to the resident because of inadequate habilitation resources.

(10) Each resident, the parents or guardian of each resident, and the responsible person appointed by the court must promptly upon the resident's admission receive a written copy of and be orally informed of all the above standards for adequate habilitation, the rights accorded by 53-20-142, and other information concerning the care and habilitation of the resident that may be available to assist them in understanding the situation of the resident and the rights of the resident in the facility."

**Section 17.** Section 53-20-161, MCA, is amended to read:

**"53-20-161. Maintenance of records.** (1) Complete records for each resident must be maintained and must be readily available to persons who are directly involved with the particular resident and to the mental disabilities board of visitors. All information contained in a resident's records must be considered privileged and confidential. The parents or guardian, the responsible person appointed by the court, and any person properly authorized in writing by the resident, if the resident is capable of giving informed consent, or by the resident's parents or guardian or the responsible person must be permitted access to the resident's records. Information may not be released from the records of a resident or former resident of the residential facility unless the release of the information has been properly authorized in writing by:

(h) the superintendent of the residential facility or the superintendent's designee as custodian of a resident of that facility whenever release is required by federal or state law or department of public health and human services rules.

(2) Information may not be released by a superintendent or the superintendent's designee as set forth in subsection (1)(f), (1)(g), or (1)(h) less than 15 days after sending notice of the proposed release of information to the resident, the resident's parents or guardian, the attorney who most recently represented the resident, if any, the responsible person appointed by the court, if any, the resident's advocate, if any, and the court that ordered the admission. If any of the parties so notified objects to the release of information, they may petition the court for a hearing to determine whether the release of information should be allowed. Information may not be released pursuant to subsection (1)(f), (1)(g), or (1)(h) unless it is released to further some legitimate need of the resident or to accomplish a legitimate purpose of the facility that is not inconsistent with the needs and rights of the resident. Information may not be released pursuant to subsection (1)(f), (1)(g), or (1)(h) except in accordance with written policies consistent with the requirements of this part adopted by the facility. (k) a summary of the resident's response to the resident's habilitation plan, prepared by a qualified ~~mental retardation~~ *intellectual disability* professional involved in the resident's habilitation and recorded at least monthly. Wherever possible, the response must be scientifically documented.

(l) a monthly summary of the extent and nature of the resident's work activities and the effect of the activity upon the resident's progress in the habilitation plan;

(m) a signed order by a qualified ~~mental retardation~~ *intellectual disability* professional or physician for any physical restraints;

**Section 18.** Section 53-20-164, MCA, is amended to read:

**"53-20-164. Resident labor.** The following rules govern resident labor:

(1) A resident may not be required to perform labor that involves the operation and maintenance of the facility or for which the facility is under contract with an outside organization. Privileges or release from the facility may not be conditioned upon the performance of labor covered by this provision. Residents may voluntarily engage in the labor described in this subsection if the labor is compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(2) A resident may not be involved in the feeding, clothing, bathing, training, or supervision of other residents unless the resident:

(a) has volunteered;

(b) has been specifically trained in the necessary skills;

(c) has the humane judgment required for the activities;

(d) is adequately supervised; and

(e) is reimbursed in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(3) Residents may be required to perform vocational training tasks that do not involve the operation and maintenance of the facility, subject to a presumption that an assignment of longer than 3 months to any task is not a training task, provided that the specific task or any change in task assignment is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by the qualified ~~mental retardation~~ *intellectual disability* professional and the individual treatment planning team responsible for supervising the resident's habilitation; and

(b) supervised by a staff member to oversee the habilitation aspects of the activity.

(4) Residents may voluntarily engage in habilitative labor at nonprogram hours for which the facility would otherwise have to pay an employee if the specific labor or any change in labor is:

(a) an integrated part of the resident's habilitation plan and approved as a habilitation activity by the qualified ~~mental retardation~~ *intellectual disability* professional and the individual treatment planning team responsible for supervising the resident's habilitation;

(b) supervised by a staff member to oversee the habilitation aspects of the activity; and

(c) compensated in accordance with the minimum wage laws of the Fair Labor Standards Act of 1938, 29 U.S.C. 206, as amended.

(5) If a resident performs habilitative labor that involves the operation and maintenance of a facility but due to physical or mental disability is unable to perform the labor as efficiently as a person not so physically or mentally disabled, then the resident may be compensated at a rate that bears the same approximate relation to the statutory minimum wage as the resident's ability to perform that particular job bears to the ability of a person not so afflicted.

(6) Residents may be required to perform tasks of a personal housekeeping nature, such as the making of one's own bed.

(7) Deductions or payments for care and other charges may not deprive a resident of a reasonable amount of the compensation received pursuant to this section for personal and incidental purchases and expenses.

(8) Staffing must be sufficient so that the facility is not dependent upon the use of residents or volunteers for the care, maintenance, or habilitation of other residents or for income-producing services. The facility shall formulate a written policy to protect the residents from exploitation when they are engaged in productive work."

# CHAPTER NO. 70

[HB 179]

AN ACT ALLOWING DISABLED MEMBERS OF THE ARMED FORCES TO QUALIFY FOR CERTAIN HUNTING LICENSES; AND AMENDING SECTION 87-2-803, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 87-2-803, MCA, is amended to read:

**"87-2-803. Persons with disabilities — service members — definitions.** (1) Persons with disabilities are entitled to fish and to hunt game birds, not including turkeys, with only a conservation license if they are residents of Montana not residing in an institution and are certified as disabled as prescribed by departmental rule. A person who has purchased a conservation license and a resident fishing license or game bird license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the fishing license or game bird license previously purchased for that license year. A person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

(2) A resident of Montana who is certified as disabled by the department and who is not residing in an institution may purchase a Class A-3 deer A tag for $6.50 and a Class A-5 elk tag for $8. A person who has purchased a conservation license and a resident deer license or resident elk license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the deer license or elk license previously purchased and reissuance of the license for that license year at the rate established in this subsection.

(3) A person may be certified as disabled by the department and issued a permit to hunt from a vehicle, on a form prescribed by the department, if the person establishes one or more of the disabilities pursuant to subsection (9).

(4) (a) A person with a disability carrying a permit to hunt from a vehicle, referred to in this subsection (4) as a permitholder, may hunt by shooting a firearm from:

(i) the shoulder, berm, or barrow pit right-of-way of a public highway, as defined in 61-1-101, except a state or federal highway;

(ii) within a self-propelled or drawn vehicle that is parked on a shoulder, berm, or barrow pit right-of-way in a manner that will not impede traffic or endanger motorists or that is parked in an area, not a public highway, where hunting is permitted; or

(iii) an off-highway vehicle or snowmobile, as defined in 61-1-101, in any area where hunting is permitted and that is open to motorized use, unless otherwise prohibited by law, as long as the off-highway vehicle or snowmobile is marked as described in subsection (4)(d) of this section.

(b) This subsection (4) does not allow a permitholder to shoot across the roadway of any public highway or to hunt on private property without permission of the landowner.

(c) A permitholder must have a companion to assist in immediately dressing any killed game animal. The companion may also assist the permitholder by hunting a game animal that has been wounded by the permitholder when the permitholder is unable to pursue and kill the wounded game animal.

(d) Any vehicle from which a permitholder is hunting must be conspicuously marked with an orange-colored international symbol of persons with disabilities on the front, rear, and each side of the vehicle, or as prescribed by the department.

Fifty licenses of each license type must be made available annually. Licenses issued to veterans *or disabled members of the armed forces* under this part do not count against the number of special antelope licenses reserved for people with permanent disabilities, as provided in 87-2-706.

(6) (a) A resident of Montana who is certified by the department as experiencing blindness, as defined in 53-7-301, may be issued a lifetime fishing license for the blind upon payment of a one-time fee of $10. The license is valid for the lifetime of the blind individual and allows the licensee to fish as authorized by department rule. An applicant for a license under this subsection need not obtain a wildlife conservation license as a prerequisite to licensure.

(10) Certification by a licensed physician, a licensed chiropractor, an advanced practice registered nurse, or a licensed physician assistant under subsection (9) must be on a form provided by the department.

(11) The department or a person who disagrees with a determination of disability or eligibility for a permit to hunt from a vehicle may request a review by the board of medical examiners pursuant to 37-3-203.

wildlife conservation license or a Class AAA resident combination sports license, which may not include a bear license, upon payment of the resident hunting access enhancement fee provided for in 87-2-202(3)(c), in the license year that the member returns from military service or in the year following the member's return, based on the member's election, and in any of the 4 years after the member's election. A member who participated in a contingency operation after September 11, 2001, that required the member to serve at least 2 months outside of the state may make an election in 2007 or in the year following the member's return, based on the member's election, and in any of the 4 years after the member's election and be entitled to a free resident wildlife conservation license or a free Class AAA resident combination sports license in the year of election and in any of the 4 years after the member's election.

The applicant is responsible for providing documentation showing that the applicant participated in a contingency operation as provided in 10 U.S.C. 101(a)(13).

(c) A Montana resident who meets the service qualifications of subsection (12)(a) and the documentation required in subsection (12)(b) is entitled to a free Class A resident fishing license in the license year that the member returns from military service or in the year following the member's return, based on the member's election, and in any of the 4 years after the member's election.

(d) The department's general license account must be reimbursed by a quarterly transfer of funds from the general fund to the general license account for costs associated with the free licenses granted pursuant to this subsection (12) during the preceding calendar quarter. Reimbursement costs must be designated as license revenue.

(13) A member of the armed forces who forfeited a license or permit issued through a drawing as a result of deployment outside of the continental United States in support of a contingency operation as provided in 10 U.S.C. 101(a)(13) is guaranteed the same license or permit, without additional fee, upon application in the year of the member's return from deployment or in the first year that the license or permit is made available after the member's return."

AN ACT EXEMPTING CERTAIN PUBLIC UTILITIES FROM THE MONTANA RENEWABLE POWER PRODUCTION AND RURAL ECONOMIC DEVELOPMENT ACT; AMENDING SECTION 69-3-2004, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 69-3-2004, MCA, is amended to read:

**"69-3-2004. Renewable resource standard — administrative penalty — waiver.** (1) Except as provided in 69-3-2007 and subsections (11) and (12) of this section, a graduated renewable energy standard is established for public utilities*, except as provided in subsection (13),* and competitive electricity suppliers as provided in subsections (2) through (4) of this section.

(2) In each compliance year beginning January 1, 2008, through December 31, 2009, each public utility and competitive electricity supplier shall procure a minimum of 5% of its retail sales of electrical energy in Montana from eligible renewable resources.

(3) (a) In each compliance year beginning January 1, 2010, through December 31, 2014, each public utility*, except as provided in subsection (13),* and competitive electricity supplier shall procure a minimum of 10% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) ~~Beginning~~ *Beginning* January 1, 2012, as part of their compliance with subsection (3)(a), public utilities shall purchase both the renewable energy

credits and the electricity output from community renewable energy projects that total at least 50 megawatts in nameplate capacity.

(c) Public utilities shall proportionately allocate the purchase required under subsection (3)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2011.

(4) (a) In the compliance year beginning January 1, 2015, and in each succeeding compliance year, each public utility*, except as provided in subsection (13),* and competitive electricity supplier shall procure a minimum of 15% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) (i) As part of their compliance with subsection (4)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least ~~75~~ *75* megawatts in nameplate capacity.

(ii) In meeting the standard in subsection (4)(b)(i), a public utility may include purchases made under ~~subsection~~ *subsection* (3)(b).

(c) Public utilities shall proportionately allocate the purchase required under subsection (4)(b) based on each public utility's *proportion of the total* retail sales of electrical energy *by public utilities* in Montana in the calendar year 2014.

(5) (a) In complying with the standards required under subsections (2) through (4), a public utility or competitive electricity supplier shall, for any given compliance year, calculate its procurement requirement based on the public utility's or competitive electricity supplier's previous year's sales of electrical energy to retail customers in Montana.

(b) The standards in subsections (2) through (4) must be calculated on a delivered-energy basis after accounting for any line losses.

(6) A public utility or competitive electricity supplier has until 3 months following the end of each compliance year to purchase renewable energy credits for that compliance year.

(7) (a) In order to meet the standards established in subsections (2) through (4), a public utility or competitive electricity supplier may only use:

(i) electricity from an eligible renewable resource in which the associated renewable energy credits have not been sold separately;

(ii) renewable energy credits created by an eligible renewable resource purchased separately from the associated electricity; or

(iii) any combination of subsections (7)(a)(i) and (7)(a)(ii).

(b) A public utility or competitive electricity supplier may not resell renewable energy credits and count those sold credits against the public utility's or the competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

(c) Renewable energy credits sold through a voluntary service such as the one provided for in 69-8-210(2) may not be applied against a public utility's or competitive electricity supplier's obligation to meet the standards established in subsections (2) through (4).

(8) Nothing in this part limits a public utility or competitive electricity supplier from exceeding the standards established in subsections (2) through (4).

(9) If a public utility or competitive electricity supplier exceeds a standard established in subsections (2) through (4) in any compliance year, the public utility or competitive electricity supplier may carry forward the amount by

which the standard was exceeded to comply with the standard in either or both of the 2 subsequent compliance years. The carryforward may not be double-counted.

(10) Except as provided in subsections (11) and (12), if a public utility or competitive electricity supplier is unable to meet the standards established in subsections (2) through (4) in any compliance year, that public utility or competitive electricity supplier shall pay an administrative penalty, assessed by the commission, of $10 for each megawatt hour of renewable energy credits that the public utility or competitive electricity supplier failed to procure. A public utility may not recover this penalty in electricity rates. Money generated from these penalties must be deposited in the universal low-income energy assistance fund established in 69-8-412(1)(b).

(11) A public utility or competitive electricity supplier may petition the commission for a short-term waiver from full compliance with the standards in subsections (2) through (4) and the penalties levied under subsection (10). The petition must demonstrate that the:

(a) public utility or competitive electricity supplier has undertaken all reasonable steps to procure renewable energy credits under long-term contract, but full compliance cannot be achieved either because renewable energy credits cannot be procured or for other legitimate reasons that are outside the control of the public utility or competitive electricity supplier; or

(b) integration of additional eligible renewable resources into the electrical grid will clearly and demonstrably jeopardize the reliability of the electrical system and that the public utility or competitive electricity supplier has undertaken all reasonable steps to mitigate the reliability concerns.

(12) (a) Retail sales made by a competitive electricity supplier according to prices, terms, and conditions of a written contract executed prior to April 25, 2007, are exempt from the standards in subsections (2) through (4).

(b) The exemption provided for in subsection (12)(a) is terminated upon modification after April 25, 2007, of the prices, terms, or conditions in a written contract.

*(13) A public utility that served 50 or fewer retail customers in Montana on December 31, 2012, is exempt from the requirements of subsections (2) through (4).*"

**Section 2. Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

**Section 3. Effective date.** [This act] is effective on passage and approval.

**Section 4. Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to the compliance year beginning January 1, 2013.

~~(2)~~*(b)* Except as provided in subsection ~~(5)~~ *(1)(c) and in the absence of an agreement under subsection (2)*, if a worker from another state and the worker's employer from another state are temporarily engaged in work within this state, this chapter does not apply to them:

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 30-2A-103, MCA, is amended to read:

**"30-2A-103. Definitions and index of definitions.** (1) In this chapter, unless the context otherwise requires, the following definitions apply:

(a) "Buyer in ordinary course of business" means a person, who in good faith and without knowledge that the sale to the buyer is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, buys in ordinary course from a person in the business of selling goods of that kind, but the term does not include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes acquiring goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(b) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(c) "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. A commercial unit may be a single article, as a machine; a set of articles, as a suite of furniture or a line of machinery; a quantity, as a gross or carload; or any other unit treated in use or in the relevant market as a single whole.

(d) "Conforming" goods or performance under a lease contract means goods or performance that is in accordance with the obligations under the lease contract.

(e) "Consumer lease" means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee who is an individual and who takes under the lease primarily for a personal, family, or household purpose if the total payments to be made under the lease contract, excluding payments for options to renew or buy, do not exceed $25,000.

(f) "Fault" means wrongful act, omission, breach, or default.

(g) "Finance lease" means a lease with respect to which:

(i) the lessor does not select, manufacture, or supply the goods;

(ii) the lessor acquires the goods or the right to possession and use of the goods in connection with the lease; and

(iii) one of the following occurs:

(A) the lessee receives a copy of the contract by which the lessor acquired the goods or the right to possession and use of the goods before signing the lease contract;

(B) the lessee's approval of the contract by which the lessor acquired the goods or the right to possession and use of the goods is a condition to effectiveness of the lease contract;

(C) the lessee, before signing the lease contract, receives an accurate and complete statement designating the promises and warranties, and any disclaimers of warranties, limitations or modifications of remedies, or

liquidated damages, including those of a third party, such as the manufacturer of the goods, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods; or

(D) if the lease is not a consumer lease, the lessor, before the lessee signs the lease contract, informs the lessee in writing:

(I) of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person;

(II) that the lessee is entitled under this chapter to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods; and

(III) that the lessee may communicate with the person supplying the goods to the lessor and receive an accurate and complete statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

(h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (30-2A-309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances, including course of dealing or usage of trade or course of performance as provided in this chapter. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(l) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this chapter and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(o) "Lessee in ordinary course of business" means a person, who in good faith and without knowledge that the lease to the person is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, leases in ordinary course from a person in the business of selling or leasing goods of that kind, but the term does not include a pawnbroker. "Leasing" may be for cash or by exchange of other property or on secured or unsecured credit and includes acquiring goods or documents of title under a

preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

**Section 3.** Section 30-9A-105, MCA, is amended to read:

**"30-9A-105. Control of electronic chattel paper.** *(1)* A secured party has control of electronic chattel paper if *a system employed for evidencing the transfer of interests in the chattel paper reliably establishes the secured party as the person to which the chattel paper was assigned.*

*(2) A system satisfies subsection (1) if* the record or records comprising the chattel paper are created, stored, and assigned in such a manner that:

~~(1)~~*(a)* a single authoritative copy of the record or records exists that is unique, identifiable, and except as otherwise provided in subsections ~~(4)~~ *(2)(d)*, ~~(5)~~ *(2)(e)*, and ~~(6)~~ *(2)(f)*, unalterable;

**Section 4.** Section 30-9A-307, MCA, is amended to read:

**"30-9A-307. Location of debtor.** (1) In this section, "place of business" means a place where a debtor conducts its affairs.

(2) Except as otherwise provided in this section, the following rules determine a debtor's location:

(a) A debtor who is an individual is located at the individual's residence.

(b) A debtor that is an organization and has only one place of business is located at its place of business.

(c) A debtor that is an organization and has more than one place of business is located at its chief executive office.

(3) ~~(a)~~ Subsection (2) applies only if a debtor's residence, place of business, or chief executive office, as applicable, is located in a jurisdiction whose law generally requires information concerning the existence of a nonpossessory security interest to be made generally available in a filing, recording, or registration system as a condition or result of the security interest's obtaining priority over the rights of a lien creditor with respect to the collateral. If subsection (2) does not apply, the debtor is located in the District of Columbia.

(4) A person that ceases to exist, have a residence, or have a place of business continues to be located in the jurisdiction specified by subsections (2) and (3).

(5) A registered organization that is organized under the law of a state is located in that state.

(6) Except as otherwise provided in subsection (9), a registered organization that is organized under the law of the United States and a branch or agency of a bank that is a registered organization and is not organized under the law of the United States or a state are located:

(a) in the state that the law of the United States designates, if the law designates a state of location;

(b) in the state that the registered organization*, branch, or agency* designates, if the law of the United States authorizes the registered organization*, branch, or agency* to designate its state of location*, including by designating its main office, home office, or other comparable office*; or

(c) in the District of Columbia, if subsection (6)(a) or (6)(b) does not apply.

(7) A registered organization continues to be located in the jurisdiction specified by subsection (5) or (6) notwithstanding:

(a) the suspension, revocation, forfeiture, or lapse of the registered organization's status as such in its jurisdiction of organization; or

(b) the dissolution, winding up, or cancellation of the existence of the registered organization.

(8) The United States is located in the District of Columbia.

(9) A branch or agency of a bank that is not organized under the law of the United States or a state is located in the state in which the branch or agency is licensed, if all branches and agencies of the bank are licensed in only one state.

(10) A foreign air carrier under the Federal Aviation Act of 1958, as amended, is located at the designated office of the agent upon which service of process may be made on behalf of the carrier.

(11) This section applies only for purposes of this part."

**Section 5.** Section 30-9A-311, MCA, is amended to read:

**"30-9A-311. Perfection of security interests in property subject to certain statutes, regulations, and treaties.** (1) Except as otherwise provided in subsection (4), the filing of a financing statement is not necessary or effective to perfect a security interest in property subject to:

(a) a statute, regulation, or treaty of the United States whose requirements for a security interest's obtaining priority over the rights of a lien creditor with respect to the property preempt 30-9A-310(1);

(b) the certificate of title provisions of Title 23 or 61; or

(c) a ~~certificate of title~~ statute of another jurisdiction that provides for a security interest to be indicated on ~~the~~ *a* certificate of title as a condition or result of the security interest's obtaining priority over the rights of a lien creditor with respect to the property.

(2) Compliance with the requirements of a statute, regulation, or treaty described in subsection (1) for obtaining priority over the rights of a lien creditor is equivalent to the filing of a financing statement under this chapter. Except as otherwise provided in 30-9A-313 and 30-9A-316(4) and (5) and subsection (4) of this section for goods covered by a certificate of title, a security interest in property subject to a statute, regulation, or treaty described in subsection (1) may be perfected only by compliance with those requirements, and a security interest so perfected remains perfected notwithstanding a change in the use or transfer of possession of the collateral.

(3) Except as otherwise provided in 30-9A-316(4) and (5) and subsection (4) of this section, duration and renewal of perfection of a security interest perfected by compliance with the requirements prescribed by a statute, regulation, or treaty described in subsection (1) are governed by the statute, regulation, or treaty. In other respects the security interest is subject to this chapter.

(4) During any period in which collateral subject to a statute specified in subsection (1)(b) is inventory held for sale or lease by a person or leased by that person as lessor and that person is in the business of selling goods of that kind, this section does not apply to a security interest in that collateral created by that person."

**Section 6.** Section 30-9A-316, MCA, is amended to read:

**"30-9A-316. ~~Continued perfection of security interest following~~ *Effect of* change in applicable law.** (1) A security interest perfected pursuant

to the law of the jurisdiction designated in 30-9A-301(1) or 30-9A-305(3) remains perfected until the earliest of:

(a) the time perfection would have ceased under the law of that jurisdiction;

(b) the expiration of 4 months after a change of the debtor's location to another jurisdiction;

(c) the expiration of 1 year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction; or

(d) the expiration of 1 year after a new debtor located in another jurisdiction becomes bound under 30-9A-203(4).

(2) If a security interest described in subsection (1) becomes perfected under the law of the other jurisdiction before the earliest time or event described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(3) A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

(a) the collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;

(b) thereafter the collateral is brought into another jurisdiction; and

(c) upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(4) Except as otherwise provided in subsection (5), a security interest in goods covered by a certificate of title that is perfected by any method under the law of another jurisdiction when the goods become covered by a certificate of title from this state remains perfected until the security interest would have become unperfected under the law of the other jurisdiction had the goods not become so covered.

(5) A security interest described in subsection (4) becomes unperfected as against a purchaser of the goods for value and is deemed never to have been perfected as against a purchaser of the goods for value if the applicable requirements for perfection under 30-9A-311(2) or 30-9A-313 are not satisfied before the earlier of:

(a) the time the security interest would have become unperfected under the law of the other jurisdiction had the goods not become covered by a certificate of title from this state; or

(b) the expiration of 4 months after the goods had become so covered.

(6) A security interest in a deposit account, letter-of-credit right, or investment property that is perfected under the law of the bank's jurisdiction, the issuer's jurisdiction, a nominated person's jurisdiction, the securities intermediary's jurisdiction, or the commodity intermediary's jurisdiction, as applicable, remains perfected until the earlier of:

(a) the time ~~perfection~~ *the security interest* would have ~~ceased~~ *become unperfected* under the law of ~~the first~~ *that* jurisdiction; or

(b) the expiration of 4 months after a change of the applicable jurisdiction *to another jurisdiction*.

(7) If a security interest described in subsection (6) becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in that subsection, it remains perfected thereafter. If the

security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

*(8) The following rules apply to collateral to which a security interest attaches within 4 months after the debtor changes its location to another jurisdiction:*

*(a) A financing statement filed before the change pursuant to the law of the jurisdiction designated in 30-9A-301(1) or 30-9A-305(3) is effective to perfect a security interest in the collateral if the financing statement would have been effective to perfect a security interest in the collateral had the debtor not changed its location.*

*(b) If a security interest perfected by a financing statement that is effective under subsection (8)(a) becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in 30-9A-301(1) or 30-9A-305(3) or the expiration of the 4-month period, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.*

*(9) If a financing statement naming an original debtor is filed pursuant to the law of the jurisdiction designated in 30-9A-301(1) or 30-9A-305(3) and the new debtor is located in another jurisdiction, the following rules apply:*

*(a) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within 4 months after, the new debtor becomes bound under 30-9A-203(4), if the financing statement would have been effective to perfect a security interest in the collateral had the collateral been acquired by the original debtor.*

*(b) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in 30-9A-301(1) or 30-9A-305(3) or the expiration of the 4-month period remains perfected thereafter. A security interest that is perfected by the financing statement but which does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.*"

**Section 7.** Section 30-9A-317, MCA, is amended to read:

**"30-9A-317. Interests that take priority over or take free of security interest or agricultural lien.** (1) A security interest or agricultural lien is subordinate to the rights of:

(a) a person entitled to priority under 30-9A-322; and

(b) except as otherwise provided in subsection (5), a person that becomes a lien creditor before the earlier of the time:

(i) the security interest or agricultural lien is perfected; or

(ii) one of the conditions specified in 30-9A-203(2)(c) is met and a financing statement covering the collateral is filed.

(2) Except as otherwise provided in subsection (5), a buyer, other than a secured party, of chattel paper, tangible documents, goods, instruments, or a ~~security certificate~~ *certificated security* takes free of a security interest or

agricultural lien if the buyer gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(3) Except as otherwise provided in subsection (5), a lessee of goods takes free of a security interest or agricultural lien if the lessee gives value and receives delivery of the collateral without knowledge of the security interest or agricultural lien and before it is perfected.

(4) A licensee of a general intangible or a buyer, other than a secured party, of ~~accounts, electronic documents, general intangibles, or investment property~~ *collateral* other than *tangible chattel paper, tangible documents, goods, instruments, or* a certificated security takes free of a security interest if the licensee or buyer gives value without knowledge of the security interest and before it is perfected.

(5) Except as otherwise provided in 30-9A-320 and 30-9A-321, if a person files a financing statement with respect to a purchase-money security interest before or within 20 days after the debtor receives delivery of the collateral, the security interest takes priority over the rights of a buyer, lessee, or lien creditor that arise between the time the security interest attaches and the time of filing."

**Section 8.** Section 30-9A-326, MCA, is amended to read:

**"30-9A-326. Priority of security interests created by new debtor.** (1) Subject to subsection (2), a security interest *that is* created by a new debtor ~~that is~~ *in collateral in which the new debtor has or acquires rights and is* perfected *solely* by a filed financing statement that ~~is effective solely under 30-9A-508 in collateral in which a new debtor has or acquires rights~~ *would be ineffective to perfect the security interest but for the application of 30-9A-316(9)(a) or 30-9A-508* is subordinate to a security interest in the same collateral that is perfected *other than* by ~~another method~~ *such a filed financing statement*.

(2) ~~If more than one security interest in the same collateral is subordinate under subsection (1), the other provisions of this part, as applicable, determine the priority among the subordinated security interests.~~ *The other provisions of this part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements described in subsection (1). However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor's having become bound.*"

**Section 9.** Section 30-9A-406, MCA, is amended to read:

**"30-9A-406. Discharge of account debtor — notification of assignment — identification and proof of assignment — restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective.** (1) Subject to subsections (2) through (9), an account debtor on an account, chattel paper, or payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(2) Subject to subsection (8), notification is ineffective under subsection (1):

(a) if it does not reasonably identify the rights assigned;

(b) to the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this chapter; or

(c) at the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(i) only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;

(ii) a portion has been assigned to another assignee; or

(iii) the account debtor knows that the assignment to that assignee is limited.

(3) Subject to subsection (8), if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (1).

(4) Except as otherwise provided in 30-2A-303, 30-9A-407, and subsection (5) of this section, and subject to subsection (8) of this section, a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(a) prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or

(b) provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(5) Subsection (4) does not apply to~~:~~

~~(a) the assignment or transfer or the creation, attachment, perfection, or enforcement of a security interest in:~~

~~(i) a claim or right to receive compensation for injuries or sickness as described in 26 U.S.C. 104(a)(2); or~~

~~(ii) a claim or right to receive benefits under a special needs trust as described in 42 U.S.C. 1396p(d)(4); or~~

~~(b)~~ the sale of a payment intangible or promissory note~~.~~*, other than a sale pursuant to a disposition under 30-9A-610 or an acceptance of collateral under 30-9A-620.*

(6) Except as otherwise provided in 30-2A-303 and 30-9A-407 and subject to subsections (8) and (9), a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute, or regulation:

(a) prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in the account or chattel paper; or

(b) provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(7) Subject to subsection (8), an account debtor may not waive or vary its option under subsection (2)(c).

(8) This section is subject to law other than this chapter that establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(9) This section does not apply to an assignment of a health-care-insurance receivable."

**Section 10.** Section 30-9A-408, MCA, is amended to read:

**"30-9A-408. Restrictions on assignment of promissory notes, health-care-insurance receivables, and certain general intangibles ineffective.** (1) Except as otherwise provided in subsection (2), a term in a promissory note or in an agreement between an account debtor and a debtor that relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and that prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or the creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible is ineffective to the extent that the term:

(a) would impair the creation, attachment, or perfection of a security interest; or

(b) provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(2) Subsection (1) applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note~~.~~*, other than a sale pursuant to a disposition under 30-9A-610 or an acceptance of collateral under 30-9A-620.*

(3) A rule of law, including a provision in a statute or governmental rule or regulation, that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(a) would impair the creation, attachment, or perfection of a security interest; or

(b) provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(4) To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor that relates to a health-care-insurance receivable or general intangible or a rule of law described in subsection (3) would be effective under law other than this chapter but is ineffective under subsection

(1) or (3), the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(a) is not enforceable against the person obligated on the promissory note or the account debtor;

(b) does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

(c) does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(d) does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(e) does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(f) does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

(5) Subsections (1) and (3) do not apply to the assignment or transfer or the creation, attachment, or perfection of a security interest in:

(a) a claim or right to receive compensation for injuries or sickness as described in 26 U.S.C. 104(a)(2);

(b) a claim or right to receive benefits under a special needs trust as described in 42 U.S.C. 1396p(d)(4).

(6) This section prevails over any inconsistent provisions of other statutes or rules."

**Section 11.** Section 30-9A-502, MCA, is amended to read:

**"30-9A-502. Contents of financing statement — mortgage as financing statement — time of filing financing statement.** (1) Subject to subsection (2), a financing statement is sufficient only if it:

(a) provides the name of the debtor;

(b) provides the name of the secured party or a representative of the secured party; and

(c) indicates the collateral covered by the financing statement.

(2) Except as otherwise provided in 30-9A-501(2), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut or that is filed as a fixture filing and covers goods that are or are to become fixtures must comply with the requirements of subsection (1) and also:

(a) indicate that it covers this type of collateral;

(b) indicate that it is to be filed for record in the real property records;

(c) provide a description of the real property to which the collateral is related sufficient to give constructive notice of the mortgage under the law of this state if the description were contained in a record of the mortgage of the real property; and

(d) if the debtor does not have an interest of record in the real property, provide the name of a record owner.

(3) A record of mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if:

(a) the record indicates the goods or accounts that it covers;

(b) the goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;

(c) the record complies with the requirements for a financing statement in this section*, but:*

*(i)* ~~other than an indication~~ *the record need not indicate* that it is to be filed in the real property records; and

*(ii) the record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom 30-9A-503(1)(d) applies; and*

(d) the record is recorded.

(4) A financing statement may be filed before a security agreement is made or a security interest otherwise attaches."

**Section 12.** Section 30-9A-503, MCA, is amended to read:

**"30-9A-503. Name of debtor and secured party.** (1) A financing statement sufficiently provides the name of the debtor:

(a) *except as otherwise provided in subsection (1)(c),* if the debtor is a registered organization~~,~~ *or the collateral is held in a trust that is a registered organization,* only if the financing statement provides the name ~~of the debtor indicated~~ *that is stated to be the registered organization's name* on the public *organic* record ~~of~~ *most recently filed with or issued or enacted by* the ~~debtor's~~ *registered organization's* jurisdiction of organization that ~~shows the debtor to have been organized;~~ *purports to state, amend, or restate the registered organization's name;*

(b) *subject to subsection (6),* if the ~~debtor is a decedent's estate,~~ *collateral is being administered by the personal representative of a decedent,* only if the financing statement provides*, as the name of the debtor,* the name of the decedent and*, in a separate part of the financing statement,* indicates that the ~~debtor is an estate;~~ *collateral is being administered by a personal representative;*

(c) if the ~~debtor is a trust or a trustee acting with respect to property held in trust, only if the financing statement:~~

~~(i) provides the name, if any, specified for the trust in its organic documents or, if no name is specified, provides the name of the settlor and additional information sufficient to distinguish the debtor from other trusts having one or more of the same settlors; and~~

~~(ii) indicates, in the debtor's name or otherwise, that the debtor is a trust or is a trustee acting with respect to property held in trust; and~~ *collateral is held in a trust that is not a registered organization, only if the financing statement:*

*(i) provides, as the name of the debtor:*

*(A) if the organic record of the trust specifies a name for the trust, the name specified; or*

*(B) if the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and*

*(ii) in a separate part of the financing statement:*

*(A) if the name is provided in accordance with subsection (1)(c)(i)(A), indicates that the collateral is held in a trust; or*

*(B) if the name is provided in accordance with subsection (1)(c)(i)(B), provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates;*

*(d) subject to subsection (7), if the debtor is an individual to whom this state has issued a driver's license or state identification card that has not expired or to whom a tribe has issued a tribal identification card that has not expired, only if the financing statement provides the name of the individual which is indicated on the driver's license, state identification card, or tribal identification card;*

*(e) if the debtor is an individual to whom subsection (1)(d) does not apply, only if the financing statement provides the individual name of the debtor or the surname and first personal name of the debtor; and*

~~(d)~~*(f)* in other cases:

(ii) if the debtor does not have a name, only if it provides the names of the partners, members, associates, or other persons comprising the debtor~~.~~*, in a manner that each name provided would be sufficient if the person named were the debtor.*

(2) A financing statement that provides the name of the debtor in accordance with subsection (1) is not rendered ineffective by the absence of:

(a) a trade name or other name of the debtor; or

(b) unless required under subsection ~~(1)(d)(ii),~~ *(1)(f)(ii),* names of partners, members, associates, or other persons comprising the debtor.

(3) A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(4) Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(5) A financing statement may provide the name of more than one debtor and the name of more than one secured party.

*(6) The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (1)(b).*

*(7) If this state has issued to an individual more than one driver's license or state identification card of a kind described in subsection (1)(d), or if a tribe has issued more than one tribal identification card of a kind described in subsection (1)(d), the one that was issued most recently is the one to which subsection (1)(d) refers.*

**Section 13.** Section 30-9A-507, MCA, is amended to read:

**"30-9A-507. Effect of certain events on effectiveness of financing statement.** (1) A filed financing statement remains effective with respect to collateral that is sold, exchanged, leased, licensed, or otherwise disposed of and in which a security interest or agricultural lien continues, even if the secured party knows of or consents to the disposition.

(2) Except as otherwise provided in 30-9A-508 and subsection (3) of this section, a financing statement is not rendered ineffective if, after the financing statement is filed, the information provided in the financing statement becomes seriously misleading under the standard set forth in 30-9A-506.

(3) If ~~a debtor so changes its~~ *the* name that a filed financing statement *provides for a debtor* becomes *insufficient as the name of the debtor under 30-9A-503(1) so that the financing statement becomes* seriously misleading under the standard set forth in 30-9A-506:

(a) the financing statement is effective to perfect a security interest in collateral acquired by the debtor before or within 4 months after the ~~change~~ *filed financing statement becomes seriously misleading*; and

(b) the financing statement is not effective to perfect a security interest in collateral acquired by the debtor more than 4 months after the ~~change~~ *filed financing statement becomes seriously misleading*, unless an amendment to the financing statement that renders the financing statement not seriously misleading is filed within 4 months after ~~the change.~~ *the financing statement became seriously misleading.*"

**Section 14.** Section 30-9A-515, MCA, is amended to read:

**"30-9A-515. Duration and effectiveness of financing statement — effect of lapsed financing statement.** (1) Except as otherwise provided in subsections (2), (5), (6), and (7), a filed financing statement is effective for a period of 5 years after the date of filing.

(2) Except as otherwise provided in subsections (5), (6), and (7), an initial financing statement filed in connection with a public-finance transaction or manufactured-home transaction is effective for a period of 30 years after the date of filing if it indicates that it is filed in connection with a public-finance transaction or manufactured-home transaction.

(3) The effectiveness of a filed financing statement lapses on the expiration of the period of its effectiveness unless before the lapse a continuation statement is filed pursuant to subsection (4). Upon lapse, a financing statement ceases to be effective and any security interest or agricultural lien that was perfected by the financing statement becomes unperfected, unless the security interest is perfected without filing. If the security interest or agricultural lien becomes unperfected upon lapse, it is deemed never to have been perfected as against a purchaser of the collateral for value.

(4) A continuation statement may be filed only within 6 months before the expiration of the 5-year period specified in subsection (1) or the 30-year period specified in subsection (2), whichever is applicable.

(5) Except as otherwise provided in 30-9A-510, upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of 5 years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the 5-year period, the financing statement lapses in the same manner as provided in subsection (3), unless, before the lapse, another continuation statement is filed pursuant to subsection (4). Succeeding

continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(6) If a debtor is a transmitting utility and a filed *initial* financing statement so indicates, the financing statement is effective until a termination statement is filed.

(7) A record of mortgage that is effective as a fixture filing under 30-9A-502(3) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property."

**Section 15.** Section 30-9A-516, MCA, is amended to read:

**"30-9A-516. What constitutes filing — effectiveness of filing.** (1) Except as otherwise provided in subsection (2), communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(a) the record is not communicated by a method or medium of communication authorized by the filing office;

(c) the filing office is unable to index the record because:

(i) in the case of an initial financing statement, the record does not provide a name for the debtor;

(A) does not identify the initial financing statement as required by 30-9A-512 or 30-9A-518, as applicable; or

(B) identifies an initial financing statement whose effectiveness has lapsed under 30-9A-515;

(iii) in the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual that was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's ~~last name~~ *surname*; or

(iv) in the case of a record filed or recorded in the filing office described in 30-9A-501(1)(a), the record does not provide a sufficient description of the real property to which it relates;

(d) in the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(e) in the case of an initial financing statement or an amendment that provides a name of a debtor that was not previously provided in the financing statement to which the amendment relates, the record does not:

(i) provide a mailing address for the debtor; *or*

(ii) indicate whether the *name provided as the name of the* debtor is *the name of* an individual or an organization; ~~or~~

~~(iii) if the financing statement indicates that the debtor is an organization, provide:~~

~~(A) a type of organization for the debtor;~~

~~(B) a jurisdiction of organization for the debtor; or~~

~~(C) an organizational identification number for the debtor or indicate that the debtor has none;~~

(f) in the case of an assignment reflected in an initial financing statement under 30-9A-514(1) or an amendment filed under 30-9A-514(2), the record does not provide a name and mailing address for the assignee; or

(g) in the case of a continuation statement, the record is not filed within the 6-month period prescribed by 30-9A-515(4).

(3) For purposes of subsection (2):

(a) a record does not provide information if the filing office is unable to read or decipher the information; and

(b) a record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by 30-9A-512, 30-9A-514, or 30-9A-518, is an initial financing statement.

(4) A record that is communicated to the filing office with tender of the filing fee, but that the filing office refuses to accept for a reason other than one set forth in subsection (2), is effective as a filed record except as against a purchaser of the collateral that gives value in reasonable reliance upon the absence of the record from the files."

**Section 16.** Section 30-9A-518, MCA, is amended to read:

**"30-9A-518. Claim concerning inaccurate or wrongfully filed record.** (1) A person may file in the filing office ~~a correction~~ *an information* statement with respect to a record indexed there under the person's name if the person believes that the record is inaccurate or was wrongfully filed.

(2) ~~A correction~~ *An information* statement *under subsection (1)* must:

(a) identify the record to which it relates by:

(i) the file number assigned to the initial financing statement to which the record relates; and

(ii) if the ~~correction~~ *information* statement relates to a record filed in a filing office described in 30-9A-501(1)(a), the date that the initial financing statement was filed or recorded and the information specified in 30-9A-502(2);

(b) indicate that it is ~~a correction~~ *an information* statement; and

(c) provide the basis for the person's belief that the record is inaccurate and indicate the manner in which the person believes the record should be amended to cure any inaccuracy or provide the basis for the person's belief that the record was wrongfully filed.

*(3) A person may file in the filing office an information statement with respect to a record filed there if the person is a secured party of record with respect to the financing statement to which the record relates and believes that the person that filed the record was not entitled to do so under 30-9A-509(4).*

*(4) An information statement under subsection (3) must:*

*(a) identify the record to which it relates by:*

**Section 17.** Section 30-9A-521, MCA, is amended to read:

**"30-9A-521. Uniform form of written financing statement and amendment.** (1) A filing office that accepts written records may not refuse to accept a written initial financing statement in the ~~model~~ form *and format* ~~adopted by the secretary of state~~ *set forth in the official text of the 2010 amendments to Article 9 of the Uniform Commercial Code promulgated by The American Law Institute and the National Conference of Commissioners on Uniform State Laws,* except for a reason set forth in ~~30-9A-502 and~~ 30-9A-516(2).

(2) A filing office that accepts written records may not refuse to accept a written record in the ~~model~~ form *and format* ~~adopted by the secretary of state~~ *set forth as Form UCC3 and Form UCC3Ad in the final official text of the 2010 amendments to Article 9 of the Uniform Commercial Code promulgated by The American Law Institute and the National Conference of Commissioners on Uniform State Laws,* except for a reason set forth in ~~30-9A-502 and~~ 30-9A-516(2)."

**Section 18.** Section 30-9A-607, MCA, is amended to read:

**"30-9A-607. Collection and enforcement by secured party.** (1) If so agreed, and in any event on default, a secured party:

(a) may notify an account debtor or other person obligated on collateral to make payment or otherwise render performance to or for the benefit of the secured party;

(b) may take any proceeds to which the secured party is entitled under 30-9A-315;

(c) may enforce the obligations of an account debtor or other person obligated on collateral and exercise the rights and remedies of the debtor with respect to the obligation of the account debtor or other person obligated on collateral to make payment or otherwise render performance to the debtor and with respect to any property that secures the obligations of the account debtor or other person obligated on the collateral;

(d) if it holds a security interest in a deposit account perfected by control under 30-9A-104(1)(a), may apply the balance of the deposit account to the obligation secured by the deposit account; and

(e) if it holds a security interest in a deposit account perfected by control under 30-9A-104(1)(b) or (1)(c), may instruct the bank to pay the balance of the deposit account to or for the benefit of the secured party.

(2) If necessary to enable a secured party to exercise under subsection (1)(c) the right of a debtor to enforce nonjudicially any mortgage, the secured party may record in the office in which the mortgage is recorded:

(a) a copy of the security agreement that creates or provides for a security interest in the obligation secured by the mortgage; and

(b) the secured party's sworn affidavit in recordable form stating that:

(i) a default has occurred *with respect to the obligation secured by the mortgage*; and

(ii) the secured party is entitled to enforce the mortgage nonjudicially.

(3) A secured party shall proceed in a commercially reasonable manner if the secured party:

(a) undertakes to collect from or enforce an obligation of an account debtor or other person obligated on collateral; and

(b) is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor or a secondary obligor.

(4) A secured party may deduct from the collections made pursuant to subsection (3) reasonable expenses of collection and enforcement, including reasonable attorneys fees and legal expenses incurred by the secured party.

(5) This section does not determine whether an account debtor, bank, or other person obligated on collateral owes a duty to a secured party."

**Section 19. Security interest perfected before effective date.** (1) A security interest that is a perfected security interest immediately before [the effective date of this act] is a perfected security interest under this chapter if, on [the effective date of this act], the applicable requirements for attachment and perfection under this chapter are satisfied without further action.

(2) Except as otherwise provided in [section 20], if, immediately before [the effective date of this act], a security interest is a perfected security interest, but the applicable requirements for perfection under this chapter are not satisfied on [the effective date of this act], the security interest remains perfected thereafter only if the applicable requirements for perfection under this chapter are satisfied within 1 year after [the effective date of this act].

**Section 20. Security interest unperfected before effective date.** A security interest that is an unperfected security interest immediately before [the effective date of this act] becomes a perfected security interest:

(1) without further action on [the effective date of this act] if the applicable requirements for perfection under this chapter are satisfied before or at that time; or

(2) when the applicable requirements for perfection are satisfied if the requirements are satisfied after that time.

**Section 21. Effectiveness of action taken before effective date.** (1) The filing of a financing statement before [the effective date of this act] is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this chapter.

(2) This chapter does not render ineffective an effective financing statement that, before [the effective date of this act], is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former chapter 9A. However, except as otherwise provided in [section 22] and subsections (3) and (4) of this section, the financing statement ceases to be effective:

(a) if the financing statement is filed in this state, at the time the financing statement would have ceased to be effective had [this act] not taken effect; or

(b) if the financing statement is filed in another jurisdiction, at the earlier of:

(i) the time the financing statement would have ceased to be effective under the law of that jurisdiction; or

(ii) June 30, 2018.

(3) The filing of a continuation statement after [the effective date of this act] does not continue the effectiveness of a financing statement filed before [the effective date of this act]. However, upon the timely filing of a continuation statement after [the effective date of this act] and in accordance with the law of

the jurisdiction governing perfection as provided in this chapter, the effectiveness of a financing statement filed in the same office in that jurisdiction before [the effective date of this act] continues for the period provided by the law of that jurisdiction.

(4) Subsection (2)(b)(ii) applies to a financing statement that, before [the effective date of this act], is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former chapter 9A, only to the extent that this chapter provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(5) A financing statement that includes a financing statement filed before [the effective date of this act] and a continuation statement filed after [the effective date of this act] is effective only to the extent that it satisfies the requirements of Title 30, chapter 9A, part 5, for an initial financing statement. A financing statement that indicates that the debtor is a decedent's estate indicates that the collateral is being administered by a personal representative within the meaning of 30-9A-503(1)(b). A financing statement that indicates that the debtor is a trust or is a trustee acting with respect to property held in trust indicates that the collateral is held in a trust within the meaning of 30-9A-503(1)(c).

**Section 22. When initial financing statement suffices to continue effectiveness of financing statement.** (1) The filing of an initial financing statement in the office specified in 30-9A-501 continues the effectiveness of a financing statement filed before [the effective date of this act] if:

(a) the filing of an initial financing statement in that office would be effective to perfect a security interest under this chapter.

(b) the pre-effective-date financing statement was filed in an office in another state; and

(c) the initial financing statement satisfies subsection (3).

(2) The filing of an initial financing statement under subsection (1) continues the effectiveness of the pre-effective-date financing statement:

(a) if the initial financing statement is filed before [the effective date of this act], for the period provided in former 30-9A-515 with respect to an initial financing statement; and

(b) if the initial financing statement is filed after [the effective date of this act], for the period provided in 30-9A-515 with respect to an initial financing statement.

(3) To be effective for purposes of subsection (1), an initial financing statement must:

(a) satisfy the requirements of Title 30, chapter 9A, part 5, for an initial financing statement;

(b) identify the pre-effective-date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and

(c) indicate that the pre-effective-date financing statement remains effective.

**Section 23. Amendment of pre-effective-date financing statement.** (1) In this section, "pre-effective-date financing statement" means a financing statement filed before [the effective date of this act].

(2) After [the effective date of this act], a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in a pre-effective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in Title 30, chapter 9A. However, the effectiveness of a pre-effective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(3) Except as otherwise provided in subsection (4), if the law of this state governs perfection of a security interest, the information in a pre-effective-date financing statement may be amended after [the effective date of this act] only if:

(a) the pre-effective-date financing statement and an amendment are filed in the office specified in section 30-9A-501;

(b) an amendment is filed in the office specified in section 30-9A-501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies [section 22(3)]; or

(c) an initial financing statement that provides the information as amended and satisfies [section 22(3)] is filed in the office specified in 30-9A-501.

(4) If the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be continued only under [section 21(3)] and [section 21(5)] or [section 22].

(5) Whether or not the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement filed in this state may be terminated after [the effective date of this act] by filing a termination statement in the office in which the pre-effective-date financing statement is filed unless an initial financing statement that satisfies [section 22(3)] has been filed in the office specified by the law of the jurisdiction governing perfection as provided in Title 30, chapter 9A, as the office in which to file a financing statement.

**Section 24. Person entitled to file initial financing statement or continuation statement.** A person may file an initial financing statement or a continuation statement under [sections 19 through 25] if:

(1) the secured party of record authorizes the filing; and

(2) the filing is necessary under this part:

(a) to continue the effectiveness of a financing statement filed before [the effective date of this act]; or

(b) to perfect or continue the perfection of a security interest.

**Section 25. Priority.** This chapter determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before [the effective date of this act], Title 30, former chapter 9A, determines priority.

**Section 26. Savings provisions.** (1) Except as otherwise provided in [sections 19 through 25], this chapter applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before [the effective date of this act].

(2) This chapter does not affect an action, case, or proceeding commenced before [the effective date of this act].

**Section 27. Codification instruction.** [Sections 19 through 25] are intended to be codified as an integral part of Title 30, chapter 9A, and the provisions of Title 30, chapter 9A, apply to [sections 19 through 25].

**Section 28. Effective date.** [This act] is effective July 1, 2013.

[HB 261]

AN ACT PROVIDING THAT A CHARGE FOR UNEMPLOYMENT INSURANCE MAY NOT BE MADE AGAINST A BUSINESS IMPACTED BY A PRESIDENTIALLY DECLARED NATURAL DISASTER IF EMPLOYEE LAYOFFS ARE DIRECTLY RELATED TO THE DISASTER; REQUIRING VERIFICATION OF EMPLOYER LOCATION IN DISASTER AREA; AMENDING SECTIONS 39-51-301, 39-51-1213, AND 39-51-1214, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 39-51-301, MCA, is amended to read:

**"39-51-301. Administration — duties and powers of department — duties and powers of board — emergency provisions.** (1) It is the duty of the department to administer this chapter. The department may adopt, amend, or rescind rules to employ persons, make expenditures, require reports, make investigations, and take action that the department considers necessary or suitable in administering this chapter.

(2) The department shall determine its own organization and methods of procedure in accordance with the provisions of this chapter and must have an official seal, which is judicially noticed.

(3) Whenever the department believes that a change in contribution or benefit rates is necessary to protect the solvency of the fund, the department shall promptly inform the governor and the legislature and make recommendations with respect to the change.

(4) (a) The department and the board may jointly or individually issue subpoenas and compel testimony and the production of evidence, including books, records, papers, documents, and other objects that may be necessary and proper in regard to any investigation or proceeding under this chapter.

(b) If a subpoena issued and served under this section is disobeyed or if a witness refuses to testify to any matter for which the witness may be interrogated in a proceeding before the department, the department may apply to a district court for an order to compel compliance with the subpoena or testimony. Disobedience of the court's order constitutes contempt of court.

(5) (a) In the aftermath of a disaster, as defined in 10-3-103, the department may waive, suspend, or modify its rules concerning the filing of a claim for benefits, filing continued claims, registration for work, or work search if all of the following conditions are met:

(i) the president of the United States declares a disaster pursuant to 42 U.S.C. 5170, et seq.; and

(ii) the governor issues an executive order directing the department to waive, suspend, or modify rules relating to claims.

(b) In a disaster declared under subsection (5)(a), the department may waive, suspend, or modify its rules relating to claims in portions of the state named by the department as appropriate to address the nature of the disaster and the purposes of unemployment insurance laws.

*(c) The department shall verify that an employer who has laid off employees because of a disaster declared under subsection (5)(a) is in the portion of the state covered by the disaster order. If the employer is eligible, the department shall implement the provisions of 39-51-1214(2)(h).*"

**Section 2.** Section 39-51-1213, MCA, is amended to read:

**"39-51-1213. Classification of employers for experience rating purposes.** (1) The department shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year must be determined on the basis of the employer's record as of October 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below:

(a) Each employer is given an "experience factor", which is contributions paid since October 1, 1981, minus benefits charged on each employer's account since October 1, 1981, divided by the employer's average annual taxable payroll rounded to the next lower dollar amount for the 3 federal fiscal years immediately preceding the computation date. The computation of the "experience factor" must be to six decimal places.

(b) Schedules must be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There must be listed on the schedules for each employer in addition to the experience factor:

(i) the amount of the employer's taxable payroll for the federal fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the federal fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding that employer on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 must be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group must be identified by the rate class number listed in the table that represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite that employer's rate class for the tax schedule in effect for the taxable year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of

the two rates designated for the two classes in which the halves of that employer's taxable payroll are required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of that employer's taxable payroll is required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, those employers are included in and assigned the contribution rate specified for the class~~, notwithstanding the provisions of 39-51-1214~~.

(5) If the taxable payroll amount, the experience factor, or both of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules that the employer would have occupied had that employer's taxable payroll amount or experience factor as changed been used in determining that employer's position in the first instance. However, the change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years.

(6) An employer who has not filed all required payroll reports or paid all taxes, penalties, and interest due by the cutoff date must be assigned a contribution rate in effect for the taxable year for the employer's classification as an eligible, deficit, or new employer, plus an additional assessment of 50% of the employer's assigned contribution rate, rounded to the nearest 1/100 of 1%."

**Section 3.** Section 39-51-1214, MCA, is amended to read:

**"39-51-1214. Benefit payments chargeable to employer experience rating accounts.** (1) Except for cost reimbursement, benefits paid must be charged to the account of each of the claimant's base period employers. The benefit charged must be based on the percentage of wages paid by the employer as compared to the total wages paid by all employers in the claimant's base period.

(2) The account of an employer with an experience rating as provided in 39-51-1213 may not be charged with respect to benefits paid under the following situations:

(a) if paid to a worker who terminated services voluntarily without good cause attributable to a covered employer or who had been discharged for misconduct in connection with services;

(b) if paid in accordance with the extended benefit program triggered by either national or state indicators;

(c) if the base period employer continues to provide employment with no reduction in hours or wages;

(d) if benefits are paid to claimants who are in training approved under 39-51-2307;

(e) if the base period employer is ordered to military service, as defined in 10-1-1003;

(f) if benefits are paid to an employee laid off as the result of the return to work of a permanent employee who:

(i) was called to military service, as defined in 10-1-1003; and

(ii) had completed 4 or more weeks of military service and exercised reemployment rights under Title 10, chapter 1, part 10; ~~or~~

(g) if the worker separates from employment as a result of domestic violence, a sexual assault, or stalking pursuant to 39-51-2111*;*

*(h) if benefits are paid to a claimant laid off as a direct result of a major natural disaster declared by the president pursuant to 42 U.S.C. 5170, et seq., if the recipient of the benefits would have been eligible for federal disaster unemployment assistance with respect to that unemployment except for their receipt of state unemployment insurance benefits*."

**Section 4. Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to any claims filed on or after January 1, 2011, that were charged to the account of an employer with an experience rating if that employer was in an area covered by a disaster declaration under 42 U.S.C. 5170, et seq.

(d) A motor vehicle being operated in accordance with this subsection (2) need only display one demonstrator plate conspicuously on the rear of the motor vehicle."

**Section 2.** Section 40-4-121, MCA, is amended to read:

**"40-4-121. Temporary order for maintenance or support, temporary injunction, or temporary restraining order.** (1) In a proceeding for dissolution of marriage or for legal separation or in a proceeding for disposition of property or for maintenance or support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, either party may move for temporary maintenance, temporary support of a child of the marriage entitled to support, or a temporary family support order. When a party is receiving public assistance, as defined in 40-5-201, for the minor children at issue or when a party receives public assistance during the life of a temporary family support order, the temporary family support order must designate separately the amounts of temporary child support and temporary maintenance, if any. The temporary child support order or the designated child support portion of the family support order must be determined as required in 40-4-204. The motion must be accompanied by an affidavit setting forth the factual basis for the motion, the amounts requested, a list of marital estate liabilities, a statement of sources of income of the parties and of a child of the marriage entitled to support, and, in the case of a motion for a temporary family support order, a proposal designating the party responsible for paying each liability. If ordered by a court, a temporary family support order must, without prejudice, direct one or both parties to pay, out of certain income sources, liabilities of the marital estate during the pendency of the action, including maintenance liabilities for a party or support of a child of the marriage entitled to support. If income sources are insufficient to meet the marital estate periodic liabilities, the temporary family support order may direct that certain liabilities be paid from assets of the marital estate. At any time during the proceedings, the court may order any temporary family support payments to be designated as temporary maintenance, temporary child support, or partial property distribution, retroactive to the date of the motion for a temporary family support order. When a party obtains public assistance, as defined in 40-5-201, or applies for services under Title IV-D of the Social Security Act, after the court has issued

a temporary family support order, the petitioner shall promptly move the court for designation of the parts, if any, of the temporary family support order that are maintenance and child support and the court shall promptly so designate, determining the child support obligation as required in 40-4-204.

(2) As a part of a motion for temporary maintenance, temporary support of a child, or a temporary family support order or by independent motion accompanied by affidavit, either party may request that the court issue a temporary injunction for any of the following relief:

(a) restraining a person from transferring, encumbering, concealing, or otherwise disposing of any property, except in the usual course of business or for the necessities of life, and if so restrained, requiring the person to notify the moving party of any proposed extraordinary expenditures made after the order is issued;

(b) restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability coverage held for the benefit of a party or a child of a party for whom support may be ordered;

(c) enjoining a party from molesting or disturbing the peace of the other party or of any family member or from stalking, as defined in 45-5-220;

(d) excluding a party from the family home or from the home of the other party upon a showing that physical or emotional harm would otherwise result;

(e) enjoining a party from removing a child from the jurisdiction of the court;

(f) ordering a party to complete counseling, including alcohol or chemical dependency counseling or treatment;

(g) providing other injunctive relief proper in the circumstances; and

(h) providing additional relief available under Title 40, chapter 15.

(3) When the clerk of the district court issues a summons pursuant to this chapter, the clerk shall issue and include with the summons a temporary restraining order:

(a) restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether jointly or separately held, without either the consent of the other party or an order of the court, except in the usual course of business or for the necessities of life. The restraining order must require each party to notify the other party of any proposed extraordinary expenditures at least 5 business days before incurring the expenditures and to account to the court for all extraordinary expenditures made after service of the summons. However, the restraining order may not preclude either party from using any property to pay reasonable attorney fees in order to retain counsel in the proceeding.

(b) restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability coverage held for the benefit of a party or a child of a party for whom support may be ordered. However, nothing in this subsection (3) adversely affects the rights, title, or interest of a purchaser, encumbrancer, or lessee for value if the purchaser, encumbrancer, or lessee does not have actual knowledge of the restraining order.

(4) A person may seek the relief provided for in subsection (2) without filing a petition under this part for a dissolution of marriage or legal separation by filing a verified petition requesting relief under Title 27, chapter 19, part 3. Any temporary injunction entered under this subsection must be for a fixed period of

time, not to exceed 1 year, and may be modified as provided in Title 27, chapter 19, part 4, and 40-4-208, as appropriate.

(5) The court may issue a temporary restraining order for a period not to exceed ~~20~~ *21* days without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury will result to the moving party if an order is not issued until the time for responding has elapsed.

(6) The party against whom a temporary injunction is sought must be served with notice and a copy of the motion and is entitled to a hearing on the motion. A response may be filed within ~~20~~ *21* days after service of notice of motion or at the time specified in the temporary restraining order.

(7) At the time of the hearing, the court shall:

(a) inform both parties that the temporary injunction may contain a provision or provisions that limit the rights of one or both parties relating to firearms under state law or a provision or provisions that may subject one or both parties to state or federal laws that limit their rights relating to firearms; and

(b) determine whether good cause exists for the injunction to continue for 1 year.

(8) On the basis of the showing made and in conformity with 40-4-203 and 40-4-204, the court may issue a temporary injunction and an order for temporary maintenance, temporary child support, or temporary family support in amounts and on terms just and proper in the circumstance.

(9) A temporary order or injunction, entered pursuant to Title 40, chapter 15, or this section:

(a) may be revoked or modified on a showing by affidavit of the facts necessary to revocation or modification of a final decree under 40-4-208;

(b) terminates upon order of the court or when the petition is voluntarily dismissed and, in the case of a temporary family support order, upon entry of the decree of dissolution; and

(c) when issued under this section, must conspicuously bear the following: "Violation of this order is a criminal offense under 45-5-220 or 45-5-626."

(10) When the petitioner has fled the parties' residence, notice of the petitioner's new residence must be withheld except by order of the court for good cause shown.

*(11) The court shall seal any qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p), that is issued under this part except for access by the pension plan administrator of the plan for which benefits are being distributed by the order, the child support enforcement division, the parties, and each party's counsel of record.*"

**Section 3.** Section 40-4-201, MCA, is amended to read:

**"40-4-201. Separation agreement.** (1) To promote amicable settlement of disputes between parties to a marriage attendant upon their separation or the dissolution of their marriage, the parties may enter into a written separation agreement containing provisions for disposition of any property owned by either of them, maintenance of either of them, and support, parenting, and parental contact with their children. In cases in which children are involved, the separation agreement may contain a parenting plan as required in 40-4-234.

(2) Subject to subsection (7), in a proceeding for dissolution of marriage or for legal separation, the terms of the separation agreement, except those providing

for the support, parenting, and parental contact with children, are binding upon the court unless it finds, after considering the economic circumstances of the parties and any other relevant evidence produced by the parties, on their own motion or on request of the court, that the separation agreement is unconscionable.

(3) If the court finds the separation agreement unconscionable, it may request that the parties submit a revised separation agreement or it may make orders for the disposition of property, maintenance, and support.

(4) If the court finds that the separation agreement is not unconscionable as to disposition of property or maintenance and not unsatisfactory as to support:

(a) unless the separation agreement provides to the contrary, its terms must be set forth in the decree of dissolution or legal separation and the parties ordered to perform them; or

(b) if the separation agreement provides that its terms may not be set forth in the decree, the decree must identify the separation agreement and state that the court has found the terms not unconscionable.

(5) Terms of the agreement set forth in the decree are enforceable by all remedies available for enforcement of a judgment, including contempt, and are enforceable as contract terms.

(6) Except as provided in subsection (7) and except for terms concerning the support, parenting, or parental contact with the children, the decree may expressly preclude or limit modification of terms set forth in the decree if provided for in the separation agreement. Otherwise, terms of a separation agreement set forth in the decree are automatically modified by modification of the decree.

(7) The decree may be modified, as provided in 40-4-251 through 40-4-258, for failure to disclose assets and liabilities.

*(8) The court shall seal any qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p), that is issued under this part except for access by the pension plan administrator of the plan for which benefits are being distributed by the order, the child support enforcement division, the parties, and each party's counsel of record.*"

**Section 4.** Section 40-4-202, MCA, is amended to read:

**"40-4-202. Division of property.** (1) In a proceeding for dissolution of a marriage, legal separation, or division of property following a decree of dissolution of marriage or legal separation by a court ~~which~~ *that* lacked personal jurisdiction over the absent spouse or lacked jurisdiction to divide the property, the court, without regard to marital misconduct, shall, and in a proceeding for legal separation may, finally equitably apportion between the parties the property and assets belonging to either or both, however and whenever acquired and whether the title ~~thereto~~ *to the property and assets* is in the name of the husband or wife or both. In making apportionment, the court shall consider the duration of the marriage and prior marriage of either party~~;~~*,* the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, and needs of each of the parties~~;~~*,* custodial provisions~~;~~*,* whether the apportionment is in lieu of or in addition to maintenance~~;~~*,* and the opportunity of each for future acquisition of capital assets and income. The court shall also consider the contribution or dissipation of value of the respective estates and the contribution of a spouse as a homemaker or to the family unit. In dividing property acquired prior to the marriage~~;~~*,* property acquired by gift, bequest, devise, or descent~~;~~*,* property

acquired in exchange for property acquired before the marriage or in exchange for property acquired by gift, bequest, devise, or descent~~;~~*,* the increased value of property acquired prior to marriage~~;~~*,* and property acquired by a spouse after a decree of legal separation, the court shall consider those contributions of the other spouse to the marriage, including:

(a) the nonmonetary contribution of a homemaker;

(b) the extent to which ~~such~~ *the* contributions have facilitated the maintenance of ~~this~~ *the* property; and

(c) whether or not the property division serves as an alternative to maintenance arrangements.

(2) In a proceeding, the court may protect and promote the best interests of the children by setting aside a portion of the jointly and separately held estates of the parties in a separate fund or trust for the support, maintenance, education, and general welfare of any minor, dependent, or incompetent children of the parties.

(3) Each spouse is considered to have a common ownership in marital property that vests immediately preceding the entry of the decree of dissolution or declaration of invalidity. The extent of the vested interest must be determined and made final by the court pursuant to this section.

(4) The division and apportionment of marital property caused by or incident to a decree of dissolution, a decree of legal separation, or a declaration of invalidity is not a sale, exchange, transfer, or disposition of or dealing in property but is a division of the common ownership of the parties for purposes of:

(a) the property laws of this state;

(b) the income tax laws of this state; and

(c) the federal income tax laws.

(5) Premarital agreements must be enforced as provided in Title 40, chapter 2, part 6.

*(6) The court shall seal any qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p), that is issued under this part except for access by the pension plan administrator of the plan for which benefits are being distributed by the order, the child support enforcement division, the parties, and each party's counsel of record.*"

**Section 5.** Section 40-4-203, MCA, is amended to read:

**"40-4-203. Maintenance.** (1) In a proceeding for dissolution of marriage or legal separation or a proceeding for maintenance following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, the court may grant a maintenance order for either spouse only if it finds that the spouse seeking maintenance:

(a) lacks sufficient property to provide for the spouse's reasonable needs; and

(b) is unable to be self-supporting through appropriate employment or is the custodian of a child whose condition or circumstances make it appropriate that the custodian not be required to seek employment outside the home.

(2) The maintenance order must be in amounts and for periods of time that the court considers just, without regard to marital misconduct, and after considering all relevant facts, including:

(a) the financial resources of the party seeking maintenance, including marital property apportioned to that party, and the party's ability to meet the party's needs independently, including the extent to which a provision for

support of a child living with the party includes a sum for that party as custodian;

(b) the time necessary to acquire sufficient education or training to enable the party seeking maintenance to find appropriate employment;

(c) the standard of living established during the marriage;

(d) the duration of the marriage;

(e) the age and the physical and emotional condition of the spouse seeking maintenance; and

(f) the ability of the spouse from whom maintenance is sought to meet the spouse's own needs while meeting those of the spouse seeking maintenance.

*(3) The court shall seal any qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p), that is issued under this part except for access by the pension plan administrator of the plan for which benefits are being distributed by the order, the child support enforcement division, the parties, and each party's counsel of record.*"

**Section 6.** Section 40-4-204, MCA, is amended to read:

**"40-4-204. Child support — orders to address health insurance — withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the parents;

(c) the standard of living that the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and the child's educational and medical needs;

(e) the age of the child;

(f) the cost of day care for the child;

(g) any parenting plan that is ordered or decided upon; and

(h) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or that it is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for that finding. Similar reasons must

also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(d) Child support obligations established under this section are subject to the registration and processing provisions of Title 40, chapter 5, part 9.

(4) Each temporary or final district court judgment, decree, or order establishing a child support obligation under this title and each modification of a final order for child support must include a medical support order as provided for in Title 40, chapter 5, part 8.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income-withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period. When an order is annualized and withheld on a weekly or biweekly basis under this section, the support withheld from the obligor may be retained by the obligee when it exceeds the obligor's monthly support obligation if the excess support is a result of annualized withholding.

(d) If an obligor is exempted from paying support through income withholding, the support order must include a requirement that whenever the case is receiving services under Title IV-D of the Social Security Act, support payments must be paid through the department of public health and human services as provided in 40-5-909.

(6) (a) Each district court judgment, decree, or order that establishes paternity or establishes or modifies a child support obligation must include a provision requiring the parties to promptly file with the court and to update, as necessary, information on:

(i) the party's identity, residential and mailing addresses, telephone number, [social security number,] and driver's license number;

(ii) the name, address, and telephone number of the party's employer; and

(iii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the names of the persons covered, and any other pertinent information

regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the party's employer.

(b) The court shall keep the information provided under subsection (6)(a) confidential except that the information may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act*, to the parties, and to each party's counsel of record. The information provided under subsection (6)(a) may be included on the case registry and vital statistics reporting form filed with the court pursuant to 40-5-908(1).*

(c) The order must also require that in any subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the district court or the department of public health and human services, if the department is providing services under Title IV-D of the Social Security Act, may consider due process requirements for notice and service of process met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the court.

(7) A judgment, decree, or order establishing a child support obligation under this part may be modified or adjusted as provided in 40-4-208 or, if the department of public health and human services is providing services under Title IV-D of the Social Security Act, may be modified or adjusted by the department as provided for in 40-5-271 through 40-5-273, 40-5-277, and 40-5-278.

(8) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support obligation to be paid, without need for further court order:

(i) to the person with whom the child resides by legal order;

(ii) if the person with whom the child legally resides voluntarily or involuntarily relinquishes physical care and control of the child to another person, organization, or agency, to the person, organization, or agency to whom physical custody has been relinquished;

(iii) if any other person, organization, or agency is entitled by law, assignment, or similar reason to receive or collect the child support obligation, to the person, organization, or agency having the right to receive or collect the payment; or

(iv) to the court for the benefit of the minor child.

(b) When the department of public health and human services is providing services under Title IV-D of the Social Security Act, payment of support must be made through the department for distribution to the person, organization, or agency entitled to the payment.

(c) A judgment, decree, or order that omits the provision required by subsection (8)(a) is subject to the requirements of subsection (8)(a) without need for an amendment to the judgment, decree, or order or for any further action by the court.

(9) A judgment, decree, or order that establishes or modifies a child support obligation must include a provision that if a parent or guardian is the obligee under a child support order and is obligated to pay a contribution for the same child under 41-3-438, 41-5-1304, or 41-5-1512, the parent or guardian assigns and transfers to the department of public health and human services all rights that the parent or guardian may have to child support that are not otherwise assigned under 53-2-613.

*(10) The court shall seal any qualified domestic relations order, as defined in section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p), that is issued under this part except for access by the pension plan administrator of the plan for which benefits are being distributed by the order, the child support enforcement division, the parties, and each party's counsel of record.* (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)"

**Section 7.** Section 40-4-205, MCA, is amended to read:

**"40-4-205. Guardian ad litem.** (1) The court may appoint a guardian ad litem to represent the interests of a minor dependent child with respect to the child's support, parenting, and parental contact. The guardian ad litem may be an attorney. The county attorney, a deputy county attorney, if any, or the department of public health and human services or any of its staff may not be appointed for this purpose.

(2) The guardian ad litem has the following general duties:

(a) to conduct investigations that the guardian ad litem considers necessary to ascertain the facts related to the child's support, parenting, and parental contact;

(b) to interview or observe the child who is the subject of the proceeding;

(c) to make written reports to the court concerning the child's support, parenting, and parental contact;

(d) to appear and participate in all proceedings to the degree necessary to adequately represent the child and make recommendations to the court concerning the child's support, parenting, and parental contact; and

(e) to perform other duties as directed by the court.

(3) The guardian ad litem has access to court, medical, psychological, law enforcement, social services, and school records pertaining to the child and the child's siblings and parents or caretakers.

(4) The court shall enter an order for costs and fees in favor of the child's guardian ad litem. The order must be made against either or both parents, except that if the responsible party is indigent, the costs must be waived.

*(5) The guardian ad litem shall mail the report to counsel and to any party not represented by counsel at least 10 days prior to the hearing.*"

**Section 8.** Section 40-4-215, MCA, is amended to read:

**"40-4-215. Investigations and reports.** (1) If a parent or a court-appointed third party requests, or if the court finds that a parenting proceeding is contested, the court may order an investigation and report concerning parenting arrangements for the child. The investigator may be the child's guardian ad litem or other professional considered appropriate by the court. The department of public health and human services may not be ordered to conduct the investigation or draft a report unless the person requesting the investigation is a recipient of financial assistance, as defined in 53-4-201, or a participant in the food stamp program, as defined in 53-2-902, and all reasonable options for payment of the investigation, if conducted by a person not employed by the department, are exhausted. The department may consult with any investigator and share information relevant to the child's best interests. The cost of the investigation and report must be paid according to the final order. The cost of the educational evaluation under subsection (2)(a) must be paid by the state as provided in 3-5-901.

(2) The court shall determine, if appropriate, the level of evaluation necessary for adequate investigation and preparation of the report, which may include one or more of the following:

(a) parenting education;

(b) mediation pursuant to 40-4-301;

(c) factfinding by the investigator; and

(d) psychological evaluation of the parties.

(3) In preparing a report concerning a child, the investigator may consult any person who has information about the child and the child's potential parenting arrangements. Upon order of the court, the investigator may refer the child to professional personnel for diagnosis. Except as required for children 16 years of age or older, the investigator may consult with and obtain information from medical, psychiatric, or other expert persons who have served the child in the past without obtaining the consent of the persons or entities authorized by law to grant or withhold access to the records. The child's consent must be obtained if the child is 16 years of age or older unless the court finds that the child lacks mental capacity to consent. If the requirements of subsection (4) are fulfilled, the investigator's report may be received in evidence at the hearing.

(4) The ~~court~~ *investigator* shall mail the investigator's report to counsel and to any party not represented by counsel at least 10 days prior to the hearing. When consistent with state and federal law, the investigator shall make available to counsel and to any party not represented by counsel the investigator's file of underlying data and reports, complete texts of diagnostic reports made to the investigator pursuant to the provisions of subsection (3), and the names and addresses of all persons whom the investigator has consulted. Any party to the proceeding may call the investigator and any person the investigator has consulted for cross-examination. A party may not waive the right of cross-examination prior to the hearing. The results of the investigation must be included in the court record and may, without objection, be sealed."

**Section 9.** Section 40-4-219, MCA, is amended to read:

**"40-4-219. Amendment of parenting plan — mediation.** (1) The court may in its discretion amend a prior parenting plan if it finds, upon the basis of facts that have arisen since the prior plan or that were unknown to the court at the time of entry of the prior plan, that a change has occurred in the circumstances of the child and that the amendment is necessary to serve the best interest of the child. In determining the child's best interest under this section, the court may, in addition to the criteria in 40-4-212, also consider whether:

(a) the parents agree to the amendment;

(b) the child has been integrated into the family of the petitioner with consent of the parents;

(c) the child is 14 years of age or older and desires the amendment;

(d) one parent has willfully and consistently:

(i) refused to allow the child to have any contact with the other parent; or

(ii) attempted to frustrate or deny contact with the child by the other parent; or

(e) one parent has changed or intends to change the child's residence in a manner that significantly affects the child's contact with the other parent.

(2) A court may modify a de facto parenting arrangement in accordance with the factors set forth in 40-4-212.

(3) The court shall presume a parent is not acting in the child's best interest if the parent does any of the acts specified in subsection (1)(d) or (8).

(4) The court may amend the prior parenting plan based on subsection (1)(e) to provide a new residential schedule for parental contact with the child and to apportion transportation costs between the parents.

(5) Attorney fees and costs must be assessed against a party seeking frivolous or repeated amendment if the court finds that the amendment action is vexatious and constitutes harassment.

(6) A parenting plan may be amended upon the death of one parent pursuant to 40-4-221.

(7) As used in this section, "prior parenting plan" means a parenting determination contained in a judicial decree or order made in a parenting proceeding. In proceedings for amendment under this section, a proposed amended parenting plan must be filed and served with the motion for amendment and with the response to the motion for amendment. Preference must be given to carrying out the parenting plan.

(8) (a) If a parent or other person residing in that parent's household has been convicted of any of the crimes listed in subsection (8)(b), the other parent or any other person who has been granted rights to the child pursuant to court order may file an objection to the current parenting order with the court. The parent or other person having rights to the child pursuant to court order shall give notice to the other parent of the objection as provided by the Montana Rules of Civil Procedure, and the other parent has ~~20~~ *21* days from the notice to respond. If the parent who receives notice of objection fails to respond within ~~20~~ *21* days, the parenting rights of that parent are suspended until further order of the court. If that parent responds and objects, a hearing must be held within 30 days of the response.

(b) This subsection (8) applies to the following crimes:

(i) deliberate homicide, as described in 45-5-102;

(ii) mitigated deliberate homicide, as described in 45-5-103;

(iii) sexual assault, as described in 45-5-502;

(iv) sexual intercourse without consent, as described in 45-5-503;

(v) deviate sexual conduct with an animal, as described in 45-2-101 and prohibited under 45-5-505;

(vi) incest, as described in 45-5-507;

(vii) aggravated promotion of prostitution of a child, as described in 45-5-603(1)(b);

(viii) endangering the welfare of children, as described in 45-5-622;

(ix) partner or family member assault of the type described in 45-5-206(1)(a);

(x) sexual abuse of children, as described in 45-5-625.

(9) Except in cases of physical abuse or threat of physical abuse by one parent against the other parent or the child, or when a parent has been convicted of a crime enumerated in subsection (8)(b), the court may, in its discretion, order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding amendment of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency, and court action.

(10) (a) Except as provided in subsection (10)(b), a court-ordered or de facto modification of a parenting plan based in whole or in part on military service orders of a parent is temporary and reverts to the previous parenting plan at the

end of the military service. If a motion for an amendment of a parenting plan is filed after a parent returns from military service, the court may not consider a parent's absence due to that military service in its determination of the best interest of the child.

(b) A parent who has performed or is performing military service, as defined in 10-1-1003, may consent to a temporary or permanent modification of a parenting plan:

(i) for the duration of the military service; or

(ii) that continues past the end of the military service."

**Section 10.** Section 40-4-220, MCA, is amended to read:

**"40-4-220. Affidavit practice.** (1) Unless the parties agree to an interim parenting plan or an amended parenting plan, the moving party seeking an interim parenting plan or amendment of a final parenting plan shall submit, together with the moving papers, an affidavit setting forth facts supporting the requested plan or amendment and shall give notice, together with a copy of the affidavit, to other parties to the proceeding, who may file opposing affidavits. The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the affidavits, based on the best interests of the child, in which case it shall set a date for hearing on an order to show cause why the requested plan or amendment should not be granted.

(2) (a) A party seeking an interim parenting plan may request that the court grant a temporary order providing for living arrangements for the child ex parte. The party shall make the request in the moving papers and shall submit an affidavit showing that:

(i) no previous parenting plan has been ordered by a court and it would be in the child's best interest under the standards of 40-4-212 if temporary living arrangements for the child were as proposed by the moving party; or

(ii) although a previous parenting plan has been ordered, an emergency situation has arisen in the child's present environment that endangers the child's physical, mental, or emotional health and an immediate change in the parenting plan is necessary to protect the child.

(b) If the court finds from the affidavits submitted by the moving party that the interim parenting plan proposed by the moving party would be in the child's best interest under the standards of 40-4-212 and that the child's present environment endangers the child's physical, mental, or emotional health and the child would be protected by the interim parenting plan, the court shall make an order implementing the interim parenting plan proposed by the moving party. The court shall require all parties to appear and show cause within ~~20~~ *21* days from the execution of the interim parenting plan why the interim parenting plan should not remain in effect until further order of court."

**Section 11. Applicability.** [This act] applies to proceedings filed after [the effective date of this act].

**Section 12. Contingent termination.** The amendments to 40-4-105(6) terminate on the occurrence of the contingency contained in section 1, Ch. 27, L. 1999.

AN ACT REVISING LAWS PERTAINING TO THE DISPOSITION OF PERSONAL PROPERTY ABANDONED BY A TENANT AFTER TERMINATION OF A RENTAL AGREEMENT; CLARIFYING THE RESPONSIBILITIES OF A LANDLORD WITH RESPECT TO A TENANT'S ABANDONED PROPERTY; AND AMENDING SECTION 70-24-430, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 70-24-430, MCA, is amended to read:

**"70-24-430. Disposition of personal property abandoned by tenant after termination.** (1) *(a)* If a tenancy terminates in any manner except by court order and the landlord ~~reasonably believes~~ *has clear and convincing evidence* that the tenant has abandoned all personal property that the tenant has left on the premises and a period of time of at least ~~5 days~~ *48 hours* has elapsed since ~~the occurrence of events upon which~~ the landlord ~~formed that belief~~ *obtained that evidence*, the landlord may ~~remove the property from the premises~~ *immediately remove the abandoned property from the premises and immediately dispose of any trash or personal property that is hazardous, perishable, or valueless*.

*(b) An item that is clearly labeled "rent to own" or "leased" or likewise identified may be discarded only with confirmation from the lessor that the item does not have a lien, provided that the lessor can be easily identified from the label and the landlord makes a reasonable effort to contact the lessor.*

*(c) For the purposes of this subsection (1), the following definitions apply:*

*(i) "Hazardous" means any item that is potentially or actually flammable, a biohazard, or an item otherwise capable of inflicting personal harm or injury.*

*(ii) "Perishable" means any item requiring refrigeration or any food item with a marked expiration date.*

*(iii) "Valueless" means any item that has an insubstantial resale value but does not include personal photos, jewelry, or other small items that are irreplaceable.*

(2) The landlord shall inventory and store all ~~goods, chattels, and~~ *abandoned* personal property of the tenant *that the landlord reasonably believes is valuable* in a place of safekeeping and shall exercise reasonable care for the property. The landlord may charge a reasonable storage and labor charge if the property is stored by the landlord, plus the cost of removal of the property to the place of storage. The landlord may store the property in a commercial storage

company, in which case the storage cost includes the actual storage charge plus the cost of removal of the property to the place of storage.

(3) After complying with ~~subsections (1) and~~ *subsection* (2), the landlord shall~~:~~

~~(a)~~ make a reasonable attempt to notify the tenant in writing that the property must be removed from the place of safekeeping~~;~~

~~(b) notify the local law enforcement office of the property held by the landlord;~~

~~(c) make a reasonable effort to determine if the property is secured or otherwise encumbered; and~~

~~(d) send~~ *by sending* a notice *with a certificate of mailing or* by certified mail to the last-known address of the tenant, stating that at a specified time, not less than ~~15~~ *10* days after mailing the notice, the property will be disposed of if not removed.

(4) The landlord may dispose of the property after complying with subsection (3) by:

(a) selling all or part of the property at a public or private sale; or

(b) destroying or otherwise disposing of all or part of the property if the landlord reasonably believes that the value of the property is so low that the cost of storage or sale exceeds the reasonable value of the property.

(5) If the tenant, upon receipt of the notice provided in subsection (3), responds in writing to the landlord on or before the day specified in the notice that the tenant intends to remove the property and does not do so within 7 days after delivery of the tenant's response, the tenant's property *whether of value or not* is conclusively presumed to be abandoned. If the tenant removes the property, the landlord is entitled to storage costs for the period that the property remains in safekeeping, plus the cost of removal of the property to the place of storage. Reasonable storage costs are allowed a landlord who stores the property, and actual storage costs are allowed a landlord who stores the property in a commercial storage company. A landlord is entitled to payment of the storage costs allowed under this subsection before the tenant may remove the property.

(6) The landlord is not responsible for any loss to the tenant resulting from storage unless the loss is caused by the landlord's purposeful or negligent act. On the event of purposeful violation, the landlord is liable for actual damages.

(7) A public or private sale authorized by this section must be conducted under the provisions of 30-9A-601 or the sheriff's sale provisions of Title 25, chapter 13, part 7.

(8) The landlord may deduct from the proceeds of the sale the reasonable costs of notice, storage, labor, and sale and any delinquent rent or damages owing on the premises and shall remit to the tenant the remaining proceeds, if any, together with an itemized accounting. If the tenant cannot after due diligence be found, the remaining proceeds must be deposited with the county treasurer of the county in which the sale occurred and, if not claimed within 3 years, must revert to the general fund of the county available for general purposes.

*(9) The landlord shall ensure that the terms of this section are included in plain and understandable language as a notification in any lease or rental agreement at the time of the agreement or when the tenant occupies the property.*

*The landlord shall provide the same notification upon termination of the lease or rental agreement.*"

(ii) the capability of the land prior to any mining to support a variety of uses, giving consideration to soil characteristics, topography, and vegetative cover; and

(iii) the productivity of the land prior to mining, including appropriate classification as prime farm land, as well as the average yield of food, fiber, forage, or wood products from land under high levels of management;

(q) a coal conservation plan; and

(r) other or further information as the department may require.

(2) The application for a permit must be accompanied by two copies of all maps meeting the requirements of subsections (2)(a) through (2)(n). The maps must:

(g) show the proposed location of waste or refuse area;

(h) show the proposed location of temporary subsoil and topsoil storage area;

(i) show the proposed location of all facilities;

(j) show the location of test boring holes;

(k) show the surface location lines of any geologic cross sections that have been submitted;

(m) be certified as follows: "I, the undersigned, hereby certify that this map is correct and shows to the best of my knowledge and belief all the information required by the mining laws of this state." The certification must be signed ~~and notarized~~. The department may reject a map as incomplete if its accuracy is not attested *by the signed certification*.

(n) contain other or further information as the department may require.

(3) If the department finds that the probable total annual production at all locations of any strip-mining or underground-coal-mining operation applied for will not exceed 100,000 tons, any determination of probable hydrologic consequences that the department requires and the statement of result of test borings or core samplings must, upon written request of the operator, be performed by a qualified public or private laboratory designated by the department. (5) Each applicant for a coal mining permit shall submit as part of the application a certificate issued by an insurance company authorized to do business in the state, certifying that the applicant has in force for the strip-mining or underground-mining and reclamation operations for which the permit is sought a public liability insurance policy or evidence that the applicant has satisfied other state or federal self-insurance requirements. This policy must provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of strip-mining or underground-coal-mining and reclamation operations, including use of explosives, and entitled to compensation under applicable provisions of state law. The permittee shall maintain the policy in full force and effect during the term of the permit and any renewal until all reclamation operations have been completed.

(6) An applicant may revise an application for a permit, a permit amendment, or a permit revision that is pending on January 1, 2004, in order to incorporate the provisions of this part.

(i) the referring health care professional is participating in the clinical trial and has concluded that the individual's participation in the trial would be appropriate; or

(ii) the individual provides medical and scientific information establishing that the individual's participation in the clinical trial is appropriate because the individual meets the conditions described in the trial protocol.

(c) (i) "Routine patient costs" include all items and services covered by a plan of individual or group health insurance coverage when the items or services are typically covered for a qualified individual who is not enrolled in an approved clinical trial.

(ii) The term does not include:

The department shall administer the Montana medicaid program.

(2) The department and the legislature shall consider the following funding principles when considering changes in medicaid policy that either increase or reduce services:

(a) protecting those persons who are most vulnerable and most in need, as defined by a combination of economic, social, and medical circumstances;

(b) giving preference to the elimination or restoration of an entire medicaid program or service, rather than sacrifice or augment the quality of care for several programs or services through dilution of funding; and

(c) giving priority to services that employ the science of prevention to reduce disability and illness, services that treat life-threatening conditions, and services that support independent or assisted living, including pain management, to reduce the need for acute inpatient or residential care.

(3) Medical assistance provided by the Montana medicaid program includes the following services:

(a) inpatient hospital services;

(q) any additional medical service or aid allowable under or provided by the federal Social Security Act.

(5) Services for persons qualifying for medicaid under the medically needy category of assistance, as described in 53-6-131, may be more limited in amount, scope, and duration than services provided to others qualifying for assistance under the Montana medicaid program. The department is not required to provide all of the services listed in subsections (3) and (4) to persons qualifying for medicaid under the medically needy category of assistance.

(6) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving

financial assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child under the FAIM project and for all adult recipients of medical assistance only who are covered under a group related to a program providing financial assistance, as defined in 53-4-201. Basic medicaid benefits consist of all mandatory services listed in ~~subsections (3)(a) through (3)(l)~~ *subsection (3)* but may include those optional services listed in subsections (4)(a) through (4)(q) that the department in its discretion specifies by rule. The department, in exercising its discretion, may consider the amount of funds appropriated by the legislature, whether approval has been received, as provided in 53-1-612, and whether the provision of a particular service is commonly covered by private health insurance plans. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

(7) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.

(8) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.

(9) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost-effective.

(10) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.

(11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(12) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program after taking into consideration the funding principles set forth in subsection (2)."

LISTINGS; AND AMENDING SECTIONS 82-4-222, 82-4-226, 82-4-227, 82-4-237, AND 82-4-253, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 82-4-222, MCA, is amended to read:

**"82-4-222. Permit application — application revisions.** (1) An operator desiring a permit shall file an application that must contain a complete and detailed plan for the mining, reclamation, revegetation, and rehabilitation of the land and water to be affected by the operation. The plan must reflect thorough advance investigation and study by the operator, include all known or readily discoverable past and present uses of the land and water to be affected and the approximate periods of use, and provide:

(b) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the area of land to be affected by the permit and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the affected area;

(c) the names and addresses of the present owners of record and any purchasers under contracts for deed of all subsurface minerals in the land to be affected;

(d) the source of the applicant's legal right to mine the mineral on the land affected by the permit;

(e) the permanent and temporary post-office addresses of the applicant;

(f) whether the applicant or any person associated with the applicant holds or has held any other permits under this part and an identification of those permits;

(g) (i) whether the applicant is in compliance with 82-4-251 and, if known, whether each officer, partner, director, or any individual, owning of record or beneficially, alone or with associates, 10% or more of any class of stock of the applicant, is subject to any of the provisions of 82-4-251. If so, the applicant shall certify the fact.

(ii) whether any of the parties or persons specified in subsection (1)(g)(i) have ever had a strip-mining or underground-mining license or permit issued by any other state or federal agency revoked or have ever forfeited a strip-mining or underground-mining bond or a security deposited in lieu of a bond. If so, a detailed explanation of the facts involved in each case must be attached.

(h) whether the applicant has a record of outstanding reclamation fees with the federal coal regulatory authority;

(i) the names and addresses of any persons who are engaged in strip-mining or underground-mining activities on behalf of the applicant;

(j) the annual rainfall and the direction and average velocity of the prevailing winds in the area where the applicant has requested a permit;

(k) the results of any test borings or core samplings that the applicant or the applicant's agent has conducted on the land to be affected, including the nature and the depth of the various strata or overburden and topsoil, the quantities and location of subsurface water and its quality, the thickness of any mineral seam, an analysis of the chemical properties of the minerals, including the acidity, sulfur content, and trace mineral elements of any coal seam, as well as the British thermal unit (Btu) content of the seam, and an analysis of the overburden, including topsoil. If test borings or core samplings are submitted,

each permit application must contain ~~two copies each of~~ two sets of geologic cross sections accurately depicting the known geologic makeup beneath the surface of the affected land. Each set must depict subsurface conditions at intervals the department requires across the surface and must run at a 90-degree angle to the other set. The department may not require intervals of less than 500 feet. Each cross section must depict the thickness and geologic character of all known strata, beginning with the topsoil. In addition, each application for an underground-mining permit must be accompanied by cross sections and maps showing the proposed underground locations of all shafts, entries, and haulageways or other excavations to be excavated during the permit period. These cross sections must also include all existing shafts, entries, and haulageways.

(m) a determination of the probable hydrologic consequences of coal mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime and quantity and quality of water in surface water and ground water systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas, so that cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability can be made. However, this determination is not required until hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. The permit may not be approved until the information is available and is incorporated into the application. The determination of probable hydrologic consequences must include findings on:

(i) whether adverse impacts may occur to the hydrologic balance;

(ii) whether acid-forming or toxic-forming materials are present that could result in the contamination of ground water or surface water supplies;

(iii) whether the proposed operation may proximately result in contamination, diminution, or interruption of an underground or surface source of water within the proposed permit or adjacent areas that is used for domestic, agricultural, industrial, or other beneficial use; and

(iv) what impact the operation will have on:

(A) sediment yields from the disturbed area;

(B) acidity, total suspended and dissolved solids, and other important water quality parameters of local impact;

(C) flooding or streamflow alteration;

(D) ground water and surface water availability; and

(E) other characteristics required by the department that potentially affect beneficial uses of water in and adjacent to the permit area;

(n) a plan for monitoring ground water and surface water, based upon the determination of probable hydrologic consequences required under subsection

(1)(m). The plan must provide for the monitoring of parameters that relate to the availability and suitability of ground water and surface water for current and approved postmining land uses and the objectives for protection of the hydrologic balance.

(p) the condition of the land to be covered by the permit prior to any mining, including:

(i) the land uses existing at the time of the application and, if the land has a history of previous mining, the uses that preceded any mining;

(ii) the capability of the land prior to any mining to support a variety of uses, giving consideration to soil characteristics, topography, and vegetative cover; and

(iii) the productivity of the land prior to mining, including appropriate classification as prime farm land, as well as the average yield of food, fiber, forage, or wood products from land under high levels of management;

(q) a coal conservation plan; and

(r) other or further information as the department may require.

(2) The application for a permit must be accompanied by ~~two copies of all~~ maps meeting the requirements of subsections (2)(a) through ~~(2)(n)~~ *(2)(n)*. The maps must:

(a) identify the area to correspond with the application;

(b) show any adjacent deep mining or surface mining, the boundaries of surface properties, and names of owners of record of the affected area and within 1,000 feet of any part of the affected area;

(c) show the names and locations of all streams, creeks, or other bodies of water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within 1,000 feet of the area;

(d) show by appropriate markings the boundaries of the area of land affected, any cropline of the seam or deposit of mineral to be mined, and the total number of acres involved in the area of land affected;

(e) show the date on which the map was prepared and the north point;

(f) show the final surface and underground water drainage plan on and away from the area of land affected. This plan must indicate the directional and volume flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(g) show the proposed location of waste or refuse area;

(h) show the proposed location of temporary subsoil and topsoil storage area;

(i) show the proposed location of all facilities;

~~(m) be certified as follows: "I, the undersigned, hereby certify that this map is correct and shows to the best of my knowledge and belief all the information required by the mining laws of this state." The certification must be signed and notarized. The department may reject a map as incomplete if its accuracy is not attested.~~

*(m) be certified by a professional engineer or professional land surveyor licensed as provided by Title 37, chapter 67; and*

~~(n)~~*(n)* contain other or further information as the department may require.

(3) If the department finds that the probable total annual production at all locations of any strip-mining or underground-coal-mining operation applied for will not exceed 100,000 tons, any determination of probable hydrologic consequences that the department requires and the statement of result of test borings or core samplings must, upon written request of the operator, be performed by a qualified public or private laboratory designated by the department. The department shall assume the cost of the determination and statement to the extent that it has received funds for this purpose.

(4) In addition to the information and maps required by this section, each application for a permit must be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, subsidence stabilization, water control, grading work, highwall reduction, topsoiling, planting, and revegetating, and a reclamation plan for the area affected by the operation, which proposals must meet the requirements of this part and rules adopted under this part. The reclamation plan must address the life of the operation and indicate the size, sequence, and the timing of the subareas for which it is anticipated that individual permits will be sought.

(5) Each applicant for a coal mining permit shall submit as part of the application a certificate issued by an insurance company authorized to do business in the state, certifying that the applicant has in force for the strip-mining or underground-mining and reclamation operations for which the permit is sought a public liability insurance policy or evidence that the applicant has satisfied other state or federal self-insurance requirements. This policy must provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of strip-mining or underground-coal-mining and reclamation operations, including use of explosives, and entitled to compensation under applicable provisions of state law. The permittee shall maintain the policy in full force and effect during the term of the permit and any renewal until all reclamation operations have been completed.

(6) An applicant may revise an application for a permit, a permit amendment, or a permit revision that is pending on January 1, 2004, in order to incorporate the provisions of this part.

(7) A permittee may apply to revise and the department may approve an application to incorporate the provisions of this part into a reclamation plan approved before January 1, 2004. The reclamation plan may be revised whether or not reclamation has been completed pursuant to the reclamation plan.

(8) Each applicant for a strip-mining or underground-mining reclamation permit shall file a copy of the applicant's application for public inspection with the clerk and recorder at the courthouse of the county in which the major portion of mining is proposed to occur *or at another accessible public office or facility approved by the department*."

**Section 2.** Section 82-4-226, MCA, is amended to read:

**"82-4-226. Prospecting permit.** (1) Except as provided in subsection (7), prospecting by any person on land not included in a valid strip-mining or underground-mining permit is unlawful without possessing a valid prospecting permit issued by the department as provided in this section. A prospecting permit may not be issued until the person submits an application, the application is examined, amended if necessary, and approved by the department, and an adequate reclamation performance bond is posted, all of which prerequisites must be done in conformity with the requirements of this part.

(2) ~~Except for an application filed pursuant to subsection (8), an~~ *An* application for a prospecting permit *filed pursuant to subsection (1)* must be made in writing, notarized, and submitted to the department ~~in duplicate~~ upon forms prepared and furnished by it. The application must include among other things a prospecting map and a prospecting reclamation plan of substantially the same character as required for a surface-mining or underground-mining map and reclamation plan under this part. The department shall determine by rules the precise nature of the required prospecting map and reclamation plan. Any applicant who intends to prospect by means of core drilling shall specify the location and number of holes to be drilled, methods to be used in sealing aquifers, and other information that may be required by the department. The applicant shall state what types of prospecting and excavating techniques will be employed on the affected land. The application must also include any other or further information that the department may require.

(3) Before the department gives final approval to the prospecting permit application, the applicant shall file with the department a reclamation and revegetation bond in a form and in an amount as determined in the same manner for strip-mining or underground-mining reclamation and revegetation bonds under this part.

(4) In the event that the holder of a prospecting permit desires to strip mine or underground mine the area covered by the prospecting permit and has fulfilled all the requirements for a strip-mining or underground-mining permit, the department may permit the postponement of the reclamation of the acreage prospected if that acreage is incorporated into the complete reclamation plan submitted with the application for a strip-mining or underground-mining permit. Any land actually affected by prospecting or excavating under a prospecting permit and not covered by the strip-mining or underground-mining reclamation plan must be promptly reclaimed.

(5) The prospecting permit is valid for 1 year and is subject to renewal, suspension, and revocation in the same manner as strip-mining or underground-mining permits under this part.

(6) The holder of the prospecting permit shall file with the department the same progress reports, maps, and revegetation progress reports as are required of strip-mining or underground-mining operators under this part.

(7) (a) Prospecting that is not conducted in an area designated unsuitable for coal mining pursuant to 82-4-227 or 82-4-228, that is not conducted for the purpose of determining the location, quality, or quantity of a mineral deposit, and that does not remove more than 250 tons of coal is not subject to subsections (1) through (6). ~~In addition, coal prospecting that is conducted to determine the location, quality, or quantity of a mineral deposit outside an area designated unsuitable, that does not remove more than 250 tons of coal, and that does not substantially disturb the natural land surface is not subject to subsections (1) through (6).~~ However, ~~except for a prospecting operation for which a permit is required by subsection (7)(b),~~ a person who conducts prospecting described in this subsection *(7)(a)* shall file with the department a notice of intent to prospect that contains the information required by the department before commencing prospecting operations. If this prospecting substantially disturbs the natural land surface, it must be conducted in accordance with the performance standards of the board's rules regulating the conduct and reclamation of prospecting operations that remove coal. The department may inspect these prospecting and reclamation operations at any reasonable time.

(b) *(i)* Prospecting conducted to determine the location, quality, or quantity of coal outside an area designated unsuitable that is not included in a valid strip-mining or underground-mining permit*, that does not substantially disturb the land surface,* and that does not remove more than 250 tons of coal *is not subject to subsections (1) and (2) but* may not be conducted without a valid prospecting permit issued pursuant to subsection (8).

*(ii) For purposes of this subsection (7)(b), the drilling of coal prospecting holes, the installation and use of associated disposal pits, and the installation of ground water monitoring wells does not constitute substantial disturbance.*

(8) (a) An application for a coal prospecting permit required by subsection (7)(b) must contain:

(i) the name, address, and telephone number of the person who seeks to prospect;

(ii) the name, address, and telephone number of the person's representative who will be present at and responsible for conducting the prospecting activities;

(iii) a narrative describing the proposed prospecting area or a map of the prospecting area at a scale of 1:24,000 or greater showing:

(A) the general location of drill holes and trenches;

(B) existing and proposed roads;

(C) occupied dwellings;

(D) topographic features;

(E) bodies of water; and

(F) pipelines;

(iv) a copy of the documents upon which the applicant bases its legal right to prospect, including documentation that the owners of the land affected have been notified and understand that the department will make investigations and inspections to ensure compliance;

(v) a statement of the period of intended prospecting; and

(vi) a description of the method of prospecting to be used and the practices that will be followed to protect the environment and reclaim disturbed areas,

including plugging of prospecting holes, in accordance with rules adopted by the board.

(b) Within 10 working days of receipt of an application, the department shall notify the applicant in writing as to whether the application is complete and preliminarily acceptable. If the department determines that the application is not complete or not preliminarily acceptable, the department shall include a detailed identification of information necessary to cure the deficiency.

(c) Within 5 working days of receipt of the applicant's response to the identified deficiencies, the department shall review the response and notify the person as to whether the application is complete and preliminarily acceptable. If the department determines the application is not complete or preliminarily acceptable, the department shall notify the person in writing and include a detailed identification of information necessary to make the application complete and preliminarily acceptable.

(d) When the department determines that the application is complete and preliminarily acceptable, the department shall notify the applicant in writing. The notification must include the amount of bond that is required to be posted in order for the permit to be issued.

(e) Upon receipt of the department's determination of preliminary acceptability, the applicant shall place an advertisement in a newspaper of general circulation in the locality of the proposed prospecting. The notice must describe the application and a place in the locality where the public may examine the application and must notify the public that it may submit written comments by delivering or mailing them to the department within 10 days following publication of the notice.

(f) After close of the public comment period, the department shall notify the applicant as to whether the application is acceptable. The department shall issue the notification within 5 working days of the close of the comment period if no comments are received and within 10 working days if comments are received. In the notice of acceptability, the department shall notify the applicant of any adjustment in the amount of the bond.

(g) A permit issued pursuant to this subsection (8) is subject to subsections (3) through (6)."

**Section 3.** Section 82-4-227, MCA, is amended to read:

**"82-4-227. Refusal of permit — *applicant violator system.*** (1) An application for a prospecting, strip-mining, or underground-mining permit or major revision may not be approved by the department unless, on the basis of the information set forth in the application, in an onsite inspection, and in an evaluation of the operation by the department, the applicant has affirmatively demonstrated that the requirements of this part and rules will be observed and that the proposed method of operation, backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, revegetation, or reclamation of the affected area can be carried out consistently with the purpose of this part. The applicant for a permit or major revision has the burden of establishing that the application is in compliance with this part and the rules adopted under it.

(2) The department may not approve the application for a prospecting, strip-mining, or underground-mining permit when the area of land described in the application includes land that has special, exceptional, critical, or unique characteristics or when mining or prospecting on that area would adversely affect the use, enjoyment, or fundamental character of neighboring land that

has special, exceptional, critical, or unique characteristics. For the purposes of this part, land is defined as having these characteristics if it possesses special, exceptional, critical, or unique:

(a) biological productivity, the loss of which would jeopardize certain species of wildlife or domestic stock;

(b) ecological fragility, in the sense that the land, once adversely affected, could not return to its former ecological role in the reasonably foreseeable future;

(c) ecological importance, in the sense that the particular land has such a strong influence on the total ecosystem of which it is a part that even temporary effects felt by it could precipitate a systemwide reaction of unpredictable scope or dimensions; or

(d) scenic, historic, archaeologic, topographic, geologic, ethnologic, scientific, cultural, or recreational significance. In applying the provisions of this subsection (d), particular attention should be paid to the inadequate preservation previously accorded Plains Indian history and culture.

(3) The department may not approve an application for a strip- or underground-coal-mining permit or major revision unless the application affirmatively demonstrates that:

(a) the assessment of the probable cumulative impact of all anticipated mining in the area on the hydrologic balance has been made by the department and the proposed operation of the mining operation has been designed to prevent material damage to the hydrologic balance outside the permit area; and

(b) the proposed strip- or underground-coal-mining operation would not:

(i) interrupt, discontinue, or preclude farming on alluvial valley floors that are irrigated or naturally subirrigated, excluding undeveloped rangelands that are not significant to farming on alluvial valley floors and excluding land about which the department finds that if any farming will be interrupted, discontinued, or precluded, it is of such small acreage as to be of negligible impact on the farm's agricultural production; or

(ii) materially damage the quantity or quality of water in surface water or underground water systems that supply the valley floors described in subsection (3)(b)(i).

(4) Subsection (3)(b) does not affect those strip- or underground-coal-mining operations that in the year preceding the enactment of Public Law 95-87 produced coal in commercial quantities and were located within or adjacent to alluvial valley floors or had obtained specific permit approval by the department to conduct strip- or underground-coal-mining operations within alluvial valley floors. If coal deposits are precluded from being mined under this subsection, the director of the department shall certify to the secretary of interior that the mineral owner or lessee may be eligible for participation in coal exchange programs pursuant to section 510(5) of Public Law 95-87.

(5) (a) If the area proposed to be mined contains prime farmland, the department may not grant a permit to mine coal on the prime farmland unless it finds in writing that the applicant:

(i) has the technological capability to restore the mined area, within a reasonable time, to levels of yield equivalent to or higher than nonmined prime farmland in the surrounding area under equivalent levels of management; and

(ii) can meet the soil reconstruction standards of 82-4-232(3).

(b) Nothing in this subsection (5) applies to a permit issued prior to August 3, 1977, or to any revisions or renewals of the permit or to any existing strip- or underground-mining operations for which a permit was issued prior to August 3, 1977.

(6) If the department finds that the overburden on any part of the area of land described in the application for a prospecting, strip-mining, or underground-mining permit is such that experience in the state with a similar type of operation upon land with similar overburden shows that substantial deposition of sediment in streambeds, subsidence, landslides, or water pollution cannot feasibly be prevented, the department shall delete that part of the land described in the application upon which the overburden exists. The burden is on the applicant to demonstrate that any area should not be deleted under this subsection.

(7) If the department finds that the operation will constitute a hazard to a dwelling, public building, school, church, cemetery, commercial or institutional building, public road, stream, lake, or other public property, the department shall delete those areas from the prospecting, strip-mining, or underground-mining permit application before it can be approved. Strip- or underground-coal-mining may not be allowed:

(a) within 300 feet of an occupied dwelling, unless waived by the owner;

(b) within 300 feet of any public building, school, church, community, or institutional building, or public park;

(c) within 100 feet of a cemetery;

(d) within 100 feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join the right-of-way line. The department may permit the roads to be relocated or the area affected to lie within 100 feet of the road if, after public notice and opportunity for public hearing in the locality, a written finding is made that the interests of the public and the landowners affected will be protected.

(8) ~~Strip-~~ *Strip-mining* or underground-mining may not be conducted within 500 feet of active or abandoned underground mines in order to prevent breakthroughs and to protect health or safety of miners. However, the department shall permit an operator to mine near, through, or partially through an abandoned underground mine or closer to an active underground mine if:

(a) the nature, timing, and sequencing of specific strip-mine activities and specific underground-mine activities are jointly approved by the department and the regulatory authority concerned with the health and safety of underground miners; and

(b) the operations will result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public.

(9) The department may not approve an application for a strip- or underground-coal-mining operation if the area proposed to be mined is included:

(a) within an area designated unsuitable for strip or underground coal mining; or

(b) within an area under review for this designation under an administrative proceeding, unless in an area as to which an administrative proceeding has commenced pursuant to this part, the operator making the permit application demonstrates that prior to January 1, 1977, the operator made substantial legal and financial commitments in relation to the operation for which the operator is applying for a permit.

(10) A permit or major permit revision for a strip- or underground-coal-mining operation may not be issued unless the applicant has affirmatively demonstrated by its coal conservation plan that failure to conserve coal will not occur. The department may require the applicant to submit any information it considers necessary for review of the coal conservation plan.

(11) Whenever information available to the department indicates that a strip- or underground-coal-mining operation that is owned or controlled by the applicant or by any person who owns or controls the applicant is currently in violation of Public Law 95-87, as amended, any state law required by Public Law 95-87, as amended, or any law, rule, or regulation of the United States or of any department or agency in the United States pertaining to air or water environmental protection, the department may not issue a strip- or underground-coal-mining permit or amendment, other than an incidental boundary revision, until the applicant submits proof that the violation has been corrected or is in the process of being corrected to the satisfaction of the administering agency.

(12) The department may not issue a strip- or underground-coal-mining permit or amendment, other than an incidental boundary revision, to any applicant that it finds, after an opportunity for hearing, owns or controls any strip- or underground-coal-mining operation that has demonstrated a pattern of willful violations of Public Law 95-87, as amended, or any state law required by Public Law 95-87, as amended, when the nature and duration of the violations and resulting irreparable damage to the environment indicate an intent not to comply with the provisions of this part.

(13) Subject to valid existing rights, no strip- or underground-coal-mining operations except those that existed as of August 3, 1977, may be conducted:

(a) on lands within the boundaries of units of the national park system, the national wildlife refuge system, the national wilderness preservation system, the national system of trails, the wild and scenic rivers system, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act or study rivers or study river corridors established in any guidelines issued under that act, or national recreation areas designated by an act of congress; or

(b) on any federal lands within national forests, subject to the exceptions and limitations of 30 CFR 761.11(b) and the procedures of 30 CFR 761.13.

*(14) (a) A person who is listed by the department in the applicant violator system maintained by the office of surface mining reclamation and enforcement of the U.S. department of the interior pursuant to the Surface Mining Control and Reclamation Act of 1977, 30 U.S.C. 1201, et seq., as owning or controlling a strip-mining or underground-mining operation may challenge the ownership or control listing by filing a written request with the department for review of the listing. In the request, the person must include a written explanation of the basis for the challenge and any evidence the person wishes the department to consider. The department shall provide a written response within 60 days of receipt of the request for review.*

*(b) Within 30 days of receipt of the response pursuant to (14)(a), the person who is listed may request a hearing before the board by submitting to the board a written request for hearing that states the reason for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to the hearing.*"

**Section 4.** Section 82-4-237, MCA, is amended to read:

**"82-4-237. Operator to file annual reports.** (1) An operator shall file an annual report with the department ~~within 30 days of the anniversary date of each permit. In lieu of an annual report for each permit, the department may allow the operator to file an annual report for each operation~~ on a date determined by the department. ~~Included within an~~ *An* annual report ~~shall be~~ *must include*:

(a) the name and address of the operator and permit number or numbers; *and*

(b) a report ~~in such~~ *with* detail ~~as the~~ *required by the* department ~~shall require~~, supplemented with maps, cross sections, or other material indicating the extent to which mining operations have been carried out, the progress of all reclamation work, including the type of planting or seeding, mixture and amount of seed, date of planting or seeding, and area of land planted, ~~the extent to which expectations and predictions made in the original application have been fulfilled and any deviation therefrom,~~ and the number of acres affected~~;~~ ~~and~~

~~(c) a revised schedule or timetable of operations and reclamation and an estimate of the number of acres to be affected during the next 1-year period~~.

(2) Upon receipt of the annual report, the department may ~~make further inquiry and~~ request ~~further~~ *additional* information and~~, if it does so,~~ shall allow a reasonable opportunity for the operator to respond *to the request*.

(3) When ~~problem situations~~ *problems* are revealed by review of new information or as a result of field inspections, the department may order ~~such~~ *necessary* changes in the mining and reclamation plans ~~as are necessary~~ to ~~insure~~ *ensure* compliance with this part."

**Section 5.** Section 82-4-253, MCA, is amended to read:

**"82-4-253. Suit for damage to water supply.** (1) An owner of an interest in real property who obtains all or part of a supply of water for domestic, agricultural, industrial, or other legitimate use from an underground source other than a subterranean stream having a permanent, distinct, and known channel may sue an operator to recover damages for contamination, diminution, or interruption of the water supply, proximately resulting from strip mining or underground mining.

(2) Prima facie evidence of injury in a suit under this section is established by the removal of coal or disruption of overlying aquifer from designated ground water areas as prescribed in Title 85, chapter 2, part 5. If the area is not a designated ground water area, a showing that the coal or overlying strata is an aquifer in that geographical location and that the coal or the overlying strata has been removed or disrupted shifts the burden to the defendant (operator) to show that the plaintiff's (owner's) water supply was not injured thereby.

(3) An owner of water rights adversely affected may file a complaint detailing the loss of water in quality and quantity with the department. Upon receipt of this complaint the department shall:

(a) investigate the complaint using all available information including monitoring data gathered at the mine site;

(b) require the defendant (operator) to install monitoring wells or other practices that may be needed to determine the cause of water loss, if there is a loss, in terms of quantity or quality;

(c) issue within 90 days a written finding specifying the cause of the water loss, if there is a loss, in terms of quantity or quality;

(d) order the mining operator in compliance with chapter 2 of Title 85 to replace the water immediately on a temporary basis to provide the needed water and within a reasonable time, replace the water in like quality, quantity, and duration, if the loss is caused by the ~~surface coal mining~~ *strip- or underground-coal-mining* operation; and

(e) order the suspension of the operator's permit for failure to replace the water, until such time as the operator provides substitute water.

(4) A servient tract of land is not bound to receive surface water contaminated by strip mining or underground mining on a dominant tract of land, and the owner of the servient tract may sue an operator to recover the damages proximately resulting from the natural drainage from the dominant tract of surface waters contaminated by strip mining or underground mining on the dominant tract.

(5) This section and 82-4-252 do not create, modify, or affect any right, liability, or remedy other than as expressly provided."

**Section 6. Notification to tribal governments.** The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

(i) the design and arrangement of lots, streets, and roads;

(ii) grading and drainage;

(iii) subject to the provisions of 76-3-511, water supply and sewage and solid waste disposal that meet the:

(A) regulations adopted by the department of environmental quality under 76-4-104 for subdivisions that will create one or more parcels containing less than 20 acres; and

(B) standards provided in 76-3-604 and 76-3-622 for subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres; and

(iv) the location and installation of public utilities;

(h) provide procedures for the administration of the park and open-space requirements of this chapter;

(i) provide for the review of subdivision applications by affected public utilities and those agencies of local, state, and federal government identified during the preapplication consultation conducted pursuant to subsection (1)(q) or those having a substantial interest in a proposed subdivision. A public utility or agency review may not delay the governing body's action on the application beyond the time limits specified in this chapter, and the failure of any agency to complete a review of an application may not be a basis for rejection of the application by the governing body.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single

entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of landowners within the subdivision who have a legal right and access to the water; or

(iii) reserve and sever all surface water rights from the land;

(k) (i) except as provided in subsection (1)(k)(ii), require the subdivider to establish ditch easements in the subdivision that:

(A) are in locations of appropriate topographic characteristics and sufficient width to allow the physical placement and unobstructed maintenance of open ditches or belowground pipelines for the delivery of water for irrigation to persons and lands legally entitled to the water under an appropriated water right or permit of an irrigation district or other private or public entity formed to provide for the use of the water right on the subdivision lots;

(B) are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and

(C) prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner.

(ii) Establishment of easements pursuant to this subsection (1)(k) is not required if:

(A) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(l) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(m) require the subdivider to describe, dimension, and show public utility easements in the subdivision on the final plat in their true and correct location. The public utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of public utility facilities for the provision of public utility services within the subdivision.

(n) establish whether the governing body, its authorized agent or agency, or both will hold public hearings;

(o) establish procedures describing how the governing body or its agent or agency will address information presented at the hearing or hearings held pursuant to 76-3-605 and 76-3-615;

(p) establish criteria that the governing body or reviewing authority will use to determine whether a proposed method of disposition using the exemptions provided in 76-3-201 or 76-3-207 is an attempt to evade the requirements of this chapter. The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) requires a subdivider to meet with the authorized agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the authorized agent or agency receives a written request for a preapplication meeting from the subdivider; and

(v) establishes a time limit after a preapplication meeting by which an application must be submitted ~~as provided in 76-3-604~~;

(r) requires that the written decision required by 76-3-620 must be provided to the applicant within 30 working days following a decision by the governing body to approve, conditionally approve, or deny a subdivision.

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.

~~(3) The governing body may establish deadlines for submittal of subdivision applications.~~"

**Section 2.** Section 76-3-601, MCA, is amended to read:

**"76-3-601. Submission of application and preliminary plat for review — water and sanitation information required.** (1) ~~Subject to the submittal deadlines established as provided in 76-3-504(3), the~~ *The* subdivider shall present to the governing body or to the agent or agency designated by the governing body the subdivision application, including the preliminary plat of the proposed subdivision, for local review. The preliminary plat must show all pertinent features of the proposed subdivision and all proposed improvements and must be accompanied by the preliminary water and sanitation information required under 76-3-622.

(2) (a) When the proposed subdivision lies within the boundaries of an incorporated city or town, the application and preliminary plat must be submitted to and approved by the city or town governing body.

(b) When the proposed subdivision is situated entirely in an unincorporated area, the application and preliminary plat must be submitted to and approved by the governing body of the county. However, if the proposed subdivision lies within 1 mile of a third-class city or town, within 2 miles of a second-class city, or within 3 miles of a first-class city, the county governing body shall submit the application and preliminary plat to the city or town governing body or its designated agent for review and comment. If the proposed subdivision is situated within a rural school district, as described in 20-9-615, the county governing body shall provide a summary of the information contained in the application and preliminary plat to school district trustees.

(c) If the proposed subdivision lies partly within an incorporated city or town, the application and preliminary plat must be submitted to and approved by both the city or town and the county governing bodies.

(d) When a proposed subdivision is also proposed to be annexed to a municipality, the governing body of the municipality shall coordinate the subdivision review and annexation procedures to minimize duplication of hearings, reports, and other requirements whenever possible.

(3) The provisions of 76-3-604, 76-3-605, 76-3-608 through 76-3-610, and this section do not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to 7-3-4444."

**Section 3.** Section 76-3-604, MCA, is amended to read:

**"76-3-604. Review of subdivision application — review for required elements and sufficiency of information.** (1) (a) ~~Within 5 working days of receipt of a subdivision application submitted in accordance with any deadlines established pursuant to 76-3-504(3) and receipt of the review fee submitted as provided in 76-3-602, the reviewing agent or agency shall~~ *A subdivision application is considered to be received on the date of delivery to the reviewing agent or agency and when accompanied by the review fee submitted as provided in 76-3-602.*

*(b) Within 5 working days of receipt of a subdivision application, the reviewing agent or agency shall* determine whether the application contains all of the listed materials as required by 76-3-504(1)(a) and shall notify the subdivider or, with the subdivider's written permission, the subdivider's agent of the reviewing agent's or agency's determination.

~~(b)~~ If the reviewing agent or agency determines that elements are missing from the application, the reviewing agent or agency shall identify those elements in the notification.

(2) (a) Within 15 working days after the reviewing agent or agency notifies the subdivider or the subdivider's agent that the application contains all of the required elements as provided in subsection (1), the reviewing agent or agency shall determine whether the application and required elements contain detailed, supporting information that is sufficient to allow for the review of the proposed subdivision under the provisions of this chapter and the local regulations adopted pursuant to this chapter and shall notify the subdivider or, with the subdivider's written permission, the subdivider's agent of the reviewing agent's or agency's determination.

(b) If the reviewing agent or agency determines that information in the application is not sufficient to allow for review of the proposed subdivision, the reviewing agent or agency shall identify the insufficient information in its notification.

(c) A determination that an application contains sufficient information for review as provided in this subsection (2) does not ensure that the proposed subdivision will be approved or conditionally approved by the governing body and does not limit the ability of the reviewing agent or agency or the governing body to request additional information during the review process.

(3) The time limits provided in subsections (1) and (2) apply to each submittal of the application until:

(a) a determination is made that the application contains the required elements and sufficient information; and

(b) the subdivider or the subdivider's agent is notified.

(4) After the reviewing agent or agency has notified the subdivider or the subdivider's agent that an application contains sufficient information as provided in subsection (2), the governing body shall approve, conditionally approve, or deny the proposed subdivision within 60 working days or 80 working days if the proposed subdivision contains 50 or more lots, based on its determination of whether the application conforms to the provisions of this chapter and to the local regulations adopted pursuant to this chapter, unless:

(a) the subdivider and the reviewing agent or agency agree to an extension or suspension of the review period, not to exceed 1 year; or

(b) a subsequent public hearing is scheduled and held as provided in 76-3-615.

(5) (a) If the governing body fails to comply with the time limits under subsection (4), the governing body shall pay to the subdivider a financial penalty of $50 per lot per month or a pro rata portion of a month, not to exceed the total amount of the subdivision review fee collected by the governing body for the subdivision application, until the governing body denies, approves, or conditionally approves the subdivision.

(b) The provisions of subsection (5)(a) do not apply if the review period is extended or suspended pursuant to subsection (4).

(6) If the governing body denies or conditionally approves the proposed subdivision, it shall send the subdivider a letter, with the appropriate signature, that complies with the provisions of 76-3-620.

(7) (a) The governing body shall collect public comment submitted at a hearing or hearings regarding the information presented pursuant to 76-3-622 and shall make any comments submitted or a summary of the comments submitted available to the subdivider within 30 days after conditional approval or approval of the subdivision application and preliminary plat.

(b) The subdivider shall, as part of the subdivider's application for sanitation approval, forward the comments or the summary provided by the governing body to the:

(i) reviewing authority provided for in Title 76, chapter 4, for subdivisions that will create one or more parcels containing less than 20 acres; and

(ii) local health department or board of health for proposed subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres.

(8) (a) For a proposed subdivision that will create one or more parcels containing less than 20 acres, the governing body may require approval by the department of environmental quality as a condition of approval of the final plat.

(b) For a proposed subdivision that will create one or more parcels containing 20 acres or more, the governing body may condition approval of the

final plat upon the subdivider demonstrating, pursuant to 76-3-622, that there is an adequate water source and at least one area for a septic system and a replacement drainfield for each lot.

(9) (a) Review and approval, conditional approval, or denial of a proposed subdivision under this chapter may occur only under those regulations in effect at the time a subdivision application is determined to contain sufficient information for review as provided in subsection (2).

(b) If regulations change during the review periods provided in subsections (1) and (2), the determination of whether the application contains the required elements and sufficient information must be based on the new regulations."

**Section 4. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

AN ACT REVISING CRITERIA FOR LOCAL SUBDIVISION REVIEW TO REQUIRE THAT CERTAIN INFORMATION SUBMITTED BY A GOVERNMENTAL ENTITY BE USED BY A GOVERNING BODY ONLY IF IT IS SCIENTIFIC INFORMATION; REQUIRING A GOVERNMENTAL ENTITY THAT HAS BEEN INVOLVED IN CERTAIN PROPERTY ACQUISITION EFFORTS TO DISCLOSE THAT INFORMATION TO THE LOCAL GOVERNING BODY; AMENDING SECTION 76-3-608, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 76-3-608, MCA, is amended to read:

**"76-3-608. Criteria for local government review.** (1) The basis for the governing body's decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational services or based solely on parcels within the subdivision having been designated as wildland-urban interface parcels under 76-13-145.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (6) of this section or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the impact on agriculture, agricultural water user facilities, local services, the natural environment, wildlife, wildlife habitat, and public health and safety;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements within and to the proposed subdivision for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the proposed subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce.

(7) A governing body may not require as a condition of subdivision approval that a property owner waive a right to protest the creation of a special improvement district or a rural improvement district for capital improvement projects that does not identify the specific capital improvements for which protest is being waived. A waiver of a right to protest may not be valid for a time period longer than 20 years after the date that the final subdivision plat is filed with the county clerk and recorder.

*(8) If a federal or state governmental entity submits a written or oral comment or an opinion regarding wildlife, wildlife habitat, or the natural environment relating to a subdivision application for the purpose of assisting a governing body's review, the comment or opinion may be included in the governing body's written statement under 76-3-620 only if the comment or opinion provides scientific information or a published study that supports the comment or opinion. A governmental entity that is or has been involved in an effort to acquire or assist others in acquiring an interest in the real property identified in the subdivision application shall disclose that the entity has been involved in that effort prior to submitting a comment, an opinion, or information as provided in this subsection.*"

**Section 2. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 3. Effective date.** [This act] is effective on passage and approval.

**Section 4. Applicability.** [This act] applies to subdivision applications submitted on or after July 1, 2013.

the preliminary audit report, to produce additional claims documentation using any commercially reasonable method, including fax, mail, or e-mail.

(4) (a) Within 120 days after the completion of the appeals process under subsection (5), a final audit report must be delivered to the pharmacy or its corporate office of record.

(b) The final audit report must include a disclosure of any money recovered by the entity that conducted the audit.

(5) An entity that audits a pharmacy shall establish a written policy for a pharmacy to appeal a final audit report. If no remedies are specified by contract or in the pharmacy services manual, the pharmacy may seek to resolve the dispute through mediation.

(2) An agency requiring additional space shall notify the department. The department, in consultation with the agency, shall determine the amount and nature of the space needed and locate space within a building owned or leased by the state, including buildings in Helena and in other areas, to meet the agency's requirements. Offices of the law enforcement services division and motor vehicle division of the department of justice are exempted from consolidation.

(2) The department shall prescribe and install a uniform accounting and reporting system for all state agencies and institutions, reporting the receipt, use, and disposition of all public money and property in accordance with generally accepted accounting principles.

(3) The uniform accounting and reporting system must contain three levels of expenditure. The first level must include general categories, such as personal services, operating expenses, equipment, capital outlay, local assistance, grants, benefits and claims, transfers, and debt service. **Section 5.** Section 17-1-505, MCA, is amended to read:

(c) the legislative services division in drafting legislation;

(d) the legislative auditor in auditing agencies;

(2) To avoid unnecessary and unjustified use of dedicated revenue provisions, the entities listed in subsection (1) shall, in the course of current duties, consider the principles in 17-1-507 and the criteria listed in this subsection for each new or existing dedicated revenue provision. If an entity referred to in subsection (1) determines that the use of a dedicated revenue provision is not justified, the use or proposed use must be reported to the legislative fiscal analyst. ~~The legislative fiscal analyst shall maintain a list of unjustified dedicated revenue provisions and shall report on the unjustified dedicated revenue provisions to the legislative finance committee no later than October 31 of the year preceding a regular legislative session.~~ A dedicated revenue provision should not give a program or activity an unfair advantage for funding. The expenditures from a dedicated revenue provision must be based on requirements for meeting a legislatively established outcome. Statutorily mandated programs or activities funded through dedicated revenue provisions from general revenue sources must be reviewed to the same extent as programs or activities funded from the general fund. The use of a dedicated revenue provision may be justified if it satisfies one or more of the following:

(a) The program or activity funded provides direct benefits for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The use of the dedicated revenue provision provides special information or other advantages that could not be obtained if the revenue were allocated to the general fund.

(c) The dedicated revenue provision provides program funding at a level equivalent to the expenditures established by the legislature.

(d) The dedicated revenue provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities in state government.

(e) The dedicated revenue provision does not impair the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending.

(f) The dedicated revenue provision results in an appropriate projected ending fund balance.

(g) The dedicated revenue provision fulfills a continuing, legislatively recognized need.

(h) The dedicated revenue provision does not result in accounting or auditing inefficiency.

(3) A local government dedicated revenue provision may be justified if it satisfies any of the following:

(a) The program or activity funded provides direct benefits or services for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The provision provides necessary information or other advantages that could not be obtained if the revenue were allocated to the state general fund.

(c) The provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities of state and local government.

(d) The provision does not impair the ability of the legislature to scrutinize budgets, control expenditures, and establish state spending priorities.

(e) The provision fulfills a legislatively recognized continuing need.

(f) The provision does not result in accounting or auditing inefficiency or unnecessary complexity and instability of local government funding structures."

**Section 6.** Section 17-2-107, MCA, is amended to read:

**"17-2-107. Accurate accounting records and interentity loans.** (1) The department shall record receipts and disbursements for treasury funds and for accounting entities within treasury funds and shall maintain records in a manner that reflects the total cash and invested balance of each fund and each accounting entity. The department shall adopt the necessary procedures to ensure that interdepartmental or intradepartmental transfers of money or loans do not result in inflation of figures reflecting total governmental costs and revenue.

(2) (a) Except as provided in 77-1-108 and subject to 17-2-105, when the expenditure of an appropriation from a fund designated in 17-2-102(1) through (3) is necessary and the cash balance in the accounting entity from which the appropriation was made is insufficient, the department may authorize a temporary loan, bearing no interest, of unrestricted money from other accounting entities if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. An accounting entity receiving a loan or an

accounting entity from which a loan is made may not be so impaired that all proper demands on the accounting entity cannot be met even if the loan is extended.

(b) (i) When an expenditure from a fund or subfund designated in 17-2-102(4) is necessary and the cash balance in the fund or subfund from which the expenditure is to be made is insufficient, the commissioner of higher education may authorize a temporary loan, bearing interest as provided in subsection (4) of this section, of money from the agency's other funds or subfunds if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. A fund or subfund receiving a loan or from which a loan is made may not be so impaired that all proper demands on the fund or subfund cannot be met even if the loan is extended.

(ii) One accounting entity within each fund or subfund designated in 17-2-102(4) must be established for the sole purpose of recording loans between the funds or subfunds. This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.

(c) A loan made under subsection (2)(a) or (2)(b) must be repaid within 1 calendar year of the date on which the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances, the director of the department or the board of regents may grant one extension for up to 1 year for a loan made under subsection (2)(a) or (2)(b). The director or board shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the current unrestricted subfund to funds designated in 17-2-102(4)(a)(iv) and (4)(b) through (4)(f) must bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool.

(5) If for 2 consecutive fiscal yearends a loan or an extension of a loan has been authorized to the same accounting entity as provided in subsection (2) or (3), the department or the commissioner of higher education shall submit to the legislative ~~finance committee~~ *fiscal analyst* by September 1 of the following fiscal year a written report containing an explanation as to why the second loan or extension was made, an analysis of the solvency of the accounting entity or accounting entities within the university fund or subfund, and a plan for repaying the loans. *The report must be provided in an electronic format.*

(6) If for 2 consecutive fiscal yearends an accounting entity in a fund or subfund designated in 17-2-102(4) has a negative cash balance, the commissioner of higher education shall submit to the legislative ~~finance committee~~ *fiscal analyst* by September 1 of the following fiscal year a written report containing an explanation as to why the accounting entity has a negative cash balance, an analysis of the solvency of the accounting entity, and a plan to address any problems concerning the accounting entity's negative cash balance or solvency. *The report must be provided in an electronic format.*

(7) (a) An accounting entity in a fund designated in 17-2-102(1) through (3) may not have a negative cash balance at fiscal yearend. The department may, however, allow a fund type within each agency to carry a negative balance at any

point during the fiscal year if the negative cash balance does not exist for more than 7 working days.

(b) (i) Except as provided in subsection (7)(b)(ii) of this section, a unit of the university system shall maintain a positive cash balance in the funds and subfunds designated in 17-2-102(4).

(ii) If a fund or subfund inadvertently has a negative cash balance, the department may allow the fund or subfund to carry the negative cash balance for no more than 7 working days. If the negative cash balance exists for more than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.

(8) Notwithstanding the provisions of subsections (2) through (4), the department may authorize loans to accounting entities in the federal and state special revenue funds with long-term repayment whenever necessary because of the timing of the receipt of agreed-upon reimbursements from federal, private, or other governmental entity sources for disbursements made. If possible, the loans must be made from funds other than the general fund. The department may approve the loans if the requesting agency can demonstrate that the total loan balance does not exceed total receivables from federal, private, or other governmental entity sources and receivables have been billed on a timely basis. The loan must be repaid under terms and conditions that may be determined by the department or by specific legislative authorization.

(9) A loan may not be authorized under this section to any fund or accounting entity that is owed federal or other third-party funds unless the requesting agency certifies to the agency approving the loan that it has and will continue to bill the federal government or other third party for the requesting agency's share of costs incurred in the fund or accounting entity on the earliest date allowable under federal or other third-party regulations applicable to the program. The requesting agency shall recertify its timely billing status to the agency that approved the loan at least monthly during the term of the loan. **Section 8.** Section 17-5-820, MCA, is amended to read:

**"17-5-820. Authorization of bonds.** (1) The board of examiners is authorized to issue and sell general obligation bonds in an amount not exceeding $20 million in accordance with the terms and in the manner required by Title 17, chapter 5, part 8, for the purpose of financing and acquiring infrastructure improvements as enumerated in 7-15-4288 for aerospace transportation and technology infrastructure development projects recommended by the department of commerce in accordance with the authority granted to the board by this section. The bonds are in addition to any other authorization to the board to issue and sell general obligation bonds and subject to the conditions set forth in this section.

(2) The department of commerce may request the board of examiners to issue the bonds for one or more specified projects in one or more series, but the total amount of bonds issued may not exceed $20 million. Bond proceeds must be appropriated to the department of commerce, and the department of commerce is authorized to acquire or construct the infrastructure improvements, to contract with the incorporated city or town, county, or city-county consolidated local government in which a project is located, to contract with an airport authority as defined in 67-1-101, a local port authority as described in 7-14-1101, or a regional port authority as described in 7-14-1102, to contract with a certified regional development corporation as defined in 90-1-116, or, upon a determination that it is in the best interest of the project, to contract with the developer of an approved project for the acquisition or construction of the infrastructure improvement. The plans and specifications for the infrastructure to be financed from the proceeds of the bonds must be prepared by an engineer or architect who is licensed and bonded in Montana, and the state must be named as an additional insured under any contract, performance bond, or other documents for the design of any improvements to be financed by the state. The plans and specifications must be reviewed and approved by the department of commerce after consultation with the architecture and engineering division of the department of administration. The design and acquisition or construction of the infrastructure for approved projects are not, with the exception of Title 18, chapter 2, part 4, subject to the public procurement requirements contained in Title 18. All construction contracts entered into for the construction of improvements to be financed under this section must name the state as an additional insured if the state is not otherwise party to the contract. All improvements financed with bond proceeds must be owned by the state, and the use must be governed by a development agreement between the state and the developer of the project. The agreement may provide for the lease or the use of the infrastructure at less than fair market value, taking into consideration the number of jobs to be created by the project, the salary range of the jobs, the amount of capital contributed by the developer, and the projected tax revenue to be received by the state and local governments from the project over the term of the lease or use agreement. The agreement must require the contractor to insure for liability and workers' compensation claims during construction and must provide the project developer with the right of first refusal for the purchase of any real property and improvements financed by the bonds at fair market value. Fair market value must be determined by a certified appraiser. For purposes of this section, state and local governments may not provide

telecommunications or other services in competition with private providers unless private providers cannot provide the services.

(3) It is the intent of the legislature that state individual and corporate income taxes and state property taxes generated by the aerospace transportation and technology infrastructure development projects will be at least equal to the projected amount of the debt service to be paid by the state for the bonds authorized by this section over the term of the bonds. Prior to requesting the board of examiners to issue the bonds, the department of commerce shall determine that the developer of a proposed project has the financial ability to implement the project based upon the audited financial statements of the developer. When requesting the board to issue the bonds, the department of commerce shall present ~~to the legislative finance committee and~~ to the department of administration for presentation to the board the following:

(a) evidence satisfactory to the board that the developer of each aerospace transportation and technology infrastructure development project has committed itself to locate its project in Montana; and

(b) a certificate signed by the director of the office of budget and program planning that the proposed project will, over the term of the bonds, generate state individual and corporate income taxes and state property taxes at least equal to the total aggregate amount of principal and interest on the bonds over the term of the bonds. In preparing the analysis for the report on the projected tax revenue from the project, the multiplier effect may be taken into account, using the number of jobs, the salary levels for the jobs, and the estimated date of hire for each position that the developer will commit to create as part of the development agreement. The development agreement must provide that if the developer has not created the total number of jobs at the estimated salaries by the date specified in the development agreement and assumed for purposes of meeting the projections, the state may terminate the lease or use of the improvements upon 30 days' notice. If the department of commerce is unable to enter into a new lease or use agreement for the improvements that is advantageous to the state, the state may sell the facility to the highest and best bidder and use the proceeds of the sale to redeem the outstanding bonds.

(4) In determining whether to recommend to the board of examiners that improvements should be constructed by the state from the proceeds of the bonds for a project, the department of commerce may take into consideration only the following factors:

(a) whether the project is eligible for financing;

(b) whether there is sufficient evidence to demonstrate the developer's ability to implement the project;

(c) the projected tax revenue report;

(d) whether the project as proposed and situated can obtain the necessary zoning, building, and environmental permits required; and

(e) whether the project is in the public interest.

(5) In recommending the amount of bonds to be issued for a qualified project, the department of commerce shall independently determine that the proposed estimated cost of the project is not in excess of what is required for the project and independently verify the projected costs of designing and constructing the improvements proposed to be financed exclusive of any development fee to the developer. The authorized bond proceeds must be used for projects on a first-come, first-served basis."

**Section 9.** Section 17-7-140, MCA, is amended to read:

**"17-7-140. Reduction in spending.** (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(b), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least 1% of all general fund appropriations during the biennium. An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the total of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(b) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. *The report must be submitted in an electronic format.* The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. *The recommendations must be provided in an electronic format.* The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

(a) payment of interest and principal on state debt;

(b) the legislative branch;

(c) the judicial branch;

(d) the school BASE funding program, including special education;

(e) salaries of elected officials during their terms of office; and

(f) the Montana school for the deaf and blind.

(i) 2% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;

(ii) 3/4 of 1% in October of the year preceding a legislative session;

(iii) 1/2 of 1% in January of the year in which a legislative session is convened; and

(iv) 1/4 of 1% in March of the year in which a legislative session is convened.

(b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue and transportation interim committee of the estimated amount. Within 20 days of notification, the revenue and transportation interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue and transportation interim committee prior to certifying a projected general fund budget deficit to the governor."

The department shall determine the interest rates established under subsection (4)(a)(i) for each calendar year by rule subject to the conditions of this subsection (4)(a). Interest rates on taxes not paid when due for a calendar year are as follows:

(i) For individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is equal to the underpayment rate for individual taxpayers established by the secretary of the United States department of the treasury pursuant to section 6621 of the Internal Revenue Code, 26 U.S.C. 6621, for the fourth quarter of the preceding year or 8%, whichever is greater.

(ii) For all taxes other than individual income taxes not paid when due, including delinquent taxes and deficiency assessments, the interest rate is 12%.

(b) Interest on delinquent taxes and on deficiency assessments is computed from the original due date of the return until the tax is paid. Except as provided in 15-30-2604~~(2)(c)~~*(3)(c)*, interest accrues daily on the unpaid tax from the original due date of the return regardless of whether the taxpayer has received an extension of time for filing the return.

(5) (a) Except as provided in subsection (5)(b), this section applies to taxes, fees, and other assessments imposed under Titles 15 and 16 [and the former 85-2-276].

(b) This section does not apply to:

(i) property taxes; or

(ii) gasoline and vehicle fuel taxes collected by the department of transportation pursuant to Title 15, chapter 70.

(6) Any changes to interest rates apply to any current outstanding tax balance, regardless of the rate in effect at the time the tax accrued.

(7) Except as provided in 15-30-2604, penalty and interest must be calculated and assessed commencing with the due date of the return.

(8) Deficiency assessments are due and payable 30 days from the date of the deficiency assessment.

(9) Interest allowed for the overpayment of taxes or fees is the same rate as is charged for unpaid or delinquent taxes. For the purposes of this subsection, interest charged for unpaid or delinquent taxes is the interest rate determined in subsection (4)(a)(i). (Bracketed language in subsection (5)(a) terminates June 30, 2020—sec. 18, Ch. 288, L. 2005.)"

**Section 7.** Section 15-30-2604, MCA, is amended to read:

**"15-30-2604. Time for filing — extensions of time.** (1) (a) Except as provided in subsection (1)(b), a return must be made to the department on or before the 15th day of the 4th month following the close of the taxpayer's fiscal year, or if the return is made on the basis of the calendar year, then the return must be made on or before April 15 following the close of the calendar year.

(b) (i) If the due date of the return falls on a holiday that defers a filing date as recognized by the Internal Revenue Service and that is not observed in Montana, the return may be made on the first business day after the holiday.

(ii) The department may extend filing dates and defer or waive interest, penalties, and other effects of late filing for a period not exceeding 1 year for taxpayers affected by a federally declared disaster or a terroristic or military action recognized for federal tax purposes under 26 U.S.C. 7508A.

(2) The return must set forth those facts that the department considers necessary for the proper enforcement of this chapter. An affidavit or affirmation must be attached to the return from the persons making the return verifying that the statements contained in the return are true. Blank forms of return must be furnished by the department upon application, but failure to secure the form does not relieve the taxpayer of the obligation to make a return required under this chapter. A taxpayer liable for a tax under this chapter shall pay a minimum tax of $1.

(3) (a) Subject to ~~subsection (3)(b)~~ *subsections (3)(b) and (3)(c)*, a taxpayer is allowed an automatic extension of time for filing the taxpayer's return of up to 6 months following the date prescribed for filing of the tax return.

(b) (i) Except as provided in subsection (3)(c), on or before the due date of the return, the taxpayer shall pay by estimated tax payments, withholding tax, or a combination of estimated tax payments and withholding tax 90% of the current year's tax liability or 100% of the previous year's tax liability.

(ii) The remaining tax, penalty, and interest of the current year's tax liability not paid under subsection (3)(b)(ii) must be paid when the return is filed. Penalty and interest must be added to the tax due as provided in 15-1-216.

(c) A taxpayer that has a tax liability of $200 or less for the current year may pay the entire amount of the tax, without penalty or interest under 15-1-216, on or before the due date of the return under subsection (3)(a). If the tax is not paid on or before the due date of the return under subsection (3)(a), penalty and interest must be added to the tax due as provided in 15-1-216 from the original due date of the return.

(4) The department may grant an additional extension of time for the filing of a return whenever in its judgment good cause exists.

(5) Except as provided in subsection (3)(c), the extension of time for filing a return is not an extension of time for the payment of taxes."

# CHAPTER NO. 124

[SB 86]

AN ACT DISTINGUISHING AGISTERS' LIENS FROM MECHANICS LIENS AND OTHER LIENS FOR SERVICE; AND AMENDING SECTION 71-3-1201, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Agister's lien — finding — who may hold lien.** (1) The legislature finds that agisters' liens require expeditious action to protect the welfare of the stock and to ensure that the cost to feed and care for the stock covered by the lien does not exceed the market value of the stock.

(2) (a) If there is an express or implied contract for keeping, feeding, herding, pasturing, or ranching stock, a rancher, farmer, agister, herder, hotelkeeper, livery, stablekeeper, or reproductive technology business to whom any horses, mules, cattle, sheep, hogs, or other stock are entrusted has an agister's lien upon the stock for the amount due for keeping, feeding, herding, pasturing, or ranching the stock.

(b) A person holding an agister's lien pursuant to subsection (2)(a) may retain possession of the stock until the amount due is paid.

**Section 2. Priority**. (1) An agister's lien created under [section 1] does not take precedence over perfected security interests under the Uniform Commercial Code—Secured Transactions or other recorded liens on the stock involved unless, within 30 days from the time of receiving the stock, the person desiring to assert a lien upon the stock gives notice in writing to the secured party or other lienholder stating the intention to assert a lien on the stock under the terms of [sections 1 through 4] and stating the nature and approximate amount of the work performed or feed furnished or other services furnished or intended to be performed or furnished.

(2) A new notice is not required for the offspring of the stock covered in the initial notice, but all other additional stock must be noticed separately.

(3) Service may be made either by personal service or by mailing a copy of the notice by certified mail to the secured party or other lienholder at the last-known post-office address. Service is considered complete upon the deposit of the notice in the post office.

(4) Within 20 days after the date of mailing or 10 days after personal service, the secured party or other lienholder or the secured party's or other lienholder's representative has the right to take possession of the stock upon payment of the amount of the lien. A failure on the part of the secured party or other lienholder to take possession of the stock constitutes a waiver of the priority of the security interest or other lien over the lien created by [sections 1 through 4].

**Section 3. Enforcement of agister's lien — sale**. If payment for keeping, feeding, herding, pasturing, or ranching stock is not made within 30 days after the performance of the keeping, feeding, herding, pasturing, or ranching, the person entitled to a lien under the provisions of [sections 1 through 4] may enforce the lien in the following manner:

(1) The person shall deliver to the sheriff of the county in which the property is located an affidavit of the amount of the person's claim against the stock and the name of the owner of the stock or of the person at whose request the feed or material was furnished.

(2) Upon receipt of the affidavit, the sheriff shall advertise and sell at public auction as much of the stock covered by the lien as will satisfy the lien.

(3) Notice of the sale must be provided in the manner prescribed in 25-13-701(1)(b).

(4) (a) Before the sheriff sells the stock at public auction, the sheriff shall give notice of the sale to the owner or person at whose request the feed or material was furnished.

(b) Notice must be given at least 10 days before the sale to the owner or person at whose request the feed or material was furnished and to any other person holding a lien on the animals.

(c) The notice must state:

(i) the time and place of the sale;

(ii) the amount of the claim against the stock;

(iii) a description of the stock;

(iv) the name of the owner or person at whose request the feed or material was furnished; and

(v) the name of the person claiming the lien.

(d) The notice may be given by personal service or by mailing a copy of the notice by certified mail to the last-known post-office address of the owner or person at whose request the feed or material was furnished.

(e) If the sheriff is not able to effect personal service or service by mail because the location and mailing address of the owner or person at whose request the feed or material was furnished is unknown, the sheriff may give notice by posting notice of the sale in three public places in the county in which the property is located.

(5) The sheriff shall apply the proceeds of the sale to the discharge of the lien and the cost of the proceedings in selling the stock and enforcing the lien. The remainder, if any, or a part that is required to discharge the claims must be turned over by the sheriff to the holders, in the order of their precedence, of the chattel mortgages or other lien claimants of record against the stock, and the balance of the proceeds must be turned over to the owner of the stock.

(6) Before seizing stock under the provisions of this section, the sheriff may require an indemnity bond from the lienor. The indemnity bond may not exceed double the amount of the claim against the stock. The sheriff shall approve the bond and the surety or sureties on the bond.

**Section 4. Lien not lost by fraudulent taking of property**. (1) The forcible or fraudulent taking of stock from the person holding an agister's lien pursuant to [sections 1 through 4] does not extinguish the lien.

(2) The person holding the agister's lien may recover possession of the stock by proper action instituted in court against any person possessing the stock.

**Section 5.** Section 71-3-1201, MCA, is amended to read:

**"71-3-1201. ~~Who may have lien — agisters' lien — lien~~ *Liens* for service — towing and storage lien — extension of lien to certain personal property contained in motor vehicle that is subject to lien.** ~~(1) (a) If there is an express or implied contract for keeping, feeding, herding, pasturing, or ranching stock, a rancher, farmer, agister, herder, hotelkeeper, livery, stablekeeper, or reproductive technology business to whom any horses, mules, cattle, sheep, hogs, or other stock are entrusted has a lien upon the stock for the amount due for keeping, feeding, herding, pasturing, or ranching the stock or for providing a service listed in subsection (1)(b) and may retain possession of the stock until the sum due is paid.~~

~~(b)~~*(1)* If there is an express or implied contract for collecting, processing, packaging, or storing embryos or semen from livestock ~~provided for in this subsection (1)~~, a reproductive technology business to whom embryos or semen is entrusted and who still has possession has a lien upon the embryos or semen for the amount due for collecting, processing, packaging, or storing the embryos or semen and may retain possession of the embryos or semen until the sum due is paid.

(2) (a) ~~Every~~ *A* person who, while lawfully in possession of an article of personal property, renders any service to the owner or lawful claimant of the article by labor or skill employed for the making, repairing, protection, improvement, safekeeping, carriage, towing, or storage of the article or tows or stores the article as directed under authority of law has a special lien on the article. The lien is dependent on possession and is for the compensation, if any, that is due to the person from the owner or lawful claimant for the service and for material, if any, furnished in connection with the service. If the service is towing or storage, the lien is for the reasonable cost of the towing or storage.

(b) Any personal property that is in a motor vehicle that is subject to a lien~~,~~ as provided in subsection (2)(a)~~,~~ is also subject to the lien, except for the following:

(i) food items;

(ii) perishable goods;

(iii) prescription items;

(v) cash, credit cards, debit cards, checks, or checkbooks;

(vi) personal records, legal records, and business records;

(vii) child safety items; and

(viii) wallets, purses, bags, or other containers that contain the items listed in subsections (2)(b)(iv) through (2)(b)(vi)."

**Section 6. Codification instruction.** [Sections 1 through 4] are intended to be codified as an integral part of Title 71, chapter 3, and the provisions of Title 71, chapter 3, apply to [sections 1 through 4].

**"20-3-363. Multidistrict agreements — fund transfers.** (1) The boards of trustees of any two or more school districts may enter into a multidistrict agreement to create a multidistrict cooperative to perform any services, activities, and undertakings of the participating districts and to provide for the joint funding and operation and maintenance of all participating districts upon the terms and conditions as may be mutually agreed to by the districts subject to the conditions of this section. *An agreement must include provisions for dissolution of the cooperative, including the conditions under which dissolution may occur and the disposition of any remaining funds that had been transferred to an interlocal cooperative fund in support of the cooperative.* An agreement must be approved by the boards of trustees of all participating districts by April 1 of the year in which the agreement is executed and by April 1 in any subsequent year to which the agreement applies.

(2) All expenditures in support of the multidistrict agreement may be made from the interlocal cooperative fund as specified in 20-9-703 and 20-9-704. Each participating district of the multidistrict cooperative may transfer funds into the interlocal cooperative fund from the general fund or any other budgeted fund of the district. Transfers to the interlocal cooperative fund from each participating school district's general fund are limited to an amount not to exceed the direct state aid in support of the respective school district's general fund. All transfers must be completed by April 1 of the year in which the agreement is executed and by April 1 in any subsequent year to which the agreement applies.

(3) Expenditures from the interlocal cooperative fund under this section are limited to those expenditures that are permitted by law and that are within the final budget for the budgeted fund from which the transfer was made.

(4) The intent of this section is to increase the flexibility and efficiency of school districts without an increase in local taxes. In furtherance of this intent, if transfers of funds are made from any school district fund supported by a nonvoted levy, the district may not increase its nonvoted levy for the purpose of restoring the amount of funds transferred.

(5) As used in this title, "multidistrict cooperative" means a public entity created by two or more school districts executing a multidistrict agreement under this section or any school district or other public entity participating in an interlocal cooperative agreement under the provisions of Title 20, chapter 9, part 7, as either a coordinating or a cooperating agency."

(b) shall establish the hunting, fishing, and trapping rules of the department;

(c) except as provided in 87-1-303(3), shall establish the rules of the department governing the use of lands owned or controlled by the department and waters under the jurisdiction of the department;

As used in this subsection (1)(h), "landowner tolerance" means the written or documented verbal opinion of an affected landowner regarding the impact upon the landowner's property within the particular hunting district where a restriction on elk hunting on public property is proposed.

*(i) shall set the policies for the salvage of antelope, deer, elk, or moose pursuant to [section 1].*

(2) The commission may adopt rules regarding the use and type of archery equipment that may be employed for hunting and fishing purposes, taking into

account applicable standards as technical innovations in archery equipment change.

(3) The commission may adopt rules regarding the establishment of special licenses or permits, seasons, conditions, programs, or other provisions that the commission considers appropriate to promote or enhance hunting by Montana's youth and persons with disabilities.

(4) (a) The commission may adopt rules regarding nonresident big game combination licenses to:

(i) separate deer licenses from nonresident elk combination licenses;

(vii) whether restrictions on nonresident hunters are more appropriate than restrictions on all hunters.

**"3-10-206. Vacancies.** ~~If~~ *Subject to the residency requirements provided in 3-10-204 and the election requirements provided in 3-10-201(2) through (4),* a vacancy ~~occurs~~ in the office of a justice of the peace~~, the county commissioners of the county must appoint an eligible person to hold the office until the next general election and~~ *must be filled pursuant to 7-4-2206* until a successor is elected and qualified."

**Section 3.** Section 7-4-2106, MCA, is amended to read:

**"7-4-2106. Vacancy on board of county commissioners — resigning member not to participate in filling pending vacancy.** (1) For the purposes of this part, "vacancy" has the same meaning as prescribed in 2-16-501.

(2) Whenever a vacancy occurs in the board of county commissioners from a failure to elect or otherwise, the remaining county commissioners shall fill the vacancy and the appointee shall hold office until the next general election unless otherwise provided in subsection (3) or (4). The procedure to be used to fill the vacancy is as follows:

(a) If the former incumbent represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall submit to the remaining commissioners three names of people who have lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these three to fill the vacancy. Whenever the remaining commissioners are unable to elect an appointee from the submitted list, they shall request a second list of three names from the county central committee. The second list may not contain any of the names submitted on the first list. The remaining commissioners shall then select an appointee from the individuals named on both lists.

(b) If the former incumbent was independent or was originally nominated by a party that does not meet the requirements of 13-10-601 or if the vacancy occurs from a failure to elect, the remaining commissioners shall invite applications for the vacancy in a notice published as provided in 13-1-108 and shall accept an application from any person who has lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these applicants to fill the vacancy.

(3) Whenever a vacancy occurs ~~75 days or more~~ *prior to August 1* before the general election held during the second or fourth year of the term, an individual must be elected to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs ~~75 days or more~~ *prior to March 1* before the primary election during the second or fourth year of the term, the same procedure must be used as is used to elect county commissioners to full 6-year terms.

(b) Whenever the vacancy occurs *on or* after ~~the 75th day~~ *March 1* preceding the primary election, any political party desiring to enter a candidate in the general election shall select a candidate as provided in 13-38-204. A political party shall notify the ~~clerk and recorder~~ *county election administrator* of the party nominee. A person desiring to be a candidate as an independent shall follow the procedures provided in 13-10-501 and 13-10-502. The petition for an independent candidate must be filed with the ~~clerk and recorder on or before the~~

~~75th day~~ *county election administrator* prior to *August 1 before* the general election. A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs after ~~the 75th day~~ *July 31* preceding the general election held during the fourth year of the term, the person appointed by the remaining county commissioners under subsection (2) shall serve until the end of the term.

(5) (a) If multiple vacancies occur simultaneously so that a quorum cannot be established, the county compensation board provided for in 7-4-2503 shall, subject to subsection (5)(c) of this section, appoint enough commissioners to allow for a quorum to be established. The vacancies must be filled in the order in which the commissioners' terms would have expired.

(b) If vacancies occur at different times but, because appointments have not yet been made, a quorum cannot be established, the county compensation board shall, subject to subsection (5)(c), appoint enough commissioners to allow for a quorum to be established. The county compensation board shall appoint each commissioner in the order that the vacancy occurred.

(c) (i) A commissioner appointed under this subsection (5) must meet the residency requirement in 7-4-2104(2) and must be from the same district as the commissioner being replaced.

(ii) If a commissioner being replaced represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall, within 30 days of the occurrence of the vacancy, submit to the county compensation board three names of people who have lived in the unrepresented district for at least 2 years prior to the occurrence of the vacancy. The county compensation board shall appoint each commissioner from the list of names provided by the county central committee.

(d) Once a quorum can be established, the county commissioners forming the quorum shall appoint the remaining commissioners as provided in this section.

(e) If a county compensation board does not exist, appointments under this subsection (5) must be made by a district judge having jurisdiction in the county.

(6) If a member of the board of county commissioners has submitted the member's resignation as provided in 2-16-502 or if proceedings have begun to remove the member from office under 2-16-501, that member may not be considered to be a remaining member of the commission as provided in this section and may not participate in filling the vacancy to be created when the resignation becomes effective."

**Section 4.** Section 7-4-2206, MCA, is amended to read:

**"7-4-2206. Vacancies.** (1) For the purposes of this part, "vacancy" has the same meaning as prescribed in 2-16-501.

(2) Vacancies in all county offices, except that of county commissioner, must be filled by appointment by the board of county commissioners. Except as provided in subsections (3) through (5), the appointee holds the office, if elective, until the person elected at the next general election is certified pursuant to 13-15-406. If the office is not elective, the appointee serves at the pleasure of the commissioners.

(3) Whenever a vacancy occurs ~~75 days or more~~ *prior to August 1* before the general election held during the second year of the term, an individual must be elected to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs ~~75 days or more~~ *prior to March 1* before the primary election during the second year of the term, the same procedure must be used as is used to elect a person to that office for a full 4-year term.

A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs *on or* after ~~the 75th day~~ *July 31* before the general election held during the second year of the term, the person appointed by the commissioners under subsection (2) shall serve until the end of the term.

~~(5) Vacancies occurring in the office of justice of the peace must be filled as provided in Title 3, chapter 10, part 2.~~"

**Section 1.** Section 46-16-105, MCA, is amended to read:

**"46-16-105. Plea of guilty — use of two-way electronic audio-video communication.** (1) Before or during trial, a plea of guilty *must be accepted, and a plea of* ~~or~~ nolo contendere ~~must~~ *may* be accepted *with the consent of the court and the prosecutor,* when:

(2) At any time before judgment or, except when a claim of innocence is supported by evidence of a fundamental miscarriage of justice, within 1 year after judgment becomes final, the court may, for good cause shown, permit the plea of guilty or nolo contendere to be withdrawn and a plea of not guilty substituted. A judgment becomes final for purposes of this subsection (2):

(a) when the time for appeal to the Montana supreme court expires;

(b) if an appeal is taken to the Montana supreme court, when the time for petitioning the United States supreme court for review expires; or

(c) if review is sought in the United States supreme court, on the date that that court issues its final order in the case.

(3) For purposes of this section, an entry of a plea of guilty or nolo contendere through the use of two-way electronic audio-video communication, allowing all of the participants to be heard in the courtroom by all present and allowing the party speaking to be seen, is considered to be an entry of a plea of guilty or nolo contendere in open court. Audio-video communication may be used if neither party objects and the court agrees to its use and has informed the defendant that the defendant has the right to object to its use. The audio-video communication must operate as provided in 46-12-201."

**Section 2.** Section 46-17-203, MCA, is amended to read:

A defendant must be informed of the waiver before the plea is accepted, and the justice or judge shall question the defendant to ensure that the plea and waiver are entered voluntarily.

(b) A defendant who claims that a plea of guilty or nolo contendere was not entered voluntarily may move to withdraw the plea. If the motion to withdraw is denied, the defendant may, within 90 days of the denial of the motion, appeal the denial of a motion to withdraw the plea to district court. The district court may order the office of state public defender, provided for in 47-1-201, to assign counsel pursuant to the Montana Public Defender Act, Title 47, chapter 1, hold a hearing, and enter appropriate findings of fact, conclusions of law, and a decision affirming or reversing the denial of the defendant's motion to withdraw the plea by the court of limited jurisdiction. The district court may remand the case, or the defendant may appeal the decision of the district court.

(c) Except as provided in subsection (7)(b), if the county, city, or town does not operate or use a victim and witness advocate program, all charges collected under subsection (1)(c) must be paid to the crime victims compensation and assistance program in the department of justice for deposit in the state general fund to be used to provide services to crime victims as provided in Title 53, chapter 9, part 1."

A revocation under this section must be for the period of suspension or revocation set forth:

(2) Except when otherwise provided or restricted by statute, a person whose driver's license is suspended or revoked by the department, unless the suspension or revocation was for an offense under 61-8-401*,* ~~or~~ 61-8-406, *or*

*[section 1],* may participate in any driver rehabilitation and improvement program established under this section if the person's license is:

(i) completed at least 3 months of a 1-year revocation; or

(ii) completed 1 year of a 3-year revocation; and

(3) Notwithstanding any provision of this part inconsistent with any other law of the state of Montana, the enforcement of any suspension or revocation order that constitutes the basis for any person's participation in the driver rehabilitation and improvement program provided for in this section may be stayed if that person complies with the requirements established for the driver rehabilitation and improvement program and meets the eligibility requirements of subsection (2).

(8) A person may be referred to this program by a driver improvement analyst, city judge, justice of the peace, youth court judge, judge of a district court of the state, or hearing examiner of the department.

(9) (a) Except as provided in subsection (9)(b), the department may issue a restricted probationary license to any person who enrolls and participates in the driver rehabilitation and improvement program. Upon issuance of a probationary license under this section, the licensee is subject to the restrictions set forth on the license.

(3) A revocation under subsections (1)(a), (1)(b), and (1)(d) through (1)(f) must be for a period of 1 year. A revocation under subsection (1)(c) must be for a period of 2 years if the offender received a felony conviction under 61-7-103.

(4) (a) Except as provided in subsections (4)(b) and (4)(c), a suspension under subsection (2) must be for a period of 1 year.

(b) A suspension under subsection (2)(a) must be for the period set forth in 61-5-208.

(2) (a) Except as provided in 44-4-1205 and 61-2-302 and except as otherwise provided in this section, a person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked may not have the license, endorsement, or privilege renewed or restored until the revocation or suspension period has been completed.

(b) Subject to 61-5-231 and except as provided in subsection (4) of this section:

(i) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a first offense of violating 61-8-401, ~~or~~ 61-8-406, *or [section 1],* the department shall suspend the driver's license or driving privilege of the person for a period of 6 months;

(ii) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a second offense of violating 61-8-401, ~~or~~ 61-8-406, *or [section 1]* within the time period specified in 61-8-734, the department shall suspend the driver's license or driving privilege of the person for a period of 1 year and may not issue a probationary license during the period of suspension unless the person completes at least 45 days of the 1-year suspension and the report of conviction includes a recommendation from the court that a probationary driver's license be issued subject to the requirements of 61-8-442. If the 1-year suspension period passes and the person has not completed a chemical dependency education course, treatment, or both, as required under 61-8-732, the license suspension remains in effect until the course or treatment, or both, are completed.

(iii) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a third or subsequent offense of violating 61-8-401, ~~or~~ 61-8-406, *or [section 1]* within the time period specified in 61-8-734, the department shall suspend the driver's license or driving privilege of the person for a period of 1 year and may not issue a probationary license during the period of suspension unless the person completes at least 90 days of the 1-year suspension and the report of conviction includes a recommendation from the court that a probationary driver's license be issued subject to the requirements of 61-8-442. If the 1-year suspension period passes and the person has not completed a chemical dependency education course or treatment, or both, as required under 61-8-732, the license suspension remains in effect until the course or treatment, or both, are completed.

(3) (a) Except as provided in subsection (3)(b), the period of suspension or revocation for a person convicted of any offense that makes mandatory the suspension or revocation of the person's driver's license commences from the date of conviction or forfeiture of bail.

(b) A suspension commences from the last day of the prior suspension or revocation period if the suspension is for a conviction of driving with a suspended or revoked license.

(4) If a person is convicted of a violation of 61-8-401, ~~or~~ 61-8-406, *or [section 1]* while operating a commercial motor vehicle, the department shall suspend the person's driver's license as provided in 61-8-802.

(5) (a) A driver's license that is issued after a license revocation to a person described in subsection (5)(b) must be clearly marked with a notation that conveys the term of the person's probation restrictions.

(b) The provisions of subsection (5)(a) apply to a license issued to a person for whom a court has reported a felony conviction under 61-8-731, the judgment for which has as a condition of probation that the person may not operate a motor vehicle unless:

(i) operation is authorized by the person's probation officer; or

(ii) a motor vehicle operated by the person is equipped with an ignition interlock device."

**Section 10.** Section 61-5-212, MCA, is amended to read:

**"61-5-212. Driving while license suspended or revoked — penalty — second offense of driving without valid license or licensing exemption**

**— seizure of vehicle or rendering vehicle inoperable.** (1) (a) A person commits the offense of driving a motor vehicle without a valid license or without statutory exemption or during a suspension or revocation period if the person drives:

(i) a motor vehicle on any public highway of this state at a time when the person's privilege to drive or apply for and be issued a driver's license is suspended or revoked in this state or any other state;

(ii) a commercial motor vehicle while the person's commercial driver's license is revoked, suspended, or canceled in this state or any other state or the person is disqualified from operating a commercial motor vehicle or from obtaining a commercial driver's license; or

(iii) a motor vehicle on any public highway of this state without possessing a valid driver's license, as provided in 61-5-102, or without proof of a statutory exemption, as provided in 61-5-104.

(b) (i) Except as provided in subsection (1)(b)(ii), a person convicted of the offense of driving a motor vehicle without a valid driver's license or without proof of a statutory exemption for the second time or driving during a suspension or revocation period shall be punished by imprisonment for not less than 2 days or more than 6 months and may be fined not more than $500.

(ii) If the reason for the suspension or revocation was that the person was convicted of a violation of 61-8-401*,* ~~or~~ 61-8-406*, or [section 1]* or a similar offense under the laws of any other state or the suspension was under 61-8-402 or 61-8-409 or a similar law of any other state for refusal to take a test for alcohol or drugs requested by a peace officer who believed that the person might be driving under the influence, the person shall be punished by imprisonment for a term of not less than 2 days or more than 6 months or a fine not to exceed $2,000, or both, and in addition, the court may order the person to perform up to 40 hours of community service.

(2) (a) Upon receiving a record of the conviction of any person under this section upon a charge of driving a noncommercial vehicle while the person's driver's license, privilege to drive, or privilege to apply for and be issued a driver's license was suspended or revoked, the department shall extend the period of suspension or revocation for an additional 1-year period.

(b) Upon receiving a record of the conviction of any person under this section upon a charge of driving a commercial motor vehicle while the person's commercial driver's license was revoked, suspended, or canceled or the person was disqualified from operating a commercial motor vehicle under federal regulations, the department shall suspend the person's commercial driver's license in accordance with 61-8-802.

(3) The vehicle owned and operated at the time of an offense under this section by a person whose driver's license is suspended for violating the provisions of 61-8-401, 61-8-402, 61-8-406, 61-8-409, ~~or~~ 61-8-410*, or [section 1]* must, upon a person's first conviction, be seized or rendered inoperable by the county sheriff of the convicted person's county of residence for a period of 30 days.

(4) The sentencing court shall order the action provided for under subsection (3) and shall specify the date on which the vehicle is to be returned or again rendered operable. The vehicle must be seized or rendered inoperable by the sheriff within 10 days after the conviction.

(5) A convicted person is responsible for all costs associated with actions taken under subsection (3). Joint ownership of the vehicle with another person

does not prohibit the actions required by subsection (3) unless the sentencing court determines that those actions would constitute an extreme hardship on a joint owner who is determined to be without fault.

(6) A court may not suspend or defer imposition of penalties provided by this section."

**Section 11.** Section 61-5-231, MCA, is amended to read:

**"61-5-231. Authorization of probationary license by DUI court — definition.** (1) If a person convicted of a second or subsequent misdemeanor offense of driving under the influence of alcohol or drugs under 61-8-401 *or [section 1]* or driving with excessive alcohol concentration under 61-8-406 is participating in a DUI court, the court may, in the court's discretion, authorize a probationary driver's license for the participant subject to 61-8-442 and any other conditions imposed within the scope of the court's authority.

(2) If the participant fails to comply with the court's conditions, the court may revoke the probationary driver's license and impose a driver's license suspension for the time period established pursuant to 61-5-208 commencing from the date of the court's revocation of the probationary license.

(3) For purposes of this section, "DUI court" means any court that has established a special docket for handling cases involving persons charged with violations under 61-8-401*,* ~~or~~ 61-8-406*, or [section 1]* and that implements a program of incentives and sanctions intended to assist a participant in completing treatment ordered pursuant to 61-8-732 and ending the participant's criminal behavior associated with driving under the influence of alcohol or drugs or with excessive alcohol concentration."

**Section 12.** Section 61-8-401, MCA, is amended to read:

**"61-8-401. Driving under influence of alcohol or drugs — definitions.** (1) It is unlawful and punishable, as provided in 61-8-442, 61-8-714, and 61-8-731 through 61-8-734, for a person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a dangerous drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any dangerous or other drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) (a) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate a vehicle has been diminished.

(b) Subject to 61-8-440, as used in this part, "vehicle" has the meaning provided in 61-1-101, except that the term does not include a bicycle.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the

person's blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than 0.08, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.08 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, *[section 1],* 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406*, [section 1],* and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(7) Absolute liability as provided in 45-2-104 ~~will be~~ *is* imposed for a violation of this section."

**Section 13.** Section 61-8-402, MCA, is amended to read:

**"61-8-402. Implied consent — blood or breath tests for alcohol, drugs, or both — refusal to submit to test — administrative license suspension.** (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a test or tests of the person's blood or breath for the purpose of determining any measured amount or detected presence of alcohol or drugs in the person's body.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401 or 61-8-465;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle:

(A) in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage;

(B) involved in a motor vehicle accident or collision resulting in serious bodily injury, as defined in 45-2-101, or death; or

(C) in violation of 61-8-465.

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests may not be given except as provided in subsection (5), but the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (7).

(5) If the arrested person has refused to provide a breath, blood, or urine sample under 61-8-409 or this section in a prior investigation in this state or under a substantially similar statute in another jurisdiction or the arrested person has a prior conviction or pending offense for a violation of 45-5-104, 45-5-106, 45-5-205, 61-8-401, ~~or~~ 61-8-406*, or [section 1]* or a similar statute in another jurisdiction, the officer may apply for a search warrant to be issued pursuant to 46-5-224 to collect a sample of the person's blood for testing.

(6) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension and the right to a hearing provided in 61-8-403.

(7) (a) Except as provided in subsection (7)(b), the following suspension periods are applicable upon refusal to submit to one or more tests:

(i) upon a first refusal, a suspension of 6 months with no provision for a restricted probationary license;

(ii) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a suspension of 1 year with no provision for a restricted probationary license.

(b) If a person who refuses to submit to one or more tests under this section is the holder of a commercial driver's license, in addition to any action taken against the driver's noncommercial driving privileges, the department shall:

(i) upon a first refusal, suspend the person's commercial driver's license for a 1-year period; and

(ii) upon a second or subsequent refusal, suspend the person's commercial driver's license for life, subject to department rules adopted to implement federal rules allowing for license reinstatement, if the person is otherwise eligible, upon completion of a minimum suspension period of 10 years. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection (7)(b).

(8) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(9) The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or an order issued by a tribal court suspending, revoking, or reinstating a license or adjudicating a license seizure if the actions are conducted pursuant to tribal law

or regulation requiring alcohol or drug testing of motor vehicle operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

(10) A suspension under this section is subject to review as provided in this part.

(11) This section does not apply to tests, samples, and analyses of blood or breath used for purposes of medical treatment or care of an injured motorist, related to a lawful seizure for a suspected violation of an offense not in this part, or performed pursuant to a search warrant.

(12) This section does not prohibit the release of information obtained from tests, samples, and analyses of blood or breath for law enforcement purposes as provided in 46-4-301 and 61-8-405(6)."

**Section 14.** Section 61-8-404, MCA, is amended to read:

**"61-8-404. Evidence admissible — conditions of admissibility.** (1) Upon the trial of a criminal action or other proceeding arising out of acts alleged to have been committed by a person in violation of 61-8-401, 61-8-406, 61-8-410, *[section 1],* 61-8-465, or 61-8-805:

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests under 61-8-402, whether or not a sample was subsequently collected for any purpose, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs."

**Section 15.** Section 61-8-405, MCA, is amended to read:

**"61-8-405. Administration of tests.** (1) Only a physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse may, at the request of a peace officer, withdraw blood for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. This limitation does not apply to the sampling of breath.

(2) In addition to any test administered at the direction of a peace officer, a person may request that an independent blood sample be drawn by a physician or registered nurse for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. The peace officer may not unreasonably impede the person's right to obtain an independent blood test. The officer may but has no duty to transport the person to a medical facility or otherwise assist the person in obtaining the test. The cost of an independent blood test is the sole responsibility of the person requesting the test. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of any test given at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning any test given at the direction of the peace officer must be made available to the person or the person's attorney.

(4) A physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse does not incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer a test.

(5) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary.

(6) If a peace officer has probable cause to believe that a person has violated 61-8-401, 61-8-406, 61-8-410, *[section 1],* or 61-8-805 and a sample of blood, breath, urine, or other bodily substance is taken from that person for any reason, a portion of that sample sufficient for analysis must be provided to a peace officer if requested for law enforcement purposes and upon issuance of a subpoena as provided in 46-4-301."

**Section 16.** Section 61-8-408, MCA, is amended to read:

**"61-8-408. Multiple convictions prohibited.** When the same acts may establish the commission of an offense under ~~both~~ 61-8-401 and 61-8-406 *or 61-8-401 and [section 1]*, a person charged with the conduct may be prosecuted for a violation of ~~both~~ 61-8-401 and 61-8-406 *or 61-8-401 and [section 1].* However, the person may ~~only~~ be convicted of ~~an~~ *only one* offense under ~~either~~ 61-8-401*,* ~~or~~ 61-8-406*, or [section 1]*."

**Section 17.** Section 61-8-421, MCA, is amended to read:

(2) Forfeiture proceedings under 44-12-201(1) must be instituted by the arresting agency within 20 days after the seizure of the motor vehicle.

(3) For purposes of 44-12-203 and 44-12-204, there is a rebuttable presumption of forfeiture. The owner of the motor vehicle may rebut the

presumption by proving a defense under 61-8-733(2) or by proving that the owner was not convicted of a second or subsequent offense under 61-8-401, ~~or~~ 61-8-406, *or [section 1]*. It is not a defense that the convicted person owns the motor vehicle jointly with another person.

(4) (a) For purposes of 44-12-206, the proceeds of the sale of the motor vehicle must be distributed first to the holders of security interests who have presented proper proof of their claims, up to the amount of the interests or the amount received from the sale, whichever is less, and the remainder to the general fund of the arresting agency.

(b) A holder of a security interest may petition the sentencing court for transfer of title to the motor vehicle to the holder of the security interest if the secured interest is equal to or greater than the estimated value of the motor vehicle.

(5) Actions the court may take under 44-12-205(3) to protect the rights of innocent persons include return of the motor vehicle without a sale to an owner who is unable to present an adequate defense under this section but is found by the court to be without fault."

(b) order that each motor vehicle owned by the person at the time of the offense be seized and subjected to the forfeiture procedure provided under 61-8-421.

(3) Any restriction imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person's driving record maintained by the department in accordance with 61-11-102.

(4) The duration of a restriction imposed under this section must be monitored by the department."

(2) The sentencing judge may, in the judge's discretion, require the defendant to complete the chemical dependency assessment prior to sentencing the defendant. If the assessment is not ordered or completed before sentencing, the judge shall order the chemical dependency assessment as part of the sentence.

(3) The chemical dependency assessment and the chemical dependency education course must be completed at a treatment program approved by the department of public health and human services and must be conducted by a licensed addiction counselor. The defendant shall pay the cost of the assessment, the education course, and chemical dependency treatment.

(4) The assessment must describe the defendant's level of addiction, if any, and contain a recommendation as to education, treatment, or both. A defendant who disagrees with the initial assessment may, at the defendant's cost, obtain a second assessment provided by a licensed addiction counselor or a program approved by the department of public health and human services.

(5) The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a licensed addiction counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. (b) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction, unless the offense is the offender's fourth or subsequent offense, in which case all previous convictions must be used for sentencing purposes.

(c) A previous conviction under 61-8-714 or 61-8-722 for violation of 61-8-401, ~~or~~ 61-8-406*, or [section 1]* may be counted for purposes of determining the number of a subsequent conviction for violation of ~~either~~ 61-8-401, ~~or~~ 61-8-406*, or [section 1]*.

(2) Except as provided in 61-8-731, the court may order that a term of imprisonment imposed under 61-8-714, 61-8-722, or 61-8-731 be served in another facility made available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(3) Subject to the limitations set forth in 61-8-714 and 61-8-722 concerning minimum periods of imprisonment, the court may order that a term of imprisonment imposed under either section be served by imprisonment under home arrest, as provided in Title 46, chapter 18, part 10.

(4) A court may not defer imposition of sentence under 61-8-714, 61-8-722, or 61-8-731.

(5) The provisions of 61-2-107, 61-5-205(2), and 61-5-208(2), relating to suspension of driver's licenses and later reinstatement of driving privileges, apply to any conviction under 61-8-714 or 61-8-722 for a violation of 61-8-401, ~~or~~ 61-8-406*, or [section 1]*."

**Section 25.** Section 61-8-741, MCA, is amended to read:

**"61-8-741. Suspension of imprisonment sentence for DUI court participation — DUI court defined.** (1) If a person participates in a DUI court, the court may, at the court's discretion, suspend all or a portion of an imprisonment sentence under 61-8-714 or 61-8-722, except for the mandatory minimum imprisonment term.

(2) If a person participating in a DUI court fails to comply with the conditions imposed by the DUI court, the court shall revoke the suspended imprisonment sentence and any sentence subsequently imposed must commence from the effective date of the revocation.

(3) For purposes of this section, "DUI court" means any court that has established a special docket for handling cases involving persons convicted under 61-8-401, ~~or~~ 61-8-406*, or [section 1]* and that implements a program of incentives and sanctions intended to assist a participant to complete treatment ordered pursuant to 61-8-732 and to end the participant's criminal behavior associated with driving under the influence of drugs or alcohol or with excessive blood alcohol concentration."

**Section 26.** Section 61-11-101, MCA, is amended to read:

**"61-11-101. Report of convictions and suspension or revocation of driver's licenses — surrender of licenses.** (1) If a person is convicted of an offense for which chapter 5 or chapter 8, part 8, makes mandatory the suspension or revocation of the driver's license or commercial driver's license of the person by the department, the court in which the conviction occurs shall require the surrender to it of all driver's licenses then held by the convicted person. The court shall, within 5 days after the conviction becomes final, forward the license and a record of the conviction to the department. If the

person does not possess a driver's license, the court shall indicate that fact in its report to the department.

(2) A court having jurisdiction over offenses committed under a statute of this state or a municipal ordinance regulating the operation of motor vehicles on highways, except for standing or parking statutes or ordinances, shall forward a record of the conviction, as defined in 61-5-213, to the department within 5 days after the conviction becomes final. The court may recommend that the department issue a restricted probationary license on the condition that the individual comply with the requirement that the person attend and complete a chemical dependency education course, treatment, or both, as ordered by the court under 61-8-732.

(3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(4) A conviction becomes final for the purposes of this part upon the later of:

(a) expiration of the time for appeal of the court's judgment or sentence to the next highest court;

(b) forfeiture of bail that is not vacated; or

(c) imposition of a fine or court cost as a condition of a deferred imposition of a sentence or a suspended execution of a sentence.

(5) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver's license or who is required to hold a commercial driver's license, a court may not take any action, including deferring imposition of judgment, that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person's driving record. The provisions of this subsection (5)(a) apply only to the conviction of a person who holds a commercial driver's license or who is required to hold a commercial driver's license and do not apply to the conviction of a person who holds any other type of driver's license.

(b) For purposes of this subsection (5), "who is required to hold a commercial driver's license" refers to a person who did not have a commercial driver's license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).

(6) (a) If a person who holds a valid registry identification card issued pursuant to 50-46-307 or 50-46-308 is convicted of or pleads guilty to any offense related to driving under the influence of alcohol or drugs when the initial offense with which the person was charged was a violation of 61-8-401, 61-8-406, ~~or~~ 61-8-410, *or [section 1],* the court in which the conviction occurs shall require the person to surrender the registry identification card.

(b) Within 5 days after the conviction becomes final, the court shall forward the registry identification card and a copy of the conviction to the department of public health and human services."

**Section 27. Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 61, chapter 8, part 4, and the provisions of Title 61, chapter 8, part 4, apply to [section 1].

(b) (i) A small employer carrier shall issue all plans marketed under this part to any eligible small employer that applies for a plan and agrees to make the

required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with this part.

(ii) In the case of a small employer carrier that establishes more than one class of business pursuant to 33-22-1808, the small employer carrier shall maintain and offer to eligible small employers all plans marketed under this part in each established class of business. A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business, provided that:

(A) the criteria are not intended to discourage or prevent acceptance of small employers applying for a health benefit plan;

(B) the criteria are not related to the health status or claims experience of the small employers' employees;

(C) the criteria are applied consistently to all small employers that apply for coverage in that class of business; and

(D) the small employer carrier provides for the acceptance of all eligible small employers into one or more classes of business.

(iii) The provisions of subsection (1)(b)(ii) may not be applied to a class of business into which the small employer carrier is no longer enrolling new small businesses.

~~(c) A small employer carrier that elects not to comply with the requirements of subsections (1)(a) and (1)(b) may continue to provide coverage under health benefit plans previously issued to small employers in this state for a period of no more than 7 years from October 1, 1995, if the carrier:~~

~~(i) complies with all other applicable provisions of this part, except 33-22-1810, 33-22-1813, and subsections (2) through (4) of this section;~~

~~(ii) does not amend or alter the benefits and coverages of the previously issued health benefit plans unless required to do so by law or rule; and~~

~~(iii) complies with all applicable provisions of Public Law 104-191.~~

(2) (a) A small employer carrier shall, pursuant to 33-1-501, file the basic health benefit plans and the standard health benefit plans to be used by the small employer carrier.

(b) The commissioner may at any time, after providing notice and an opportunity for a hearing to the small employer carrier, disapprove the continued use by a small employer carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this part.

(3) Health benefit plans covering small employers must comply with the following provisions:

(a) A health benefit plan may not:

(i) because of a preexisting condition, deny, exclude, or limit benefits for a covered individual for losses incurred more than 12 months following the individual's enrollment date. A health benefit plan may not define a preexisting condition exclusion more restrictively than 33-22-140.

(ii) use a preexisting condition exclusion more restrictive than exclusions allowed under 33-22-514.

(b) A health benefit plan must waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services for the period of time that an individual was previously covered by creditable coverage that provided benefits with respect to those services if the creditable coverage was continuous to a date not more than 63 days prior to the submission of an application for new coverage. A health benefit plan may

determine waivers of time periods applicable to preexisting condition exclusions or limitations on the basis of prior coverage of benefits within each of several classes or categories as specified in regulations implementing Public Law 104-191, rather than as provided in this subsection (3)(b). This subsection (3)(b) does not preclude application of any waiting period applicable to all new enrollees under the health benefit plan.

(c) A health benefit plan may exclude coverage for late enrollees for 18 months or for an 18-month preexisting condition exclusion, provided that if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed 18 months from the date on which the individual enrolls for coverage under the health benefit plan.

(d) (i) Requirements used by a small employer carrier in determining whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, must be applied uniformly among all small employers that have the same number of eligible employees and that apply for coverage or receive coverage from the small employer carrier. For the purpose of meeting minimum participation requirements of groups of four or more, a small employer carrier may not consider employees who, because they are covered under another health plan, waive coverage under the small employer's plan as part of the group of eligible employees. However, a small employer carrier may require at least two eligible employees to participate in a plan.

(ii) A small employer carrier may vary the application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.

(e) (i) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a small employer group or only to part of the group, except in the case of late enrollees as provided in subsection (3)(c).

(ii) A small employer carrier may not modify a plan marketed under this part with respect to a small employer or any eligible employee or dependent, through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

(iii) A small employer carrier shall secure a waiver of coverage from each eligible employee who declines, at the sole discretion of the eligible employee, an offer of coverage under a health benefit plan provided by the small employer. The waiver must be signed by the eligible employee and must certify that the employee was informed of the availability of coverage under the health benefit plan and of the penalties for late enrollment. The waiver may not require the eligible employee to disclose the reasons for declining coverage.

(iv) A small employer carrier may not issue coverage to a small employer if the carrier or a producer for the carrier has evidence that the small employer induced or pressured an eligible employee to decline coverage due to the health status or risk characteristics of the eligible employee or of the dependents of the eligible employee.

(4) (a) A small employer carrier may not be required to offer coverage or accept applications pursuant to subsection (1) in the case of the following:

(i) to an employer whose employees do not work or reside within the small employer carrier's established geographic service area for a network plan, as defined in 33-22-140; or

(ii) within an area where the small employer carrier reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have the capacity within its established geographic service area to deliver service adequately to the members of a group because of its obligations to existing group policyholders and enrollees. The small employer carrier may not deny coverage under this subsection unless the small employer carrier acts uniformly without regard to claims experience or health status-related factors of employers, employees, or dependents.

(b) A small employer carrier may not be required to provide coverage to small employers pursuant to subsection (1) for which the commissioner determines that the small employer carrier does not have the financial reserves necessary to underwrite additional coverage and that the small employer carrier has denied coverage of small employers uniformly throughout the state and without regard to the claims experience and health status-related factors of the applicant small employer groups. The small employer carrier exempted from providing coverage under this subsection may not offer coverage to small employer groups in this state for 180 days after the date on which coverage is denied or until the small employer carrier has demonstrated to the commissioner that the small employer carrier has sufficient financial reserves to underwrite additional coverage, whichever is later."

**"33-28-301. Protected cell captive insurance company.** (1) One or more sponsors may form a protected cell captive insurance company, which may be incorporated or unincorporated.

(2) A protected cell captive insurance company formed or licensed under the provisions of this chapter is subject to the following:

(a) (i) A protected cell captive insurance company may establish one or more protected cells with the prior written approval of the commissioner of a plan of operation or amendments submitted by the protected cell captive insurance company with respect to each protected cell.

(ii) Upon the written approval of the commissioner of the plan of operation, which must include but is not limited to the specific business objectives and investment guidelines of the protected cell, the protected cell captive insurance company in accordance with the approved plan of operation may attribute to the protected cell insurance obligations with respect to its insurance business.

(iii) A protected cell must have its own distinct name or designation that must include the words "protected cell" or "incorporated cell".

(iv) The protected cell captive insurance company shall transfer all assets attributable to a protected cell to one or more separately established and identified protected cell accounts bearing the name or designation of that protected cell. Protected cell assets must be held in the protected cell accounts for the purpose of satisfying the obligations of that protected cell.

(v) An incorporated protected cell may be organized and operated in any form of business organization authorized by the commissioner. Each incorporated protected cell of a protected cell captive insurance company must be treated as a captive insurance company for purposes of this chapter, except for the application of 33-28-201. Unless otherwise permitted by the articles of incorporation or other organizational document of a protected cell captive insurance company, each incorporated protected cell of the protected cell

captive insurance company must have the same directors, secretary, and registered office as the protected cell captive insurance company.

Amounts attributed to a protected cell under this chapter, including assets transferred to a protected cell account, are owned by the protected cell, and the protected cell captive insurance company may not be a trustee or hold itself out to be a trustee with respect to those protected cell assets of that protected cell account. A protected cell captive insurance company may allow for a security interest to attach to protected cell assets or a protected cell account when the security interest is in favor of a creditor of the protected cell and is otherwise allowed under applicable law.

(A) separate and separately identifiable from the assets and liabilities of the protected cell captive insurance company's general account; and

(B) attributable to one protected cell separate and separately identifiable from protected cell assets and protected cell liabilities attributable to other protected cells.

(ii) If the provisions of this subsection (2)(e) are violated, the remedy of tracing is applicable to protected cell assets commingled with protected cell assets of other protected cells or the assets of the protected cell captive insurance company's general account. The remedy of tracing may not be construed as an exclusive remedy.

(f) When establishing a protected cell, the protected cell captive insurance company shall attribute to the protected cell assets with a value at least equal to the reserves attributed to that protected cell.

(3) Each protected cell must be accounted for separately on the books and records of the protected cell captive insurance company to reflect the financial condition and result of operations of the protected cell, including but not limited to the net income or loss, dividends or other distributions to participants, and

any other factor provided in the participant contract or required by the commissioner.

(4) The assets of a protected cell may not be chargeable with liabilities arising from any other insurance business of the protected cell captive insurance company.

(5) A sale, exchange, or other transfer of assets may not be made by a protected cell captive insurance company among any of its protected cells without the consent of the participants of each affected protected cell.

(6) A sale, exchange, transfer of assets, dividend, or distribution may not be made from a protected cell to a sponsor or a participant without the commissioner's prior written approval, which may not be given if the sale, exchange, transfer, dividend, or distribution would result in insolvency or impairment with respect to the protected cell.

(7) Each protected cell captive insurance company shall file annually with the commissioner any financial reports required by the commissioner and shall include, without limitation, accounting statements detailing the financial experience of each protected cell.

(8) Each protected cell captive insurance company shall notify the commissioner in writing within 20 business days from the time that a protected cell has become impaired or insolvent or is otherwise unable to meets its claim or expense obligations.

(9) A participant contract may not take effect without the commissioner's prior written approval.

(10) An addition of each new protected cell or the withdrawal of any participant of an existing protected cell constitutes a change in the business plan of the protected cell captive insurance company and may not be effective without the commissioner's prior written approval.

(11) The business written by a protected cell captive insurance company, with respect to each cell, must be~~:~~

~~(a)~~ fronted by an insurance company licensed under the laws of any state *or approved by the commissioner*~~;~~

~~(b) reinsured by a reinsurer authorized or approved by the commissioner; or~~

~~(c) secured by a trust fund in the United States for the benefit of policyholders and claimants, which must be funded by an irrevocable letter of credit or other asset that is acceptable to the commissioner, and with the following requirements:~~

# CHAPTER NO. 170

[HB 194]

AN ACT INCREASING THE CONTRACT AMOUNT FOR WHICH A LOCAL GOVERNMENT PROJECT MUST BE PUT TO A BID IF THE PROJECT IS FUNDED WITH GASOLINE TAXES; AMENDING 15-70-101, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 15-70-101, MCA, is amended to read:

**"15-70-101. Disposition of funds.** (1) All taxes collected under this chapter must, in accordance with the provisions of 17-2-124, be placed in a highway revenue account in the state special revenue fund to the credit of the department of transportation. All interest and income earned on the account must be deposited to the credit of the account and any unexpended balance in the account must remain in the account. Those funds allocated to cities, towns, counties, and consolidated city-county governments in this section must, in accordance with the provisions of 17-2-124, be paid by the department of transportation from the state special revenue fund to the cities, towns, counties, and consolidated city-county governments.

(2) The amount of $16,766,000 of the taxes collected under this chapter is statutorily appropriated, as provided in 17-7-502, to the department of transportation and must be allocated each fiscal year on a monthly basis to the counties, incorporated cities and towns, and consolidated city-county governments in Montana for construction, reconstruction, maintenance, and

repair of rural roads and city or town streets and alleys, as provided in subsections (2)(a) through (2)(c):

(a) The amount of $100,000 must be designated for the purposes and functions of the Montana local technical assistance transportation program in Bozeman.

(b) The amount of $6,306,000 must be divided among the various counties in the following manner:

(i) 40% in the ratio that the rural road mileage in each county, exclusive of the national highway system and the primary system, bears to the total rural road mileage in the state, exclusive of the national highway system and the primary system;

(ii) 40% in the ratio that the rural population in each county outside incorporated cities and towns bears to the total rural population in the state outside incorporated cities and towns;

(iii) 20% in the ratio that the land area of each county bears to the total land area of the state.

(c) The amount of $10,360,000 must be divided among the incorporated cities and towns in the following manner:

(i) 50% of the sum in the ratio that the population within the corporate limits of the city or town bears to the total population within corporate limits of all the cities and towns in Montana;

(ii) 50% in the ratio that the city or town street and alley mileage, exclusive of the national highway system and the primary system, within corporate limits bears to the total street and alley mileage, exclusive of the national highway system and primary system, within the corporate limits of all cities and towns in Montana.

(3) (a) For the purpose of allocating the funds in subsections (2)(b) and (2)(c) to a consolidated city-county government, each entity must be considered to have separate city and county boundaries. The city limit boundaries are the last official city limit boundaries for the former city unless revised boundaries based on the location of the urban area have been approved by the department of transportation and must be used to determine city and county populations and road mileages in the following manner:

(i) Percentage factors must be calculated to determine separate populations for the city and rural county by using the last official decennial federal census population figures that recognized an incorporated city and the rural county. The factors must be based on the ratio of the city to the rural county population, considering the total population in the county minus the population of any other incorporated city or town in the county.

(ii) The city and county populations must be calculated by multiplying the total county population, as determined by the latest official decennial census or the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census, minus the population of any other incorporated city or town in that county, by the factors established in subsection (3)(a)(i).

(b) The amount allocated by this method for the city and the county must be combined, and single monthly payments must be made to the consolidated city-county government.

(4) All funds allocated by this section to counties, cities, towns, and consolidated city-county governments must be used for the construction, reconstruction, maintenance, and repair of rural roads or city or town streets

and alleys or for the share that the city, town, county, or consolidated city-county government might otherwise expend for proportionate matching of federal funds allocated for the construction of roads or streets that are part of the primary or secondary highway system or urban extensions to those systems. The governing body of a town or third-class city, as defined in 7-1-4111, may each year expend no more than 25% of the funds allocated to that town or third-class city for the purchase of capital equipment and supplies to be used for the maintenance and repair of town or third-class city streets and alleys. The governing body of a town or third-class city may place all or a part of the 25% in a restricted asset account within the gas tax apportionment fund that is carried forward until there is a need for the expenditure.

(5) All funds allocated by this section to counties, cities, towns, and consolidated city-county governments must be disbursed to the lowest responsible bidder according to applicable bidding procedures followed in all cases in which the contract for construction, reconstruction, maintenance, or repair is in excess of ~~$25,000~~ *the amounts provided in 7-5-2301 and 7-5-4302.*

(6) For the purposes of this section in which distribution of funds is made on a basis related to population, the population must be determined annually for counties and biennially for cities according to the latest official decennial census or the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(7) For the purposes of this section in which determination of mileage is necessary for distribution of funds, it is the responsibility of the cities, towns, counties, and consolidated city-county governments to furnish to the department of transportation a yearly certified statement indicating the total mileage within their respective areas applicable to this chapter. All mileage submitted is subject to review and approval by the department of transportation.

(8) Except by a town or third-class city as provided in subsection (4), the funds authorized by this section may not be used for the purchase of capital equipment.

(9) Funds authorized by this section must be used for construction and maintenance programs."

**Section 2. Effective date.** [This act] is effective July 1, 2013.

Approved April 9, 2013

[HB 323]

AN ACT ADDING LIVESTOCK LOSSES DUE TO GRIZZLY BEAR PREDATION TO THE LIVESTOCK LOSS PROGRAMS; AND AMENDING SECTIONS 2-15-3110, 2-15-3111, 2-15-3112, 2-15-3113, AND 81-1-110, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 2-15-3110, MCA, is amended to read:

**"2-15-3110. Livestock loss board — purpose, membership, and qualifications.** (1) There is a livestock loss board. The purpose of the board is to administer the programs called for in the Montana gray wolf *and grizzly bear* management ~~plan~~ *plans* and established in 2-15-3111 through 2-15-3113, with funds provided through the accounts established in 81-1-110, in order to minimize losses caused by wolves *and grizzly bears* to livestock producers and to reimburse livestock producers for livestock losses from wolf *and grizzly bear* predation.

(2) The board consists of seven members, appointed by the governor, as follows:

(a) three members from a list of names recommended by the board of livestock;

(b) three members from a list of names recommended by the fish, wildlife, and parks commission; and

(c) one member of the general public.

(3) Each board member must have knowledge of or have experience in at least one of the following:

(a) the raising of livestock in Montana;

(b) livestock marketing, valuations, sales, or breeding associations;

(c) the interaction of wolves *and grizzly bears* with livestock and livestock mortality caused by wolves *and grizzly bears*;

(d) wildlife conservation;

(e) administration; and

(f) fundraising.

(4) The board is designated as a quasi-judicial board for the purposes of 2-15-124. Notwithstanding the provisions of 2-15-124(1), the governor is not required to appoint an attorney to serve as a member of the board.

(5) The board is allocated to the department of livestock for administrative purposes only as provided in 2-15-121.

(6) The board shall adopt rules to implement the provisions of 2-15-3110 through 2-15-3114 and 81-1-110 through 81-1-112."

**Section 2.** Section 2-15-3111, MCA, is amended to read:

**"2-15-3111. Livestock loss reduction program.** The livestock loss board shall establish and administer a program to cost-share with individuals or incorporated entities in implementing measures to prevent wolf *and grizzly bear* predation on livestock, including:

(1) eligibility requirements for program participation;

(2) application procedures for program participation and procedures for awarding grants for wolf *and grizzly bear* predation prevention measures, subject to grant priorities and the availability of funds;

(3) criteria for the selection of projects and program participants, which may include establishment of grant priorities based on factors such as chronic depredation, multiple depredation incidents, single depredation incidents, and potential high-risk geographical or habitat location;

(4) grant guidelines for prevention measures on public and private lands, including:

(a) grant terms that clearly set out the obligations of the livestock producer and that provide for a term of up to 12 months subject to renewal based on availability of funds, satisfaction of program requirements, and prioritization of the project;

(b) cost-share for prevention measures, which may be a combination of grant and livestock producer responsibility, payable in cash or in appropriate services, such as labor to install or implement preventive measures, unless the board adjusts the cost-share because of extenuating circumstances related to chronic or multiple depredation; and

(c) proactive preventive measures, including but not limited to fencing, fladry, night penning, increased human presence in the form of livestock herders and riders, guard animals, providing hay and dog food, rental of private land or alternative pasture allotments, delayed turnouts, and other preventive measures as information on new or different successful prevention measures becomes available; and

(5) reporting requirements for program participants to assist in determining the effectiveness of loss reduction relative to each grant."

**Section 3.** Section 2-15-3112, MCA, is amended to read:

**"2-15-3112. Livestock loss mitigation program — definitions.** The livestock loss board shall establish and administer a program to reimburse livestock producers for livestock losses caused by wolves *and grizzly bears*, subject to the following provisions:

(1) The board shall establish eligibility requirements for reimbursement, which must provide that all Montana livestock producers are eligible for coverage for losses by wolves *and grizzly bears* to cattle, swine, horses, mules, sheep, goats, llamas, and livestock guard animals on state, federal, and private land and on tribal land that is eligible through agreement pursuant to 2-15-3113(2).

(2) Confirmed and probable livestock losses must be reimbursed at an amount not to exceed fair market value as determined by the board.

(3) Other losses may be reimbursed at rates determined by the board.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves *or grizzly bears* may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster's decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation. The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board. The board shall hold a hearing on the appeal within 90 days of receipt

of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board's decision.

(6) As used in this section, the following definitions apply:

(a) "Confirmed" means reasonable physical evidence that livestock was actually attacked or killed by a wolf *or grizzly bear*, including but not limited to the presence of bite marks indicative of the spacing of ~~canine~~ tooth punctures of wolves *or grizzly bears* and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or other physical evidence that allows a reasonable inference of wolf *or grizzly bear* predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, the average price paid to the specific breeder for sheep of similar age and sex during the past year at public or private sales for that registered breed;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, the average price paid to the owner for cattle of similar age and sex during the past year at public or private sales for that registered breed;

(vii) for other registered livestock, the average price paid to the producer at public or private sales for animals of similar age and sex. A producer may provide documentation that a registered animal has a fair market value in excess of the average price, in which case the board shall seek additional verification of the value of the animal from independent sources. If the board determines that the value of that animal is greater than the average price, then the increased value must be accepted as the fair market value for that animal.

(viii) for other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) "Probable" means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner's employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred."

**Section 4.** Section 2-15-3113, MCA, is amended to read:

**"2-15-3113. Additional powers and duties of livestock loss board.** (1) The livestock loss board shall:

(a) process claims;

(b) seek information necessary to ensure that claim documentation is complete;

(c) provide payments authorized by the board for confirmed and probable livestock losses, along with a written explanation of payment;

(d) submit monthly and annual reports to the board of livestock summarizing claims and expenditures and the results of action taken on claims and maintain files of all claims received, including supporting documentation;

(e) provide information to the board of livestock regarding appealed claims and implement any decision by the board;

(f) prepare the annual budget for the board; and

(g) provide proper documentation of staff time and expenditures.

(2) The livestock loss board may enter into an agreement with any Montana tribe, if the tribe has adopted a wolf *or grizzly bear* management plan for reservation lands that is consistent with the state wolf *or grizzly bear* management plan, to provide that tribal lands within reservation boundaries are eligible for mitigation grants pursuant to 2-15-3111 and that livestock losses on tribal lands within reservation boundaries are eligible for reimbursement payments pursuant to 2-15-3112.

(3) The livestock loss board shall:

(a) coordinate and share information with state, federal, and tribal officials, livestock producers, nongovernmental organizations, and the general public in an effort to reduce livestock losses caused by wolves *and grizzly bears*;

(b) establish an annual budget for the prevention, mitigation, and reimbursement of livestock losses caused by wolves *and grizzly bears*;

(c) perform or contract for the performance of periodic program audits and reviews of program expenditures, including payments to individuals, incorporated entities, and producers who receive loss reduction grants and reimbursement payments;

(d) adjudicate appeals of claims;

(e) investigate alternative or enhanced funding sources, including possible agreements with public entities and private wildlife or livestock organizations that have active livestock loss reimbursement programs in place;

(f) meet as necessary to conduct business; and

(g) report annually to the governor, the legislature, members of the Montana congressional delegation, the board of livestock, the fish, wildlife, and parks commission, and the public regarding results of the programs established in 2-15-3111 through 2-15-3113.

(4) The livestock loss board may sell or auction any wolf carcasses or parts of wolf carcasses received pursuant to 87-1-217. The proceeds, minus the costs of the sale including the preparation of the carcass or part of the carcass for sale, must be deposited into the livestock loss reduction and mitigation special revenue account established in 81-1-110(2)(a) and used for the purposes of 2-15-3111 through 2-15-3114."

**Section 5.** Section 81-1-110, MCA, is amended to read:

**"81-1-110. Livestock loss reduction and mitigation accounts.** (1) There are livestock loss reduction and mitigation special revenue accounts administered by the department within the state special revenue fund and the federal special revenue fund established in 17-2-102.

(2) (a) All state proceeds allocated or budgeted for the purposes of 2-15-3110 through 2-15-3114, 81-1-110, and 81-1-111, except those transferred to the

account provided for in 81-1-112 or appropriated to the department of livestock, must be deposited in the state special revenue account provided for in subsection (1) of this section.

(b) Money received by the state in the form of gifts, grants, reimbursements, or allocations from any source intended to be used for the purposes of 2-15-3111 through 2-15-3113 must be deposited in the appropriate account provided for in subsection (1) of this section.

(c) All federal funds awarded to the state for compensation for wolf *or grizzly bear* depredations on livestock must be deposited in the federal special revenue account provided for in subsection (1) for the purposes of 2-15-3112.

(3) The livestock loss board may spend funds in the accounts only to carry out the provisions of 2-15-3111 through 2-15-3113."

**Section 6. Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].
